ONE POWER CONSCIOUSNESS — NOW

One Power Consciousness

Volume 4

NOW

MANFRED H. E. ROHDE

I am searching for my way in life
I am sure to find it now,

Uncertainty there is and so much fear,
I keep looking for peace, because I care.

Searching for good, that is my way
Believing in two Powers;
Not I, I say nay, nay and nay.

Change is mine, it is my joy, my peace;
There is a way that comes with ease.

One Power Consciousness, God and good
It's mine, because I love, I care
I hold it with power and good cheer.

One Power Consciousness, it is my way,
A pearl of great value, I have it now,
And I tell you how.

Prologue

This is a good time, a time to take action, now. Many are searching for answers, but they do not know how. This is the time for the Divine Design of your life; it is your destiny it is here, it is now.

People of the world are ill at ease; they're looking at the NOW, and are disturbed indeed. The spirit of man is yearning to be set free; there are not many that are able to lead. There is the cry for change but lasting and positive change we cannot find. People are hungry for answers, for knowledge and for truth, for the faith that can preserve alive and give you youth.

Now is the time for change, change from lack and limitation. Change to a consciousness of super abundance of good. Change from a belief in two powers of good and bad to a belief in one power, God and good.

Rise, get up, and ready yourselves for action. Turn your fortunes around and embrace happiness with peace and poise, with love and goodwill. Reach out for the new spirit, the spirit that is from God, the Spirit of which was also in Jesus Christ. There is a way of one power, of God and good, it is calling out to you, embrace it NOW.

Foreword

Disclaimer

The writings of this book are not to be misinterpreted. They are not meant to change the world or the governments and its supporting organizations nor are these books to change the financial systems, the commercial establishment or the religions of this world. These writings are based on the belief that you cannot change another all you can do is changing yourself.

There Is A Way Of Peace

There is a way and that is the way of peace, it comes with joy, happiness, health, wealth and perfect self-expressions. This is the way for the future and you are to receive directions to find it now and make it your own. Man is at a cross road and people want to know where to find the way to real success, to real happiness?

There is a school of thought that wants you to believe that there is a way, when in fact, they have not found that way. People, at large, have been misled to believe that the powers that hold sway on the world scene have the knowledge, the insight and the wisdom to lead humanity with confidence into the future. They seem to indicate that they will bring peace, happiness and success to the vast majority of mankind. Our belief has to change and there is no better time than now. As we

behold governmental institutions failing to deliver a better dispensation, the urges to find a way out of this situation is becoming stronger now and a suitable roadmap into the future is more pressing than ever.

Bad Can Only Exist In The Consciousness Of Fallen Man

Here we want to remember that to man his way does not belong, it does not belong to man, who is walking, to direct his own footsteps. Over a period of 6000 years, of recorded history, we have been given ample proof that a belief in two powers, of God and evil, brings good and bad. However, bad has no principle and can always be destroyed by additional good. This brings to our attention that bad is not to be entertained, it is not supported by principle, it is nothing at all and it can only exist in the consciousness of fallen man. The question comes to the fore; why are we holding onto a belief system that does not serve us well? We need to change and that is now.

History Has Taught Us That To Man, His Way Does Not Belong

History has taught us that to man his way does not belong; it does not belong to man who is walking, to direct his own footsteps. This is in compliance with the

written word of the greatest book ever written. We can ask ourselves: are we able to find the way to prosperity, and obtain health and wealth, in this darkness surrounding us all? Some may think that we have to move ever forward in an attempt to carve out a better future for us all. However, history seems to indicate that we need to change and that change includes changing the man we are, within.

Believe In Two Powers Cannot Serve Us Well

Many of us hold onto the notion that we have made much progress in applied science, which seems to serve as an indication of what more can yet be accomplished. Here we want to be sober-minded. As long as we believe in two powers, of good and bad, we cannot succeed to bring in the golden age of prosperity. This is so, because, man creates by thought, and therein, we find the problem for us all. The true saying indicates that whatever we think about we bring about. This underwrites the truism that belief is based on thoughts and belief in two powers will bring in the product of two powers, which are in support of the good or the bad.

We Are Facing A Conflict With The Source of All Power And Good

This means, that by our belief system, we will continue to create abundance of what is bad, and also that which is termed good. Therefore, this system, which we have created, will continue exactly as before and that means that we are facing a direct conflict with the source of all power and all good, which is God. This conflict is based on the premises that mankind has been set free from corruption of sin and death. While at the same time we are holding on to the practises of sin and death. Sin and death are mans enemies and these are also the enemies of the orderly running universe, which means that mankind is in conflict with Gods purposes. The dynamics of this conflict are highlighted for us in the greatest book ever written, the Bible, where, at the book of Revelation, we are told, in graphic detail what shall shortly take place.

Act With A New Resolve And Change The Way We Live

This understanding brings to our mind the importance of the NOW and the magnificent opportunities, which are ours to embrace. We are called upon to act upon a new resolve that can change the way we live our lives up to now, in this moment in time. We are encouraged to take hold of the possibilities, which are open to us, to bring about changed consciousness within man. This changed consciousness has the power to lead mankind to

an abundance of good with peace, poise, love and happiness.

Belief In One Power, God And Good

We want to be in the know and take the kind of action and exercise the faith that can preserve alive its owner. We need to understand the basic principles affecting our lives for our good, and thereby, come to believe in obtaining 'One Power Consciousness' of God and good. There is no place for believing in bad, and thereby, creating more of what is bad, by means of our thinking processes directed in wrong channels of thought. Now is the time to reach out to the ultimate belief system and become liberated, as children of the light. We want to become educated to belief only in one power of God and good, and thereby, creating the framework for harmony with God and oneness with the universe. That by itself will bring about peace and happiness to us all.

Undeserved Kindness, The Power To Lift Us Onto The God Plane

We need to understand what the Undeserved Kindness of God means for us. We need to know what the benefits are, which can come to us by a belief in the concept of

the Undeserved Kindness of God? The Undeserved Kindness of God has the power to lift us up to take hold of a belief system, which opens the way leading to the Plane of the Absolute, the God Plane of existence. There we find success and blessings until there is no more want.

Changed Consciousness, underwrites a Belief In God And Good

We desire change, a change of consciousness, which has the power to change our belief system and bring harmony with the out-workings of Gods purposes. Get ready and become empowered to become fit for purpose, and thereafter, to stand still and see the changes, which will come upon the inhabited earth. Should the greatest man, that ever lived, have missed his purpose in our behalf? May that never happen, rather, let us straighten our backs, lift up our heads, raise our feeble hands and engage in vigorous activity for the benefit of ourselves and for the benefit of mankind as a whole.

Let us reach out to change and become a new creation, born of water and Spirit, and lay hold of the Spirit from God, which Spirit was also in Jesus Christ, our King and Leader. Let the Christ, within, do all the work and cause us to be full of health with wealth, love and perfect self-expressions. This is the perfect square of life.

Embrace every available opportunity that leads to action, now. There is no better time than now, to take action on behalf of our promised and assured destiny with health, wealth, love and perfect self-expressions. This may prove to be the best goal we may have ever considered. This may prove to be the ultimate success story ever told. Blessed are the dead who die in the Lord from this time onward.

Chapter 1

To Be
Or Not To Be

A Reflection

There is a cry to have, but seldom the cry to be. There can be no progress in human thinking unless we have a clear understanding of our identity. We need to know what and who we really are and where we are going. We have considered the great thinkers of past generations, the philosophers of old who shaped modern thinking and leading us to where we are today.

Are we to accept the wisdom of the world, the knowledge of those who have added to the global lack mentality? That lack mentality needs our full attention and careful consideration. We are living in a world that is preoccupied with their desire for material possession and want of heart. There is always the feeling of not having enough, of anything. This has created the consumer madness, where many are preoccupied with the idea of surrounding themselves with many material possessions. Is this the way to the future of mankind, the way to happiness, peace with an abundance of good?

There is also the need for spiritual enlightenment and there appears to be a shortage of accurate knowledge and understanding of the deep things of God. This lack of insight is holding us back from satisfying the cravings for our spiritual needs. This shortage of spiritual comprehension is now demanding our most urgent attention leading to necessary changes in our lives.

You are among the privileged ones who love what is good and hate what is bad. The world, in which we live, cannot be held back from satisfying their thirst for knowledge and insight? Therefore, let us feed the hungry minds with life-giving knowledge and spiritual enlightenment, which leads to insight.

We are on the move to the emancipation of man, to freedom from fear and freedom from lack and limitation. Now is the time to wake up, as from a deep sleep and rise to acquire insight into the things pertaining to life? We want to understand spiritual laws and how these laws affect our everyday life for our good. We want to come into harmony with the source of all power, which is Universal Mind, or God, and learn to express ourselves in perfect ways. By perfect self-expressions, we learn to express thoughts, which must lead to a better life with health, wealth, love and super abundance of good.

Rise, all you hungry ones who hunger for joy, peace, health, wealth and harmony with Universal Mind, or God. Become filled with what is good as we consider the only potentate and chief agent of life, Jesus Christ, our Lord and King.

Let us grow in knowledge and understanding and cultivate the wisdom that can lead us to righteousness with God and move on into a future of beauty and splendour, which will manifest as the essence of our

dreams. In the finality, we will attain to everlasting life as Sons and Daughters of God. Read about this and feast your eyes upon the abundance of good that is presented by means of the 'One Power Consciousness' books, with the prospect of leading us to God power and good.

You are invited to read this publication often, in order to gain understanding and become wise. Should there be any expressions that are difficult to understand then read the content again; thereby, you will grow additional brain cells, with which to understand the things considered in this publication, which are expressions that are difficult to understand at present.

This book is not designed to take you away from the reading of the Greatest Book ever written, the Bible. No, rather, this publication is designed to give insight to troubled minds, for their upliftment and liberation from institutionalised ignorance, which is so prevalent in the world of our making.

Be blessed with joy, peace, poise, love and goodwill, and thereby, you will be able to dissolve all negative thought vibrations.

To Be or Not to Be

The insecurities of today are a stark reminder of the world, which we have created. A world, where we

collectively are moved, on the basis of institutionalised ignorance, to follow in the way of error, with lack and limitation, which exists on our plane of present day life. We are standing in awe before the achievements of modern man, forgetting the pains of the past as being no longer relevant. Having achieved so much in the way of material, medical, military and social progress, to mention just a few fields of progress, the question comes to our mind time and again: What are we meant to be and where will we find ourselves in the stream of time? Is this what life is all about, driven by fear, anxiety, sickness, wars and man's inability to successfully manage his own affairs? We are living in a society where we have to face increased anguish of mind and mental instability, with sickness and disease, that is taking on more threatening dimensions, day by day?

There Is The Cry For Knowledge And Understanding

There is the cry for knowledge and understanding however, there is also the never-ending demand to be complicit with this system of things. There is the pressure to follow the dictate of human society, demanding compliance with oppressive laws and accepting the degenerating quick fix mentality as a way of life. At the same time, the way of instant fame and fortunes is projected as the life to be desired, while the vast majority

of mankind lives in abject poverty, not knowing the way out.

Trapped in Society With Crime, Violence Anxiety and Fear

The greater whole, or the society in which we live, is humanity on the move; the future of which seems to be uncertain. This is mankind that reflects the effects of our limited education, which has its source in governmental institutions. If we find ourselves to be part of the privileged educated class, then we may even believe that we are lacking in nothing at all except the full benefit of our labour. In fact, we are made to believe that we are being educated and growing in knowledge and understanding of the world around us. We feel a measure of contentment, until we come to understand that the life we live falls far short of our perceived ideal. We become less happy and at times we become lonely or even isolated. We may share a feeling of being trapped in an increasingly complex society, with crime, violence, anxiety and fear dominating our lives now and on into the future.

Three Pillars Of Society Ruling Mankind As A Whole

There are three pillars of society, which govern mankind. These are the pillars of politics, commerce and religion. When any one of these pillars of support being removed from society, then we will be facing global instability and human society will be finding life difficult to manage. For these pillars of society to have lasting benefits, they must comply with universal principles. Here we can see that all three pillars fall far short of this requirement, they fail to comply with universal standards, principles and laws. Such a global situation will not bode well for the future.

Human Rule, More Successful By Use Of Stupefying Substances

In order for society to continue to function for the benefit of us all, the organisational structures, supporting these three pillars of society, can only continue to function if humanity, as a whole, is kept in ignorance. This is done, in the first instance, by the supply and use of stupefying substances such as alcohol, tobacco, drugs, lack of education and lack of knowledge, just to mention a few. Then, there is the bigger effect of mind manipulation, or brain washing, through public information transfer and systematic misinformation through the media and the political establishment. Indeed, the ruling authorities govern more successful by the use of these stupefying substances and the spread of

ignorance, subjecting the minds of the masses to limited thinking and making them placid and docile. The end result will always be increased fear, anxiety, poverty, poor health and early death.

Lawlessness Leads To Anarchy

Today, a large portion of mankind has become better educated and this not least through access to the Internet, which, by itself, is now also causing additional mental health problems. Uncontrolled use of knowledge will not bring better conditions to mankind. It can only lead to depravity, violence and the rejection of the established way of living. This is what we have witnessed on the global scene. This is not something that will go away of its own accord. This is the thin edge of the wedge, of coming lawlessness on a worldwide scale, which will lead to anarchy.

Religion Has Added To Global Instability

Religion has added its share to the complexity of the present worldwide instability. Here, we need to understand that knowledge of man's purpose in life is of paramount importance and this understanding may prove to be the way leading to survival of the coming global mayhem and instability.

Breaking The Chains Of Ignorance

This is the status 'quo' for all of us. But to move forward, with a new vision, we need to break the chains of ignorance, and thereafter, move forward to a life of health, wealth, love and perfect self-expressions. This is the perfect square of life, which, when properly applied, will lead to real happiness with joy and peace.

There is always The Cry To Have But Never The Cry To Be

There is always the cry to have, but never the cry to be. That is why it is necessary to establish an identity, which causes you to be. If there is a desire to fulfil our destiny, then there must be a clear understanding of the divine design of your life. There must be a strong desire to find the real purpose in life, and then, we can live the life of destiny. At the beginning there was the first man and woman made in Gods image and likeness. There was a link that was formed between God and man, which was by means of Spirit, Holy Spirit. Here we need to understand that Holy Spirit itself is no longer the operating principle in man. Today we can talk about spirit, as the operating principle in man but that spirit is not Holy Spirit; it is the spirit inherited from our

forebears, Adam and Eve, through the process of procreation.

Spirit Cannot Exist Divided

There is a need to consider the wider context of spirit. Every living thing has differentiated spirit from God and spirit cannot exist divided, it can only be understood that spirit in all life forms, is differentiated spirit from God. These life forms exist within their set limitation, for each creation exists on their respective planes of life. There are life forms like plants that exist at the lowest plane of existence. Thereafter, there are animate life forms, such as animals that have their place on the second plane of existence. Followed by man, who has a human life form, and finally, the highest life form known to man are spirit creatures, which have their place on the God Plane of existence.

All Mind Is One Mind With God

In order to move forward in our understanding, we need to know that we are in fact spirit, operating in a fleshly human body. Spirit is moved by mind and by thought and the human mind is differentiated mind from Gods mind and all mind are One Mind. This is so, because mind cannot exist divided, the same, as spirit cannot exist divided, all minds are One Mind with Gods Mind.

Therefore, if our spirit is not Holy Spirit, then we find ourselves to be out of harmony with God, or out of harmony with Infinite Spirit, being alienated from the source of all power. This must be so, because we were created in the image and likeness of Universal Mind, or God, and with God there is Holy Spirit in abundance. Here we need to understand that Holy Spirit operated in the first humans and Holy Spirit operated the human body in perfection. There was only the concept of good operating in man. However, the concept of bad had at that time not been made known to man. Bad is in fact nothing, because bad is not supported by principle and it can always be destroyed by additional good. But, man had to understand that the concept of bad does not belong in man's thoughts and creative concepts. Believing in bad is inverted faith; it must always lead to bring about more bad.

To Remain Perfect Man Has To Become Life Conscious

In order to remain in perfection, man had to become Life Conscious. This required that man had to have a clearly defined identity, which is by means of Life Consciousness; the concept of bad could not exist with perfect man, the same, as bad can not exist in the presence of God. Bad has no principle, it has no life in itself and it can always be destroyed by additional good.

Man had to understand that the concept of bad can only exist if man reaches out to it and gives power to it, and thereby, creating it. Creating bad by means of thought, man would have to give the concept of bad a home in his consciousness, and thereby, man would acquire a consciousness of bad. By reaching out for bad, man changes consciousness, from a consciousness of super abundance of good, to a consciousness of lack and limitations and a belief in two powers, which is God and evil, or good and bad, leading to fear, anxiety, worry, sickness and death.

After Mans Fall He Accepted Two Powers, God and Evil

By this action, perfect man would become unfit for purpose, because he changed consciousness, from a consciousness of super abundance of good to a consciousness of lack and limitation. In that case, man accepted bad, as a power within, and thereby, bad would have entered mans consciousness as a truth, or as a belief. From there, man would create bad in abundance by means of consciousness of bad. This is what took place at the beginning and it continued until now. Man accepted two powers, namely the power of God and the power of evil, leading to good and bad. But, in fact, in the universe there is only one power and that power is God and good. Buying into this erroneous concept of a

belief in two powers, has caused man become unfit for purpose and he started to grow old, get sick, become subject to fear and finally this would be leading to man's death.

We Are To Display a Consciousness Of God And Good

By man's action, in Eden, man became a creator of what is bad, being in opposition to God, because God cannot create anything bad. Bad does not exist in a perfect consciousness, and God is perfect, God is the Omnipotent, the Omniscient and Omnipresent Universal Mind, the power of the universe. God is Holy and He is the almighty and God is our maker and creator. We have been made in His image and likeness, and therefore, we have the need to display a perfect consciousness of good and bring about perfect expressions, leading to super abundance of good, with love, health, wealth and happiness.

Spirit Is The Operating Principle In Every Living Thing

Here we want to make sure that we understand that differentiated spirit, from God, is the operating principle in every living thing. But Holy Spirit is uncorrupted Spirit, from God, which, in this context, operated at the

beginning in perfect man. Today, we have spirit from Adam, which has become corrupted from the beginning, by cultivating strong desire for something to which death was attached, as a retribution for error. Adam and Eve reached out for what has been identified, by God, as bad and by their sinful action, they became the host of darkness and they changed consciousness, from a consciousness of super abundance of good to a consciousness of lack and limitation. They started to believe in two powers, in God and evil, this belief is dominating man down to this day.

Corruption Of Holy Spirit Facilitated The Creation Of Bad

By this action of rebellion, on the part of Adam and Eve, Holy Spirit, as a link between God and man, became severed. With the operation of Holy Spirit, bad cannot exist. However, by the creative Law of Attraction man could create both good or bad, it mattered not to the law. Man was created a free moral agent, and as such, man had to understand that creating bad was not an option for man made in God's image and likeness. Holy Spirit could not bring about any form of bad. It was only by means of the corruption of spirit, which operated in man that it was possible to introduce the concept of bad into man's life. By wilful and rebellious action, on man's

part, man became unfit for purpose and his Holy relationship with God was broken.

Bad Has No Principle And Can Always Be Destroyed BY Good

Bad was not to be desired by righteous man, because in the righteous universe God and man were conscious of super abundance of good, but bad indicated a lack of additional good. As creatures made in the image and likeness of God, man had to buy into the principles that operated on the spiritual plane of existence, the God Plane, the Plane of the Absolute. On the God plane of existence, bad did not and cannot exist, because bad has no principle, and therefore, bad can always be destroyed by an additional good, of which there is abundance. Bad was in fact nothing at all and it could only become something if bad was held in man's consciousness. This would require of man to create the pretext of accepting the concept of bad, which led to the fictitious mind creation of the speaking serpent, and thereby, man created bad as a power, within, which was in opposition to God power. This power of bad, within, entered the subconscious mind of man as truth.

The Law Of Attraction Is The Creative Law Of The Universe

For this reason, the tree of the knowledge of good and bad was indicated to Adam and Eve. This tree was placed in the middle of their Garden Home and a limitation was attached to that tree. The Law of Attraction is a creative law, operating in the universe, which brings to man, according to his creative desire and thoughts, either the good, or the bad. It matters not to the law. Therefore, God instructed the first human pair not to eat and not to touch the fruit of the tree of the knowledge of good and bad, in order for them not to die. This limitation, not to eat from the fruit of the tree of the knowledge of good and bad, was in fact an act of love, on Gods part. After all, the first human pair was a creation made in the image and likeness of God. They were God's children in the flesh and they needed to know about the limitations of godlike existence, in order to live the righteous life, for an eternity, which God had in mind for them.

By Changed Consciousness Lack And Limitation Were Born

By their disobedience, they introduced the concept of bad, which entered into their consciousness as truth. Their consciousness changed and accepted the limitation of bad, as truth. Whatsoever is accepted into man's mind as truth this will be acted upon as truth? As a result of changed consciousness, lack, limitation and the concept

of fear were born. Therefore, God declared the first human pair unfit for purpose and they started to die from a lack mentality, bringing forth error, fear, insecurities, ageing, disease, sickness and death.

By Paying Attention To Bad, Man Became Unfit For Purpose

The first man and woman, the human Son and Daughter of God, were creators like God, knowing only what is good. From this super abundance of good man was able to bring about only what is good and beneficial. By paying attention to the concept of bad, man created a home for the concept of bad, within, and man became unfit for purpose. As a result of this, he was cut off from the source of all love, justice, wisdom and power; he was cut off from God's Spirit.

By their unlawful action, Adam and Eve changed consciousness, from a consciousness of super abundance of good to a consciousness of lack and limitation, which would limit man's lifespan and bring about insecurity, sickness and death. This consciousness of lack and limitation was passed onto the human family by means of procreation and as a result of this all mankind became flawed and they all had to die.

Mans Identity Believing In Two Powers, God And Evil

This flawed conscience gave man a changed identity, which they adopted on the basis of transgression of law. This changed identity was based on believing in two powers, which manifested in the power of God and evil, which would bring about the good and the bad. In respect to man, evil had become a power in opposition to God power, through man's will. This error, led to man becoming unfit for purpose, being out of harmony with God, the Father. They became unfit for purpose, being cut off from the supply of God Power, which came to man through the operation of Holy Spirit. The age of sin and death started to unfold with unimaginable mayhem, bloodshed and finally a limited lifespan of 70 to 80 years. Mankind entered a life of condemnation and alienation from God, which led to their death, because man has become unfit for purpose.

Reach Out To One Power Consciousness

Adam failed to be what God has purposed for him to be and this failure led man to become conscious of not having enough. But, unless we reach out to harmony with our Maker, God, we will continue to struggle with an identity, which is in support of lack and limitations.

To fulfil Gods purpose, for humanity, will require of us to reach out to obtain harmony with God and change consciousness again, from a consciousness of lack and limitation to consciousness of One Power, of God and good. This one power consciousness will bring super abundance of good with health, wealth, love and perfect self-expressions. This is the perfect square of life, which must lead to perfect happiness.

Man's Rescue By Means Of The Law Of Compensation

Over a long period of time, of man's isolation from the source of all power, God comes to mankind's rescue by means of the Law of Compensation. This law is in support of a life for a life principle. This means that the perfect life, which is equal to the life that Adam had as a perfect man, had to be compensated with another perfect human life, of equal value. Adams life, after his fall, was no longer suitable to father perfect offspring. This requirement to father perfect offspring was finally complied with through the life of Jesus Christ, a righteous man, who sacrificed his righteous life for the benefit of the whole human family. That life is righteous, according to universal law, and a righteous life has the right to live for all eternity, even forever.

God uses The Life Of The Christ To Bring Life Consciousness To All

However, Jesus sacrificed his right to live as a perfect man on earth, whereby, God could now use the benefit of this righteous life, being the spirit of the Christ, to bring life to every man and woman, young and old, on the basis faith. This faith comes to us by means of faith in the ransom sacrifice of the life of Jesus Christ, leading to our baptism, whereby, we are being baptised into the likeness of Jesus Christ death, and thereby, we have the opportunity to become Life Conscious.

By Baptism We Change Consciousness

By means of the scriptural baptism, by being fully submerged in water, we are able to change consciousness, to acquire a consciousness of super abundance of good. This change is based on changed consciousness, or changed belief, which is supported by Holy Spirit, from God. This Spirit, which is from God, was also in Jesus Christ, our Lord. This change will, therefore, be on the basis of faith in the ransom sacrifice of the righteous life of the only begotten Son of God, Jesus Christ. By this arrangement, we have to be baptised into the likeness of Jesus Christ's death, and thereafter, we come alive in Christ, and thereby, we

receive the circumcision of the heart, by Spirit. By this process, we become clean and acceptable to God, on the basis of having received of the Undeserved Kindness of God, which is a gift of God that makes us perpetually clean. By this act of faith, we become fit for purpose, by having God's approval, with everlasting life in view.

We Receive Our Hearts Desire At The Time Of Asking

If we desire power and joy of heart, with health and wealth, then we shall also receive what we have asked for, in faith, and it will be given to us. In fact, we will receive the request of our hearts desire, at the very time of asking, and it will manifest, provided we do not doubt. By our faith we have become the progeny of the Christ and we have also become the offspring of the Last Adam. By the new Spirit, by Holy Spirit, which now operates in us, as a gift of God, we are declared to be righteous. This Spirit is from God, the Spirit of which was also operative in Jesus Christ.

God Gave The Spirit Of His Son To Us On The Basis Of Faith

At the time of Christ's death, Holy Spirit, which was in Christ Jesus, left Jesus body and returned to God who gave it. This Holy Spirit, which was suitable to be given

to man, was thereafter, God's to give, and God gave this Spirit to us, on the basis of faith in the ransom sacrifice of the righteous life of Jesus Christ, our Lord, King, High Priest and Leader. This means, taking in knowledge of God and of Jesus Christ and act upon this knowledge in faith, knowing that with God there is not a variation of the turning of the shadows.

Conscious Awareness Leads To Being Transformed

The answer to the question, to be or not to be, is ours to make, and we cannot pass this responsibility on to any others person, or organisation, for them to make for us. It is a conscious awareness, which must lead to making ourselves available, to be transformed, in our consciousness from a consciousness of lack and limitations to a consciousness of super abundance of good. By this process, we become fit for purpose, as children of God, with unlimited power to do what is righteous and good? However, we must never doubt.

A Gift Of God, The Spirit, Which Was Also In Jesus Christ

In order to do this successfully, we need to have Gods approval on the basis of our faith in the ransom sacrifice of the only begotten Son of God? Having accomplished

this, we can say: I am Whole, I am perfect, I am strong, I am powerful, I am loving, I am kind, I am harmonious and righteous, I am joyful, I am happy, I am peaceable, I am healthy, I am wealthy and I am grateful, and this by the Spirit which operates in us, being a gift of God, that is, God's Spirit, which was also operative in Jesus Christ when walking the earth as a man.

We Are Born Of Water And Spirit

By this action, we are born of Water and Spirit, and thereby, we become a new creation, indeed, but with an ailing body, which has been damaged by sin over the length of our lifespan, which is limited to 70 or 80 years. Unless, the day of Gods Judgment comes first, whereby, we will be in a position to enjoy the prospect to go alive through the Great Tribulation and through Armageddon, now so close at hand. Therefore, we are entering into the Kingdom of God as righteous ones, never to die at all. Our ailing body will be restored to perfection and this under God's Kingdom rule, with Jesus Christ as King. The restoration of man will bring about vibrant health and everlasting life during the kingly reign of Christ Jesus, our King, which takes place during the proverbial 1000years period of Kingdom Rule over resurrected mankind. You will be there to welcome your loved ones, who have died prior to the events of Armageddon, who are now subject to a resurrection from the dead, by our heavenly Lord and

King, Jesus Christ. There is going to be a resurrection of the righteous and the unrighteous according to the scriptural injunction found in the Bible.

You Ask and You Shall Receive

Based on this transformation, you are in a position to ask God, whatever good you desire and it will be given to you. Whatsoever you desire, which is in compliance with Gods righteous ways, will come to you as a gift from God. Therefore, God, the Father, becomes to you the Giver and the Gift. You have entered the Plane of the Absolute, the God Plane, on the basis of changed consciousness, and nothing, which can be conceptualized, is impossible for you. All things are possible for those that exist and have access onto the Plane of the Absolute.

You Are A Son Or Daughter Of God On The Basis Of Faith

You can say, I am, and whatever you want, this you shall also have and that at the time of asking and it will manifest. You are indeed a human Son or Daughter of God, the Almighty. But, most people want to have without first being, and therefore, they do not receive anything from God, because they are asking for things with the wrong purpose in mind. They desire to satisfy

the cravings of their hearts for sensual pleasures. They are in constant want of heart, and by this, they make themselves to be subject to the judgement of God. They fail to discern the disapproval of the belief in two powers, of God and evil; this will not be pleasing to Universal Mind, or God; it will not bring harmony with God.

But you, the one with little faith, you are blessed with super abundance of good, and whatever you ask of God, this you shall also have and that at the time of asking and it will be given to you. Because you have exercised true faith, you are encouraged to express yourself with perfect self-expressions. These perfect self-expressions are spoken words, which form the basis of thoughts, which we are able to bring about and these thoughts attract Gods blessings for the benefit of the individual of unwavering faith.

The Way Of Holiness Is Your Way To Success

All your ways are ways of pleasantness and the way of holiness is your way to success. You take possession of the perfect square of life, which includes health, wealth, love and perfect self-expressions. You are at peace and you have complied with the entry requirements into the Kingdom of God, with Jesus Christ as King, who is leading us to fountains of water of life.

You Have To Be, Before You Can Have

You have to 'be' first, and thereafter, you can reach out to have whatsoever you desire, in a righteous way. Enter the Plane of the Absolute, on the basis of harmony with God and start living with peace, poise, love, power, health, wealth and perfect self-expressions and this to Gods eternal praise and glory, into the everlasting future and even forever.

You Are Happy, By Taken Hold Of The Perfect Square Of Life

You have come to 'be' and you are happy, because you have taken hold of the perfect square of life. This will manifest in health, wealth, love and perfect self-expressions. You are walking in the way of Holiness with godly fear and awe. You have become, to God, His children, you are the progeny of the Christ. You have become the offspring of he Last Adam, by reason of your faith, and all the good you desire will come to you, in fact, the good you desire is now seeking you.

A New Consciousness That Sees And Does Only Good

This is the will of God, namely, the doing of righteousness, which is based on the belief that with God there is not a variation of the turning of the shadows. A Holy Son of God cannot look at bad, because bad does not exist where there is Holy Spirit. You have taken possession of a new consciousness that sees and does only what is righteous and good. On the other hand, evil has no power over a righteous person. You have been set free from lack and limitation, of every kind, and only good is able to attach itself to you. You have become Life Conscious, by means of Jesus Christ, by partaking of the proverbial un-leavened bread and unfortified wine, at the annual memorial celebration of the death of Jesus Christ, our King. This event takes place at Nisan 14th, according to the Jewish calendar, which marks the day of the Jewish Passover celebration. This event can also be chosen to be any other day of your choosing.

Your Ways Are Ways Of Pleasantness and Of Good

Your ways are ways of pleasantness and you have come into possession of super abundance of good. Bad has come to be nothing, it has no principle, because bad can always be destroyed by additional good. This super abundance of good is your title deed and you shall walk with God to fully pleasing Him that called you into his Glorious Kingdom. You are walking with God, the

Father, and you follow the directions of His Christ, in faith. You have become conscious of consciousness of power and you have One Power Consciousness, being conscious of the power of God and good.

You Received The White Outer Garments That Make You Clean

In the first instance, you have desired to 'be', and now you can also have. You are to receive the request of your heart. By the circumcision of the heart, which is by Spirit from God, the Spirit of which was also in Jesus Christ, you have become clean. As a result of this, you can now receive the white outer garment, which is indicated to us in the Bible at Revelation Chapter 7, whereby, you are identified as being clean to enter into the Kingdom of God as a righteous one. You have the prospect to be a righteous survivor of the great day of God, the Almighty. May the peace of God be with you, and may you be blessed today and into all eternity, because of your love of God and neighbour, as you also love yourself.

By Your Blessings You Will Be Blessed

Having come to know this, you can now make your pathway straight; by blessing your fellow man and blessing even your enemy. By this blessing, you will be

able to transmute the arrows of your enemy into blessings for yourself. You have become a person that sees God in every face and good in every situation, and by this, you become master of all conditions. You have become conscious of consciousness of power, and by this, you have become master of law and you direct law for the benefit of all those who come in contact with you.

Remember The Power Of The Undeserved Kindness Of God

Should you fail, in some form, or another, then you remember the power of the Undeserved Kindness of God, which you have received at the time of your baptism and you say: In the name of the Undeserved Kindness of God, I am clean. Or you can say, I cast the burden of lack and limitation upon the Christ within and I go free to have peace. By doing this, you are perpetually happy and at peace, because you have become master of all conditions you are indeed the blessed one of God, to become a source of goodwill and blessing to every one that comes in contact with you.

You Are Free Of Sin By The Law Of Forgiveness

Therefore, you are no longer to practice sin, but you are perpetually free from sin, by means of the Law of

Forgiveness, or, by means of God's Grace. God views you as being clean and Holy, and the love of God remain upon you, as you continue to love God and neighbour, as you love yourself.

May you rejoice, as a blessed one, and be transformed by your changed consciousness, into a new creation, which brings to you blessings until there is no more want. Read this book often, in the morning and at night, and count your blessings and this to Gods eternal praise and glory, forever and ever.

Concluding Thought

You have the power to be. There are no others ways but the way of knowledge and understanding, which will lead to freedom. Mankind, as a whole, is increasingly troubled by world events, which are manifest before our very eyes. The governments of the world are in serious trouble and they have solicited the greatest thinkers of the world to obtain their input, desiring to pave the way to a better future.

There is anger and frustration among the populations and the search is on for a better way ahead. We have been lead along the path of ignorance and this will no longer do. Large sways of humanity awakening to the greater reality of reaching out to a better understanding of the world at large. The religious institutions have

45

failed to bring about a better world with happiness, health, wealth, love and perfect self-expressions.

We have to learn, and understand that we have God's eyes and we see with the eyes of the Spirit. You want to be able to say; I see the pathway of my life free from obstacles and blockers. I see no bad, because I see God in every face and good in every situation, which makes me master of all conditions.

This is the new creation that has been born of water and Spirit. This understanding is one with God and is one with what God desires for him, which is also what he desires from God, because he believes that he is one with the Father.

Continue the reading of Gods Word, the Bible, and be moved by prayer and supplications to reach out to obtain harmony with God. In addition, make it a way of knowledge and increased understanding to read the 'One Power Consciousness' books and become wise and become strong in faith, to preserving alive of the soul.

You desire to be one, with the source of all power and wisdom, and thereby, you desire to be reaching out to perfect happiness. This you can do, by taking possession of perfect health, perfect wealth, perfect love and perfect self-expression. This is the perfect square of life and this comes to you through faith, which is in the ransom sacrifice of the righteous life, of Jesus Christ. This belief

system will bring to you blessings until there is no more want.

ONE POWER CONSCIOUSNESS – NOW

Chapter 2

GRACE

A Reflection

More than ever before, there is the need to understand the deeper things of God. We need to awaken to the changes coming upon the inhabited earth. Forces are on the move, to change the way we live and to live forever. We have come through the First World War and then we have experienced the Great Depression that followed. Thereafter, we have experienced the Second World War, with its indescribable killing accomplishments to arrive at the Twenty First century only to experience a man made new world order of insecurity, anxiety, fear, mental anguish and uncertainty.

We Are Searching For A New Way

Today we are searching for a new way of enlightenment. The masses of humanity are becoming increasingly restless and dissatisfied with the ruling authorities, which are in charge of human affairs. The cry is, to find a way out, for a new understanding of human destiny, for a new way of life for our future.

To Man His Way Does Not Belong

We must understand that to man his way does not belong; it does not belong to man who is walking to direct his own footsteps. We have created the consumer

madness, which robbed us of happiness and contentment and this adds to the malaise of anxiety, sickness, fear and mental illness. We need hope and faith, which are based on accurate knowledge, being supported by universal principles and laws. We need enlightenment to understand the world in which we live, and thereafter, we want to take corrective steps, in harmony with universal principles and laws, which are designed to lead us in the way of hope and faith, with power and joy. We need to understand the Law of the Undeserved Kindness, or the Law of Forgiveness, in order to move forward with confidence into a world of God's making.

See God In Every Face and Good In Every Situation

The time for God to take action is now very close at hand, and therefore, this book is a valuable guide to point us in the right direction. We need to be motivated by the spirit of love, because we see God in every face and good in every situation. This is progress, which makes us master of all conditions. It is our desire that many persons come to a knowledge and understanding of the deeper things of life, and by this he or she will be able to take corrective action with happiness and a glorious future in mind. Here, we want to be in the know that we are not pointing to the religious fraternity to lead us in the way goodness. No, our hearts and our minds

are focused on the true purpose of our existence, and thereby, we learn to understand why we are here and where are we are going.

Man And The Use Of Stupefying Substances By Those In Power

Times are changing fast and the ruling authorities have one thing on their mind and that is the control of the masses of humanity. To accomplish this, to their satisfaction, they need to keep humanity in ignorance and stupid. For this reason, they have devised this system of things, which makes it possible the control humanity by the use of substances that stupefy, by institutionalised ignorance, including the miss-use of computer applications and the corrosive action of the corrupt media.

There is the desire, of many; to change the way we understand life, to be set free from ignorance, as children of God, becoming children of light. There may be an abundance of written material, in this world, designed to enlighten, but at best, this serves to add to the already existing confusion and ignorance. The ruling authorities are willing to do anything to keep the majority in ignorance in order to preserve the powers at work. We can expect to see a worsening of conditions, on earth, as

the forces, in opposition to the incoming Kingdom of God, take their position.

Bring Understanding To The Reader

These books, which are published by 'The Thought Revolution - Publisher' are like a small fountain of knowledge and understanding, which has at its aim the enlightenment of the individual. This is in order to bring the light of understanding to you the reader, the faith student.

It is important to realise that it is necessary that the reader has acquired a basic understanding of Christian teachings, because without this basic understanding of Christian teachings the things provided in these publications may be difficult to understand. The writings have purposefully been reduced to give understanding to the concept of the Undeserved Kindness of God. This is so, in order to reinforce the value of this teaching and to allow this information to be received as treasured truth. Here, we want to understand that truth is Spirit and Spirit is from God, because everything else is forever changing. The greatest book ever written states, that; with Him (God), there is not a variation of the turning of the shadows. There is constancy and love for the benefit of the greater whole of mankind.

The Rehabilitation Of Man, To Become Holy

At the time of our Christian baptism, we have taken the step of baptism, in faith, believing that it was necessary that the Christ, the righteous Son of God, has sacrificed His righteous life for mankind, as a whole. This is in order to facilitate the rehabilitation of man, to become holy, clean and acceptable to God, on the basis of universal law and on the basis of faith. This is taking place, as we, by faith, die in the likeness of Jesus death. Jesus died with reference to the sins of the world and the individual Christian is required to die, with reference to his or her own sins. This takes place at the time of our baptism, where we are submerged under a body of water, whereby, we die, in a spiritual sense, with reference to our sins.

Thereafter, as we come up from the baptismal water, God is declaring us to be righteous; He gives us Righteousness, Undeserved Kindness, or Grace and everlasting life. By this process, we are set free from a consciousness of sin and death and we come under the Undeserved Kindness of God, which makes us clean, holy and acceptable to the Father. We are happy as a result of this and we have become conscious of being a new creation, born of water and Spirit. Whereby, we are

complying with the entry requirements into the Kingdom of God, which is certain to come.

The Law Of Grace Brings Acceptance By God

The Law of the Undeserved Kindness, or that of Grace, facilitates Gods acceptance of man as being clean, Holy, righteous and fit for purpose on the basis of faith. This would mean that we have undergone a change of consciousness, and thereby, we embrace a new consciousness of super abundance of good. The Law of the Undeserved Kindness is part of this new consciousness, which has set us free from lack and limitation, as children of God, with everlasting life in view.

In this way, the Undeserved Kindness of God sets us free from a consciousness of guilt and fear, because we have died with reference to sin and death. Sin is no longer counted against us, it has been done away with, and therefore, also the concept of death is no more. This understanding changes us and it makes us happy and it changes our belief. Change of belief, which is changed consciousness, changes us from a consciousness of lack and limitation to consciousness of super abundance of what is good. We, in fact, have entered the proverbial God Plane of existence, where bad is not to be found.

Whatsoever we ask of God, in faith, is acceptable by the Grace of God, because God has mitigated the Law of Consequences, or the Law of Karma. Therefore, by our requests to God, for His undeserved kindness, we have been made clean. Whatsoever God declares to be clean, is clean to us, as we have become Sons and Daughters of God. We have changed consciousness, and now, by the Spirit of God, which Spirit was also in Jesus Christ, we have become the progeny of the Christ and the offspring of the Last Adam. This is in compliance with the written Word found in the greatest book ever written, the Bible.

The Law of Grace

At the time of our baptism, we have been told, by the Apostle Paul, in the Book of Romans that we have died in the likeness of Jesus Christ's death. Jesus Christ has died with reference to the sins of the world. Therefore, we also, by faith, have died with reference to our own sins. At that time, we have been set free from a consciousness of sin and death, and we have come under the domination of God's Undeserved Kindness, or Gods Grace. From that time onward, the authority of sin and death has no longer any power over us, because sin is no longer counted against us. Sin is no longer the dominating force in our lives, and therefore, we have come under the Law of Grace, or the Law of Forgiveness, or the Law of the Undeserved Kindness.

We have been set free from a consciousness of sin and death.

Set Free From The Karmic Law

We experienced a change in consciousness and we have been set free from the Law of Consequences, or the Law of Cause and Effect, which is the Karmic Law, you reap what you have sown. This is a remarkable change and by this change we have come under the Undeserved Kindness of God, or, we have become subject to the Law of Forgiveness. This means that the Law of Forgiveness, which has been given to us on the basis of faith, makes any sin or failure on our part null and void. This would also mean that we walk as a clean people, every day of our lives. We are Holy, by the Spirit of God, which Spirit was also in Jesus Christ, our Lord. This holiness was present at the time, when Jesus Christ walked the earth, as a man, in the likeness of Adam's flesh.

Conscious Of Being A New Creation, Born Of Water And Spirit

The Law of Forgiveness, which makes us clean before God and the application of Law of Consequences, which has been mitigated by God, is freeing us from the Law of Sin and Death. This allows us to have freeness of speech,

as we conduct ourselves in a Christian way. We have become like a free people, having received a new birth, according to the written word of God, at John chapter 3. There, Christ Jesus stated, when in the presence of Nicodemus, a member of the Jewish Sanhedrin, saying: ‘you cannot enter and you cannot see the Kingdom of God unless you are born of water and Spirit’. This requirement has been complied with at the time of your scriptural baptism, as you come up from the baptismal water, you are born of water and Spirit.

To be a Christian, you need to experience a new birth, in order to be acceptable to God. At the time of your baptism, you, in fact, died in faith, with reference to your own sins, and thereby, you were set free from the Law of Sin, because the scriptures state that every person that has died has been acquitted from all his sins. Now, that you have died, in a spiritual sense, with reference to your sins, you have been set free from the consequences of your sins. By you dying with reference to your sins, your spirit, which is from Adam, your forefather, returned to God who gave it. This is so, because every person that has a scriptural baptism has died as to their sins, as Jesus also died with reference to the sins of the whole world.

*A New Spirit From God, which
Spirit Was Also In Christ*

Your spirit, which you have received from Adam, through procreation, has returned to God who gave this spirit, at the time of your conception. That is the Spirit, which Adam received at the time of his creation, the Spirit, which became corrupted when Adam sinned against the arrangements of God. As you are submerged under the baptismal water, you die, in a spiritual sense, with reference to your sin, thereby; your spirit leaves your body and returns to God, who gave it. Thereafter, you receive the new Spirit, which is from God and that Spirit was also in Jesus Christ. You are now in possession of the new Spirit, within, which is from God. This is the Spirit, which operated in Jesus Christ and that Spirit returned to God at the time of Christ's death. Therefore, that Spirit is now Gods to give, to anyone, on the basis of faith in the ransom sacrifice of the righteous life of Jesus Christ. This process, has freed man from the domination of sin and death.

You Are Under The Law Of Undeserved Kindness

Now, we have come under the dominance of the Law of the Undeserved Kindness of God, and that means, whereas before our baptism, the dominant quality of sin worked out death for us. Therefore, after our baptism, you have been subjected under the dominance of the Undeserved Kindness of God, which works out life for

us. This means that we have now become Life Conscious, whereas before, we were sin conscious and sin worked out death for us.

Therefore, Christ Jesus death became life for us, by means of a transformation, by spirit, which is from God who gave us His Spirit, the Spirit of which was also in Jesus Christ. That Spirit, which was in Jesus Christ, now also dwells in us and brings forth righteousness on the basis of the God given Undeserved Kindness, with the prospect of everlasting life.

You Are Released From The Law Of Consequences

It was by means of the Law of Forgiveness, or the Law of Undeserved Kindness that we were released from the Law of Consequences, or the Law of Karma. Therefore, we were freed from a consciousness of lack and limitation. We are freed from the Karmic Law, which subjected us to the Law of Consequences you reap what you sow. The Karmic Law teaches us to believe in two powers, God and evil. Yet, for us as Christians, there is only One Power, which is God and good. This understanding comes to us by means of the Spirit of the Christ, within.

A New Consciousness Of Superabundance Of Good

Now, we have been given a new consciousness, resulting in super abundance of good. We have become reconciled to God, as children of God and that is what we are. We are truly set free from the oppression of sin and death, because of the power of the Undeserved Kindness, of God. By this we have obtained the freedom, which works out health, wealth and love with perfect self-expressions, for us, which are the perfect square of life, which will lead to perfect happiness.

We Will Received The White Outer Garment, Making Us Clean

Whatsoever we ask of God, through Jesus Christ, this we shall also have and this at the time of asking and it will be given to us. Now remains obedience to the commandments of God and the faith of Jesus Christ. This we do in the knowledge that the day of vengeance of God is approaching, which will usher in the Kingdom of God. We will receive the white outer garments, in compliance with the words at Revelation Chapter 7, by means of which we are identified as being clean and Holy before our God and before His Christ. This is a source of a great joy.

We Have A Failure – We Baptise It Success

When we, after our baptism, commit unintentional sin then we may view this as a failure in life, we then have the opportunity to baptise this event a success, in the name of the Father and the Son and in the name of the Holy Spirit. Thereby, we will remain clean and Holy and acceptable before our God and His Christ. We are conscious of the fact that bad cannot manifest where there is an abundance of good. Whatsoever you desire, this you shall also obtain and that at the time of asking, because God is not limited to time, space and power. We are happy, because we have found favour in God's eyes and we have changed consciousness from a consciousness of lack and limitations to a consciousness of super abundance of all good. We have become conscious of one power, which is God and good.

Now, For Us there remains To Cultivate The Fruits Of The Spirit

There remains love, joy, peace, mildness, kindness, goodness, faith, long suffering and self-control, these are the fruitages of the Spirit, of God, which Spirit now dwells, within. You are indeed a new creation, born of water and Spirit and you have received the circumcision

of the heart by Spirit, which Spirit is from God and that Spirit was also in Jesus Christ. We are clean and happy.

The Peace of God Be Upon Us At The Time of Gods Judgement

There remains for us the crown of life and the survival into the Kingdom of God, which takes place at the end of this system of things. Therefore, let us keep the commandments of God, the Father and of the Lord Jesus Christ and live a life with godly fear and awe. Then, the everlasting blessings will come upon us as Christians and this to Gods praise and everlasting Glory. Finally, there is also the last blessing reserved for those who have not accepted the number 666 of the image of the Wild Beast on their hands or their foreheads, (see the Book of Revelation chapter 13 & 14). These persons may be in for a blessing at the very last remaining time before the destruction of the global system of things. The scripture in revelation Chapter [14:13](#) states: blessed are the dead who die in the Lord from now on.

The Last Blessing upon the Dead Who Have Not As Yet Died In The Lord

This is the greatest gift from God to those dead, who have not as yet died in the Lord, Jesus Christ. May all of you who are seeking everlasting life in earnest, have it in abundance. You are indeed blessed by God, the Father. You may be among those who will have to die in the Lord at that critical time, on the basis of faith in the ransom sacrifice of the righteous life of our Lord, Jesus Christ. This will become manifest in dying in the likeness of the death of our Lord, Jesus Christ. On the basis of faith, which is in the ransom sacrifice of the only begotten Son of God, Jesus Christ, you will be blessed to come alive before God and to go alive through the great tribulation of the great day of God, the Almighty.

May all of you, who read this writing, be blessed through the arrangement of God and by means of the most wonderful Law of the Undeserved Kindness, or the Law of Forgiveness and receive changed consciousness from a consciousness of lack and limitation to a consciousness of super abundance of all that is good. Blessed be all of you, who love God, the Christ and their fellow man as you love yourself?

Concluding Thought

The greatest gift of God, to the man of little faith, is without any doubt the ransom sacrifice of the righteous life of God's Son, Jesus Christ. But, without the Law of Grace we would not be able to stand as a clean people

and have audience with God, the Father. After having received of the righteousness of God, God will also give us Grace in order for us to see ourselves as being clean as indeed God sees us, Holy and clean.

God loved us first, when we were in darkness mentally, when God provide the way out from the oppression of sin and death. The Law of Grace magnifies this love, whereby we have been made clean before God. This is not due to our own righteousness that we have received of God's Undeserved kindness. No. It was in order for us to see ourselves as indeed God elected to sees us. With God there is no bad, because bad has no principle, and therefore, bad can always be destroyed by additional good. This is love, at its best, and by this godly love; we are to learn that God is not able to see, or even look at, anything bad in his children whom he loves. We in turn also imitate our Heavenly Father, and His Christ, to see only the good they elected to see in us, whereby, we bring only the loving and the good into our lives by the good thoughts coming from a clean consciousness. We have received One Power Consciousness, and thereby, we see only one power and that is the power of God and good.

What are we to say? Are we to continue in sin because we have originally been born under sin? May that never happen? Christ has not died for nothing, has he? When Jesus gave his perfect life, as a ransom, for our sins, he

died as a righteous man, so that we can put on righteousness on the basis of faith. This we also do at the time of our baptism, in faith. By this faith we come to believe that the righteous Spirit, which operated in Christ Jesus, when walking on the earth as a man, returned to God who gave this Spirit to Jesus, at the time of conception.

This transference of Spirit took place at the time of Jesus sacrificial death, when Jesus breathed out his last breath, he said: ‘it has been accomplished’. The Spirit, which operated in Jesus Christ, returned to the Father, God, who gave it. From that pivotal time in man’s history that Spirit, which was in Jesus Christ, is now God’s to give to anyone on the basis of faith, in the shed blood of this righteous Son of God, Jesus Christ.

We are confident that we have received that Spirit at the time of our scriptural baptism and by that Spirit, we are declared righteous and we received of the Undeserved Kindness of God. Now, we are clean, before our God and Father, and we are declared to be Sons and Daughters of God.

May we be joyful and at peace and become filled with power, to cultivate and display the fruitage of the Spirit, which are love, joy, peace, mildness, kindness, goodness, faith, long suffering and self control.

We have changed consciousness, to have consciousness of super abundance of good, with health, wealth, love and perfect self-expressions. This is the perfect square of life. May you, the one with little faith, display an abundance of peace and poise, with love and goodwill, as you read the content of this publication often and by this, you will indeed take possession of a changed consciousness, whereby, you will stand firm on the great day of God, when the Kingdom of God takes power to bring resurrected mankind to righteousness. We will face the full force of this evil systems demise, as we behold its decline, its fall and final destruction.

However, by faith, you will reject the pressure to receive and accept the number of the Wild Beast. By means of this number you are allowed to continue living as a slave/citizen of this world, which is ruled by a belief in two powers, being the power of God and evil. We, on the other hand, believe in One Power, which is God and good, and by that power, we have life and have it in abundance. The benefits of accepting the number of the Wild Beast, as may be the case of those who do not love God, is as far removed as light is from darkness. There is no lasting benefit, which we can receive from this doomed system of things. At the time of the end of this system of things, we become aware that the human institutions are no longer controlled by the existing world order. To the contrary, at that time, God and His Christ are in charge of human affairs, and therefore, for us,

there is only one authority and that is God and good. Therefore, the peace of God, by means of Jesus Christ, our King, is with those people who belong to the Christ. May you, the man of faith, treasure the peace of God that belongs to those who have the faith, which can preserve alive its owner?

Chapter 3

LIGHT

A Reflection

The world of our making is steeped in ignorance, which has its origin in a lack mentality. When man fell from an approved standing with God, which was at the beginning, mankind started out in darkness. Here ignorance is synonymous with darkness and that is what has been laid at the foundation of the visible outgrowth of human society. In this darkness, some have risen to make a statement of their own ignorance, trying to impress the unwary, and gullible, to believe in their perceive understanding of God, the universe and of human destiny.

With mankind, which is alienated from the source of all wisdom and power, there is no understanding of the deeper things of God, because of dense darkness, which surrounds all. There was a time when light came into the world, to do away with darkness, but darkness prevailed, or so it seemed. This was a time, when light came by means of Spirit, and Spirit made possible the birth of the righteous and perfect man, Jesus Christ, the Son of God, the son of man. Over the centuries, after the sacrificial death of the Son of God, this light continued to shine brightly for the benefit of a few to guide them to fountains of water of life. Today, darkness appears to have overpowered the light, and therefore, as a result of this darkness, we find the Christian Churches, to varying degrees, becoming increasingly emptied of believers.

Critical Times Hard To Deal With

Today, we are living in critical times hard to deal with and many searching for a way forward, to live with insight and understanding. This is the time, when accurate knowledge and understanding of the deeper things of life are of paramount importance, but there are few, if any, who are able to stand up and lead with insight, inspiration and understanding, pertaining to the real life and the real light.

There is the cry for knowledge, for a vision and for understanding mankind's destiny, however, there are not many teachers. We are on the brink of unprecedented human upheaval and the world is chained down, in their institutionalised ignorance. We need help, to break the chains of ignorance, and enter the age of Light and Life. This is the Light and Life, which has the power to destroy all spiritual darkness and ignorance. The coming changes will bring about a new beginning and a new age of enlightenment with unimaginable prosperity and for the good of us all. We must come to know, and we must come to understand, who we really are, the man we are within, and where we are going.

Seeing With The Eyes Of Spirit

We look and we do not see. We hear and we do not comprehend. We have been given assurances from the
72

highest of human sources, saying: this is the way that leads to prosperity, but there is no power to bring about the good, which we so desperately desire. As we consider life itself, we understand that mankind is in a global faith crisis, like a ship floating rudderless and leaderless across the oceans of change, with little or no understanding of where we have come from and where we are going. We are missing out on the real purpose of life. We go, with the flow of humanity, so to speak; and in the process, we become witnesses of man's inability to lead us in the direction of light and life. This is the life, which is based on seeing in the dark, having the eyes of God, but seeing with the eyes of the Spirit.

We Are Part Of A Global Lack Mentality

Collectively, we display and live in support of the lack mentality, which has brought about a life of ignorance and misery with an abundance of limitations, which are everywhere to be seen. By erroneous thoughts, we have brought about a human society with crowded cities, impressive structures of design and so called human achievements and the never ending problems of sickness, ageing, crime, violence, conflict, war and death. We desire progress, and as a result, we have created houses of learning, which are the teaching institutions, whereby we have become educated to take our place in the

structure of society, to perpetuate the lack mentality with its limitations, as a way of life.

There is the cry to have, but seldom the cry to be. This has made us willing subjects of society, which has manipulated our thoughts and is holding us captive to the debilitating condition of ignorance, to serve the ends of our human masters. The end result is always the same, with sickness and death and the degradation of humanity as a whole. These conditions must lead, in the finality, to anarchy and the inevitable fall and destruction of what we may call, human civilisation, as we have come to know it.

On The Brink Of Unprecedented Change

However, there are few who are in the know, who are able to lead mankind into a prosperous and everlasting future of happiness and peace. We are conscious of the need for change, and change is in the air, to embrace humanity.

A beautiful future, which is based on our imagination and our thoughts, will be ours, because the foundation for it has already been laid. There are many who are perceived to be aligning themselves with the idea of a new world, where we will be blessed with a new

consciousness of super abundance of good. We are on the brink of unprecedented change, but most of us are, as yet, not conscious of this change, we have to realise that these changes in human society, are progressively become manifest before our very eyes.

This is the time of sober contemplation of all the facts, as we discern the few who are able to comprehend the time and season of global discontent. Daily events can be seen as knocking on the door of destiny and we can be certain that these events will come to overtake us all if we allow this to take place. We have to realise that we have God's eyes and we see with the eyes of the Spirit, the Spirit within, because by means of Spirit we are able to see the real life. Therefore, we are able to prepare the way for super abundance of good, now, and survival into a life of happiness, with health, wealth, love and perfect self-expressions in the near future. This is the perfect square of life, which leads to perfect happiness.

Apply The Knowledge Which Sets Us Free

You, the reader, are the blessed one, as you read, with understanding, about the spiritual nature of all living things, which must include humanity. It is love, which has been placed at the foundation for the good of all, which we are about to experience. It is love, as a fruit of

God's Spirit, which must manifest as the dominant quality in our lives. By Spirit, we become conscious of being born, as a new creation, in harmony with God's will and purposes. This will lead us to freedom from ignorance with an abundance of all that is good.

Individually, we are powerless to change the ruling authorities. As social pressure forces these authorities to change, all they do is transmute into another oppressive organisational structure, in order for them to continue exactly as in the way before. Here we need to become wise and read the signs of our times correctly. The only lasting change that we can consider is the change that can be effective, in the case of each person, as they apply the knowledge, which liberates us from ignorance. This knowledge will open the way to help us understand the way of the Spirit, which will lead to the liberation of man, with the resultant freedom from fear. The end result must surely bring harmony with God and blessings until there is no more want.

Knowledge Transfer Leads To Abundance of Good

We are living at the perceived age of enlightenment, which is a time of sober contemplation of all the knowledge, which has been made available to us. This book is knowledge transfer, which must lead to super

abundance of good, with health, wealth, love and perfect self-expressions, until the day of release, when we will be privileged to enter into the Kingdom of God, with everlasting life in view. This is the real life, a life of happiness and peace, for eternity.

Enjoy these writings, and reach out to become empowered to be part of a new creation, seeing with the eyes of the Spirit, and living a life dominated by Spirit, which is from God, the Spirit of which was also in Jesus Christ. This is the ultimate success mentality, which must lead to super abundance of what is good, with peace, health, wealth and love and this to God praise and glory into all eternity, even forever.

Children Of Light

When we were ignorant and in darkness mentally, we were alienated from the light that belongs to life, it was then that God loved us first. He gave his Only Begotten Son, as a propitiatory ransom sacrifice for our sins; but not for our sins only, but also for the sins of the whole world. Now, the light has come into the world that by means of it, we shall have life and have it in abundance. God is Light and God loved the world of mankind so much that he gave His Only Begotten Son, in order that everyone exercising faith in Him, might not be destroyed but have everlasting life. Thereby, Gods Son has become

to us the Chief Agent of life; he has become the Light of the World.

At the very beginning, man was in the light, and man saw that everything was good, and darkness was not to be found, until that fateful day, when our forebears failed to appreciate the light, and they reached out to darkness itself. As a result of this, they found darkness, because whatever we think about we also bring about. This was a sad chapter in human history that changed mans consciousness, from a consciousness of super abundance of good to a consciousness of lack and limitations. That event brought about a change of belief, to believe in two powers, the power of God and evil. That, in turn, would bring about the good and the bad. Man entered the age of darkness and ignorance, with lack and limitations and a belief in two powers, which is a belief in good and bad.

Holy Spirit Corrupted By Unbridled Desire

Here we want to be reminded, that a person that is moved and motivated by God's Spirit must bring about the fruitage of God's Spirit, which are love, joy, peace, mildness, kindness, goodness, faith, self control and long suffering. However, Holy Spirit, from God, can also become corrupted; this has taken place at the beginning, through unbridled desire, by Adam and Eve. This was

the case in the Garden of Eden, where Eve was persistent in her desire, to prove that the forbidden fruit was in fact good for food. But the issue in the Garden of Eden had nothing to do with food. It had everything to do with principle and Adam and Eve failed to discern the bigger picture. This was the operation of Spirit in the out-working of Gods purposes. This failure, in our obedience to the God given directives, on the part of our forebears, ushered in the age of ignorance with a changed consciousness, from a consciousness of super abundance of all good to a consciousness of lack and limitation. Adam and Eve failed to discern the possibility that they were about to bring into existence a power in opposition to God Power, which was in fact, the power of evil. This was a grave mistake indeed.

The Age Of Science Brings Relief From Despair

The age of ignorance continued until now. During past ages we were given proof that mans existence proved to be a time of disease, war, crime, violence, error, sickness, anxiety, fear and death. From this limiting existence, man was finally raised up, from total despair and he entered the age of science and of so called knowledge. This newly found knowledge has brought about every conceivable material benefit, which was perceived to be good, which was designed to supply our every need for

food, clothing, coverings, recreation, comfort and pleasure. It was the age of so called understanding of the things seen, the physical manifestation, which is surrounding us all. Finally, the consumer madness was born, which has come into full bloom during the 20th century.

Jesus Christ Was Born Into A Humble Existence To Change Everything

However, the spiritual environment was not understood. It was neglected in all aspects of human endeavours and the religious fraternity did not rise up in support of spiritualisation. Some 2000 years ago a man was born into a humble beginnings. He was about to change everything. His name was Jesus, the Christ, the son of Joseph and Mary. In fact Joseph did not father the Christ, it was by Gods will, through God's Spirit that the life force of the Christ was transferred, and thereby, for Jesus Christ, to be born of woman; Mary conceived him. Therefore, the Christ was rightly referred to as the son of man and the Son of God and he became such by the Law of Transference. Before his arrival on earth he was the Only Begotten Son of God, in heaven, and Gods Word, the Bible, foretold the coming of this one. He was destined to become the Saviour of the world of mankind. This one had a pre-existence as the 'Word' or the

‘Spokesman’ of God, who proved himself, to be the promised one, the Messiah.

Light Has Flashed Forth

Light has flashed forth in this darkened world and the foundation was laid for the greatest change in the history of mankind. This one, the Christ, was destined to satisfy the requirements of universal law, the Law of Compensation, by giving his righteous life as a ransom sacrifice for many. In fact, he gave his righteous life for the whole world; and the Christ was to become the only, and most powerful source of light, directed by God, for the benefit, and for the eternal good, of mankind. By this powerful light, the Christ could penetrate every vestiges of darkness and bring knowledge and understanding to many. It was the beginning of change, which would eventually do away with all darkness and that would mean the removal of lack and limitation from every heart and mind of man. The purpose of Christ's existence, as a man, was for him to become the father of all those having faith, as such, the Christ was to become the Last Adam who is the Wonderful Councillor, the Eternal Father, the Prince of Peace and the Mighty God. He is destined to become the King in the Kingdom of God. How was this meant to come about, when all we know, and have ever known, is a life of sin, sickness, fear, anxiety, worry and death?

Jesus Came In The Likeness Of The Flesh of Adam

Universal laws and principles govern the universe. From this we understand that it was necessary for a righteous man to die, in order to bring many to righteousness. It was necessary to bring the prospect of everlasting life to the human family. In addition to this, we also needed to understand, and get to know the cardinal qualities of God, which are Love, Justice, Wisdom and Power. These qualities and principles are behind the coming of the Christ and they are at the base of the Kingdom of God. Jesus came to satisfy the requirement of the law, which was given to the Jewish people, by means of Moses, their leader. Jesus came in the likeness of the flesh of our forefather, Adam, to give his righteous life as a ransom for many.

The Law Of Compensation Fulfilled in Jesus Christ

This change, which was brought about by the Christ, which was and is, to bring righteousness to mankind on the basis of faith in the ransom sacrifice of the only begotten Son of God, our Lord and King. The Christ was destined to become the Last Adam, the father of all those having faith, to preserving alive of the soul. This was in compliance with the universal Law of

82

Compensation, which is based on a life for a life principle.

The Law of Compensation underwrites that a righteous life lost, as was the case with Adam's life, the life which Adam had prior to his sin, had to be compensated by another righteous life. This was necessary, in order for the vacuum in the universe, which was as a result of Adam's transgression, to be filled by another righteous life, as the equal of what Adam lost. This would provide the assurance that God's purposes for the earth, and for mankind as a whole, would be fulfilled in the creation of a righteous humanity, existing in God's righteousness, to God's eternal praise and glory. This satisfies the original purpose of God, for mankind.

Mans Changed Consciousness

These are the deep things of God and we perceive it to be a privilege, indeed, to receive this knowledge and understanding, because, it will lead to our survival, to life everlasting with a consciousness of super abundance of good. When on earth, Jesus Christ walked as a righteous man toward a sacrificial death, by this willing sacrifice he would satisfy the requirements of the Law of Compensation and the Law of Transference, namely the transfer of his righteous life, or the Spirit of it, to anyone who would be willing to exercise faith in the ransom

provision, and thereby, die in the likeness of Christ's death.

Christ died with reference to sin, the sins of the world of mankind, in order to do away with sin, for all times. By his death, the Christ left behind his righteous Holy Spirit in order for it to benefit all those exercising faith in the ransom sacrifice of his life. Here we need to understand that a righteous life, when sacrificed, has the universal and God given right to exist eternally, it cannot be destroyed. The righteous life that Jesus Christ had cannot be destroyed; it cannot be lost. This is so, because it is a righteous life that was sacrificed and a righteous life has the right to everlasting life when sacrificed. This is the underlying principle of the sacrificial life of the Christ. God has made this righteous life available to every man and woman on the basis of faith, or on the basis of belief on the basis of consciousness.

Here, we need to understand that the Spirit of the Christ is in support of human life, and when the Spirit leaves the body, at the time of death, then the person is lifeless. However, the Spirit of a righteous man cannot be destroyed, it has the God given right to live eternally, if sacrificed. However, that Spirit, which is Holy Spirit, can thereafter be given to a suitable claimant. That suitable claimant can only become available through an act of faith. Every person that makes himself available in compliance with the requirements of the ransom

sacrifice can receive the Spirit from God, the father, the Spirit of which was also operative in Jesus Christ. This takes place at the time of your baptism, and this action changes consciousness, because it is based on a belief, the belief of which is based on truth, because Spirit is truth.

You Have To Die In The Likeness of Christ's Death

Now, the Christ died, with reference to sin, as was stated previously. But if a sinful man, or woman, is to benefit from the death of a righteous man, then they themselves will have to die with reference to their own sins and this in imitation of Christ's sacrificial death. Christ died with reference to sin, the sins of the world; therefore, we also willingly die with reference to our own sins. On the basis of faith, whereby, we can be declared righteous by God and be set free from sin, and then come under the Grace of God, or, under the Undeserved Kindness of God. Through the Undeserved Kindness of God we are set free from the accusation of the Law of Consequences, you reap what you sow.

This is so, because, everyone that has died has been acquitted from all of his sins, and the greatest book ever written states that the wages sin pays is death. Therefore, by your faith, which works out death in Christ Jesus, by willingly dying with reference to your sins, you can be

declared free from sin and receive from God His Spirit, which was previously also operative in Jesus Christ. Thereby, you can receive the righteous Spirit that was in Christ, through the universal Law of Transference, the Spirit of which he sacrificed for you, the one with little faith.

At His Death, Christ's Spirit Returned to God Who Gave It

Here it is worthy to remember that Jesus Christ yielded up his Spirit at the time of his sacrificial death and that Spirit returned to God, the Father, who originally gave this Spirit to Jesus Christ at the time of his conception. This is Holy Spirit, which is now with God, that was previously operative in Jesus Christ. God can now transfer this Spirit, which was also in Jesus Christ, to anyone on the basis of faith, in the ransom sacrifice of righteous life of Jesus Christ. This Spirit will operate in any person on the basis of true faith. This faith changes consciousness in man, from a consciousness of lack and limitation to a consciousness of super abundance of good.

Christ Becomes A Beacon Of Light To Those Who Have The Faith

Christ has become, to all those that love life, a beacon of light toward which those that have faith, will go, to become associate light bearers with the Christ. By this transformation, you can be declared righteous by God, on the basis of faith in the ransom sacrifice of Jesus righteous life.

This is what is required; you take in accurate knowledge from God's Word the Bible and exercise faith in Christ Jesus and you get baptised, by going under the water in the likeness of Jesus baptism by John. Because you have done this, you have died, in a spiritual sense, by going under the water. You have died from Gods point of view, in the likeness of Christ Jesus death. The greatest book ever written, the Bible states that your spirit or creative life principle at the time of death returns to God who gave it. By this process, you are set free from Adam's spirit, which operated in Adam and was passed on to mankind through procreation, and thereby, you are set free to receive the Spirit from God, the Spirit of which was also in Jesus Christ, our Lord.

The Progeny Of The Christ

By this process, for but a moment, you are without spirit, but you are also without sin, and now, God gives you His Spirit, which was previously also in Jesus Christ, our Lord. As you come up from the baptismal water, you come up with the Spirit from God, within, the Spirit of

which was also in Jesus Christ. Thereafter, on the basis of your faith, God also gives you imputed righteousness, undeserved kindness and everlasting life. You have put on the Christ, and you are a new creation, born of water and Spirit. You have become a Christian; you have become the progeny of the Christ, because you have put on the Christ-Spirit, within, the Spirit, which is from God.

You Have Become A Shining Light In Christ

You have indeed become a shining light and you are able to bring many to the light, as you let your light shine by your Christian conduct. You have a changed consciousness, from lack and limitation to a consciousness of super abundance of good, and whatever you ask of God, this you shall also have and that at the time of asking and it will be given to you. You are a new creation, born of water and Spirit and you are declared Holy, as a Son or Daughter of God. You have complied with the entry requirements into the Kingdom of God.

As associated light bearers, with Christ Jesus, you have the power to destroy darkness, wherever you go, because darkness has no principle and can always be destroyed by additional good, which comes by means of the light, within; you are radiating this light and with you there is

brightness all around. It can be said that every cell in your body is bright light, by reason of the Spirit, within. Therefore, let your light shine for the benefit of all those that come in contact with you, the benefit of which is by reason for your faith.

The Spirit From God, Which Was Also In Jesus Christ

Now that you have the Spirit from God, which Spirit was also in Christ Jesus, you are able to cultivate the fruits of the Spirit, which are love, joy, peace, mildness, kindness, goodness, faith, self-control and long suffering. In addition to this, you are also able, by Spirit, which was also in Christ Jesus, to be circumcised in your heart by Spirit. Thereby, you are now clean before God and He calls you Son or Daughter and you call God, Father, and whatever you ask of him, in faith, this you shall also have and this at the time of asking, and it will be given to you.

Darkness Has Been Put On Notice, It Must Yield To The Light

You are in the light and you are at peace and happy and you have become a guide to the blind and a light to those in darkness. As a result of this, many will come to you and ask of you a reason for your faith and you love

them and lead them to the light of understanding and bless them with peace. Darkness is all around and darkness has been put on notice, it has only a very short period of time remaining before being destroyed by the light. Therefore, let your light shine and help anyone, that is desirous, to come to the light and get healed.

Very soon the forces of darkness will attack the 'Religious Harlot', which is riding the Wild Beast of Revelation, Chapter 13. The Wild Beast and its supporters will destroy this religious Harlot with the support of the United Nations Organisation and you will be able to see it. It is now the time to go to the light and there you will be encouraged and instructed to enter into your inner chamber, but for a short while, for your protection, and you will see the destruction of the religious harlot, which is a terrifying event, indeed. But, your faith is radiant and together with your brothers and sisters, you will inherit the earth, this will be by reason of your faith and due to the love of God, the love of the Christ and the love of neighbour.

Beware Of The Mark Of The Wild Beast Of Revelation

These events will precipitate the final attack on God's people, and then, the rage of God the Almighty and that of his Christ, will come to the fore to destroy all the

remaining political and commercial elements, including those who are their supporters. Those who have sided with the Wild Beast, who have received the number of the Beast, which is the number 666, these supporters will go into eternal destruction, which is symbolized by the lake of fire. We, who are in the light, will see it and no harm will come to us. We will be victorious. We will be rejoicing and be happy, because salvation belongs to the righteous ones, those who have made their robes white in the blood of the Lamb. (Revelation, Chapter 7).

Enter Into The Peace That Belongs To Faith and Live

Get ready all you Holy Ones, you lovers of God and the haters of what is bad. Join in and become associated light bearers with Jesus Christ, our Lord. The eternal light of splendour and beauty will be upon all those that love God and neighbour. Let us enter into the peace, which belongs to those who have the faith to preserving alive of the Soul.

May the God who cares bless all those who love the light, those who are walking in such a way so as to obtain it and to live by it and this to God's praise and glory, even forever?

Concluding Thought

To be, or not to be, leaves us with a resounding affirmation of the need to 'be', before we can have. We are reaching out to a better understanding of ourselves and in the process we are uncovering the treasures of wisdom, which will lead to harmony with God and with universal law. Mankind as a whole is moving ever forward to the inevitable removal of disharmony from the lives of surviving mankind.

There is a positive vision, which must lead to oneness with God, as Sons and Daughters of God, where the concepts of lack and limitations are forever removed from our thoughts. This must, by deduction, also include the removal of the thought of anything bad. Bad cannot exist with God, the Omnipotent, Omniscient and the Omnipresent One with whom there is not a variation of the turning of the shadows. You and I are the privileged ones who are invited to enter into Gods presence, in a spiritual way. In that presence, there is no bad, because the ever-present light will destroy darkness including lack, limitation and bad.

You Are Called To Be In the Light

This discussion is to be considered in every detail, and it needs to be made your own, through meditation and reflection on the deep things of God. You are called to be in the light, with the Father, and that comes to you

through the ransom sacrifice of the only begotten Son of God, Jesus Christ, a righteous one. This one did not hold back from offering the most precious possession he had and that was the right to live everlastingly on earth, as a perfect human Son of God.

Here you are taking in this precious knowledge, although, indeed, limited to the subject under discussion. The blessings from the Almighty be upon you until you have received the complete understanding which leads to everlasting life as a righteous one, as a son of God with Holiness and righteousness to fully pleasing the one that called you into His wonderful light of understanding in association of all those that love you.

Love Is The Constitution Of The Incoming Kingdom Of God

Love is the constitution of the incoming Kingdom of God and you are privileged to grow in knowledge and understanding of the deep things of God. At the end of the 1000year rule of Gods Kingdom it will have accomplished its purpose. At that time, the last enemy death is to be brought to nothing. It is then that the Christ will hand over the Kingdom to his Father, God, so that all things may be all things to God.

Make sure to continue in the way of life and light and keep on searching the Greatest Book, Gods Word the Bible, and come to grow to full maturity and to be fully pleasing to Him that called you into His wonderful light. Make sure of the more important things and love God, the Christ and your fellow man, with all your heart, mind and vital energy and love your neighbour as yourself. In the finality, we will be well equipped to be children of God, walking in the way of Holiness, to the end of fully pleasing Him, that called you.

Notes:

Chapter 4

By Spirit Within

Man's Way From The Beginning

From the beginning of man's existence until now, mankind has lived in a state of illusion, seeing and believing in two powers, when in fact, for man, made in the image and likeness of God, there can only be One power, the power of which is God and good. We are moving ever closer to the emancipation of mankind. This is the day when we can say, free at last; where we have been set free from the corrupt spirit, within, which has brought to us sin and death.

Lack of knowledge and lack of understanding has held mankind captive and in a state of ignorance until now. The vast majority of people everywhere are in bondage to the same age-old power of ignorance. This is what must change to move mankind into a future of prosperity and health with wealth and love.

Ignorance The Hand Maiden Of Rulers

Ignorance is and has been the handmaiden of those who hold sway in the houses of power, affecting the whole of mankind. In fact it can be stated, with a measure of certainty, that the three pillars of human society, which are in support of human rule, can be identified as the political, commercial and religious pillars of support.

Collectively, these three support structures, which are in support of human rule, use ignorance as a means to control humanity. This may hold true for mankind in general, but by closer consideration of all the facts, we must come to the conclusion that the use of institutionalized ignorance works primarily for the benefit of those in power, in order to maintain the status quo. By this arrangement the rulers can continue in the general belief of two powers, of God and evil or good and bad.

Three Pillars In Support Of Human Rule

However, times are changing and these three pillars, which are in support of organised human society, are rocking. There are powerful forces at play, which are bent on destabilizing this arrangement of global stability that has served mankind over thousands of years until now. The possibility of the collapse of any one of these pillars, which operate in support of human rule, will prove to be catastrophic, indeed, affecting the whole of mankind. The result of such an event is at present unimaginable. Its consequences are far reaching, to say the least, and may result in unimaginable human suffering, through resultant mayhem and anarchy. The reason for such a possibility, as unlikely as it seems, is the fact that mankind is at present going through the process

of awakening as if from a deep sleep. Such level of disturbance in orderly human rule is indeed a matter of grave concern for all of those who desire to maintain the status quo in human affairs.

Belief In Two Powers From The Beginning

From the beginning of man, humanity believed in two powers, the power of good and the power of bad, or God and evil. However, by closer consideration of all the facts, a belief in evil or in bad does not satisfy revealed understanding from the very beginning of man's existence. This belief in two powers, became part of man's understanding through man's failure to appreciate the belief in one power, which is a belief in God and good. According to our understanding of man's earliest beginnings, man was conscious of only good. By this consciousness of good, man could bring about the product of his thoughts and that was only good. The power of evil, which is in opposition to God, had at that time not made its debut. At that time, bad was not a concept formed in the mind of man. This was so, because man was Holy and he was created in the image and likeness of God; and with God, bad cannot exist, because bad is nothing, it has no principle and it has no power, it can always be destroyed by an additional good.

Wrongly Directed Desire

Evil and bad could only exist, if a thinker and creator, by his thoughts, created such a concept. This could only take place by strong desire, directed in wrong channels of thought. Here we understand that wrongly directed desire would mean desire directed in wrong channels of thought. This took place at the beginning, when man was faced with a choice, which was a God imposed limitation, not to eat and not to touch the fruit of a certain tree in order that man may not die. But man, being made in God's image and likeness had no concept of bad, or a concept death. Nor had man formed, at that time, a concept of limiting his desire for anything. He was conscious of abundance of good. However, man, was faced with a choice, to eat or not to eat and not to touch, the fruit of the tree that was in the middle of their Garden Home.

A question comes to mind; why would God allow a tree to exist that could prove to be to man's detriment, when God had the power to remove the tree at any time. God was the maker and the creator of only good. However, the tree, in their Garden Home, had fruit that were not to be eaten. In fact, by eating of the fruit of the tree of the knowledge of good and bad, man would certainly die. On the other hand, God cannot entertain any form of bad, because bad was nothing at all and it could

always be destroyed by an additional good. Man needed to understand what this knowledge meant and accept it as truth, as an absolute.

By meditation on the subject of obedience, by faith, the principles operating in support of this God given commandment could be appreciated. The purpose of the tree of the knowledge of good and bad served to impart knowledge. The overriding principle, behind the tree of the knowledge of good and bad, was love. However, the person, who had their mind of fleshly benefits, did not discern the depth of God's love and wisdom. As Eve kept on looking at the fruit of the tree, with strong desire, she became convinced that the fruit of the tree was beneficial to her and her husband. Desire is a very powerful thought form, by means of which, man could bring about the product of his desire through the Law of Attraction, which was either good or bad. It mattered not to the law. On the other hand, the spiritual man, within, had the power to overrule the fleshly man, without.

Man's Fall From A Position of Power

Let us now consider the God-power, within. Man at the beginning was perfect and in harmony with God. Man had Holy Spirit, which operated in every cell of his body,

in order to maintain godlike perfection. However, to create whatsoever man desired, man had to understand the Laws working in man's favour to create whatever he desired. According to the universal Law of Attraction, man could create both good or bad, it mattered not to the law. However, man had no concept of bad, and therefore, he had to be shown, by means of a literal tree that eating the fruit of the tree, to which bad was attached, would lead to death. However, bad has no principle to support its existence. In other words, as a free moral agent, man could create good or bad if he desired to do so. However, desire for something, which is termed bad, would lead to changed consciousness and to a belief in two powers, the power of good and evil. After all, the tree of the knowledge of good and bad was a loving act of God, which had the purpose to teach man to create things that are for the benefit of the greater whole. The desire, for what is bad, violated the godly principle of what is good and that would lead to man's alienation from the source of all power, which is God; it would lead to disharmony with God and that would result finally in man's death.

Creating Bad Would Lead To Changed Consciousness In Man

Here, it is a good thing to consider the impartial Law of Attraction, by means of which, man was able to bring

about the good, or the bad. Man created by thought, and therefore, it is imperative for man to know that the creation of bad was not to be desired by perfect man. In fact bad has to have no place in man's thought processes. Bad has no principle and can always be destroyed by additional good. Bad was against God's arrangement of what is good; it had no place in the righteous universe, therefore, bad was against free moral agent, man. Creating bad would mean creating a secondary power, in opposition to God, which is the power of evil.

Man, by the creation of what is bad, would become the host of darkness, or the host of bad, since bad existed nowhere, except in man who created it. That action, to take and eat of the fruitage of the tree of the knowledge of good and bad, would change mans consciousness; and changed consciousness, which is changed belief, would lead to isolation from the source of all power, which is God and good.

The Tree Of The Knowledge of Good And Bad Indicated Two Powers

In order to teach man universal principles, he had to learn that bad was not to be desired, because bad has no principle and has no right to exist in man's consciousness, or in man's thought processes. With God, bad could not exist, because God is perfect, good, Holy

and righteous. Where there is perfection and Holiness there can be no bad, unless bad is created and that action then must lead to death. Remember, the tree of the knowledge of good and bad was only a symbol of knowledge indicating that eating and touching the fruitage would bring about what is bad. Man, being made in God's image and likeness, had to know that bad must not be given a home, in his consciousness. For that reason, and on the basis of love, the tree of the knowledge of good and bad was indicated to man, to which the knowledge of good and bad was attached, and this by God's decree.

Then God added a limitation, in respect of the fruit of the tree. God stated: From every tree in the garden you may eat to satisfaction, but, from the tree that is in the middle of the garden you must not eat, no, you must not touch it, in order for man not die. We have come to know this tree as the tree of the knowledge of good and bad. By man's free will, by an act of faith, man was to abstain from eating of the fruit of the tree of the knowledge of good and bad in order to continue to have God's favour and live with an abundance of good.

*The Tree Of Life Brings Life
Consciousness*

On the other hand, God also indicated another tree that was also in the middle of the Garden and that tree was the Tree of Life. There was no prohibition, nor was any limitation attached to eating from the fruitage of the Tree of Life. This tree, if used for food, had the power to cause man to become Life Conscious. Life Consciousness has not come to man by eating of the fruit, but rather, by the belief that by partaking of the fruit, man would change consciousness, and thereby, man would have Life Consciousness. This tree was especially beneficial to man in comparison to the former tree to which death was attached. Here it is good to mention that a person who is conscious of his spiritual needs would have paid attention to the Tree of Life, in order to become Life Conscious, and thereby, having life in abundance, being conscious of everlasting life. But this was not to be the case at the beginning, when in the Garden Home of Eden.

Desire Of Something To Which Death Is Attached, Brings Death

The woman, Eve, kept on looking at the tree of the knowledge of good and bad, and by doing this, she cultivated strong desire for the fruit of the tree. Desire is a very strong thought form and we understand that desire, when directed in wrong channels of thought, can lead to chaos and illusionary and fictitious thought

creations. We want to remember that man was and is a creator made in the image and likeness of God. Therefore, desiring something to which death is attached, would of course bring about the product of that desire and that would of course be death. Forced desire, directed in wrong channels of thought, can lead to illusionary thought creations, and in this case, it led to bringing about a secondary power, in opposition to God, the power of bad and of evil.

By Strong Desire the Speaking Serpent Appeared To Reason With The Woman

This is exactly what took place at the beginning, when man kept on looking, with strong desire, at the fruit of the tree to which death was attached, as a retribution for error. By desire and thought, man created a power in opposition to God, by means of reasoning on the rightfulness of eating or not eating of the fruit of the tree. By strong desire, the woman brought about an illusionary thought creation, resulting in the manifestation of a speaking serpent. This speaking serpent was needed in order to enter into a dialogue with Eve, and thereby, convince Eve that eating from the fruit of the tree of the knowledge of good and bad would be of benefit to her. A grave mistake, indeed!

However, a commandment from God must never be subject to man's reasoning processes, because, with God there is not a variation of the turning of the shadows. With God everything is good. Therefore, not eating from the tree of the knowledge of good and bad would have been good for man. Eve elected to reason, on the subject of good and bad, with the aid of the speaking serpent, in order to become convinced that it would be good for her to eat from the tree of the knowledge of good and bad. As a result of this reasoning and by the subsequent dialogue with the speaking serpent, the woman became totally convinced that eating from the tree of the knowledge of good and bad would prove to be good for her and her husband, and the woman ate.

Here we need to remember that a limitation from God was an Absolute; it had to be obeyed on the basis of faith and not on the basis of reasoning. Obedience to any command from God, based on faith, would always be good for man. Therefore, reasoning on the subject at hand was a fundamental mistake in early man's thinking, and it is a warning to all of us today. Reasoning has its place when dealing with physical subjects of an earthly nature, when you deal with more than one possibility for any desired physical outcome. In the case of Adam and Eve, there was only one outcome and that should have been obedience, by faith. The imposed limitation was an Absolute, it came from God and it entered the subconscious domain of man as an unchangeable truth

because Spirit is truth. It came from the highest source known to man, which is God. By reasoning on the subject, based on strong desire directed in wrong channels of thought, Eve created an illusion, a power in opposition to God, in order to satisfy their desire. Both Adam and Eve started to believe in two powers, in God and in evil, or good and bad.

Man Changed Consciousness, He Changed His Belief

This action, which was based on strong desire, changed consciousness in the first humans, from a consciousness of abundance of good, to a consciousness of two powers of God and evil, with lack and limitation. This was a catastrophic change that took place in man, while in their Garden Home. The power of evil and bad was created by man, at the beginning, and the power to do bad, which was in opposition to God Power, dominated mankind from that fateful day onward, until now.

Today we see a global society of mankind, moved by the belief in two powers, of God and good, as well as of evil and bad. By the belief in two powers, man would bring about an abundance of lack and limitations, with fear of every kind, including anxiety, sickness, crime, violence of every kind and finally death. As a result of this, all of mankind is dying and there appears to be no helper. But

this is about to change as we take in the knowledge that can preserve alive its owner.

The Power Of Evil Makes Its Debut

Mankind is participating in an organised system that is in support of two powers, which is God and good, as well as, evil and bad. This belief system prevents mankind from having oneness or harmony with God. This has led to alienation of mankind from the source of all power, which is God and good. The power of evil became manifest in every part of our human endeavour.

Belief In Two Powers Make's Mankind Unfit for Purpose

The power of evil and bad has led to many wars being fought in countries all over the world. It is good to understand that the three pillars in support of human rule are dominated by this belief, in two powers, of God and good, as well as evil and bad. This means that every religious organisation is indeed in support of this belief system, believing in two powers, when in fact, there is in reality only one power, which is God and good. On the basis of this flawed belief, all religious organisations are unfit for purpose, because, they create over and over again the effect of evil, by means of their flawed creative thoughts, which are based on a belief in two powers, in

God and in lack and limitation. The greatest Book ever written, Gods Word, the Bible, also supports this understanding. Jesus, on the other hand, believed only in one power, which is God and good; however, Jesus was aware of a general belief in evil in mankind as a whole, bringing about bad, lack and limitation of every kind.

Be Set Free From The Chains Of Ignorance

Today, we are finding ourselves at a critical stage, where we can expect to be released from the chains of ignorance. Being part of humanity, we have the prospect of being set free from the curse of an active consciousness of lack and limitations. As a result of this liberation, we are able to enjoy the freedom as children of God. But, in order for us to enjoy super abundance of good, we need to change consciousness, from lack and limitation, or from a belief in two powers, to a belief in one power, being the power of God and good. We need to take possession of a new consciousness that empowers us to belief in one power, which is God and good. This change of belief, from lack and limitation to superabundance of good, comes to us through the universal Law of Compensation.

Oweness with God Is A Universal Issue

Man, over the years of his journey into the future, has been in search of a clearly defined identity. Our forebears, Adam and Eve, were removed from a position of favour with God, after failing in their obedience, on the basis of a lack of faith to the God given directions. It was Adam and Eve who failed to see the need for a belief in one power, which is God and good, as an absolute. At that time, in the Garden of Eden, this issue of believing in only God and good came to be a universal issue.

God pointed out the tree of the knowledge of good and bad to Adam and Eve, in order to give understanding that with God and man, there can only be good. Adam and Eve had to learn that bad has no principle, and therefore, bad can always be destroyed by an additional good. That good would come to man through another tree, the tree that was also in the middle of their garden home. That tree was called the Tree of Life. By eating from the fruitage of this tree, man would have become Life Conscious.

Two Trees At The Beginning

Two trees were indicated to Adam and Eve in their garden home. There was the Tree of Life and the tree of

the knowledge of good and bad. By eating of the fruit of the Tree of Life man would have become Life Conscious, being conscious of having life, within, everlasting life. They would have become conscious to see only one power, which is God and good.

With this acquired consciousness, or belief, Adam and Eve would have become conscious of God-power. They would have understood, that with one power consciousness, of God and good, there is no need for another power, which manifested in the power of evil and bad. By eating from the Tree of Life man would have become conscious of being on the Plane of the Absolute, the God Plane, and there, evil and bad cannot exist. Bad could not manifest on the plane of the Absolute, the God Plane of existence, because bad has no principle and is nothing, indeed. It can only exist in the vain imagination and in a flawed consciousness of fallen man.

There Is No Consciousness of Evil With God

Adam and Eve would have come to appreciate that super abundance of good indicated to them oneness with God and good. On the Plane of the Absolute, there is only one power, which is God and good. Where there is oneness with God and good, there can be no power of

evil, because with God there is eternal celestial light and where there is light there can be no darkness. Light always destroys darkness, as good always destroys the bad.

Man Reasoned On The Benefit Of The Fruit Of Good And Bad

Man, at the beginning, failed to see the eternal benefit that would come to them by eating from the Tree of Life. However, in respect of the tree of the knowledge of good and bad, man reasoned on the benefit that the fruit could have for them. Questioning the very purpose of God, as represented in the tree of the knowledge of good and bad. They opened their mind to reasoning on the subject at hand, in order to understand the purpose of the limitation of not to eat of the fruit of the tree. They saw only the imagined physical benefit, which would come to them by eating the fruit of the tree. They imagined that the fruit was good for food.

Man failed to see that the tree of the knowledge of good and bad indicated the manifestation of two powers that would result in good and bad. Eating from the fruit would lead to the belief in two powers, God and good, as well as, the power of evil and bad. God knew that evil, if given a home in man's consciousness, could be created by means of the Law of Attraction. Therefore, God, who

is love, indicated the limitation to man that he would become unfit for purpose if he disobeyed. Death is the opposite to life and that fact should have move man to eat from the Tree of Life, and thereby, become Life Conscious, which would have worked out for the benefit of mankind as a whole.

A Thought Creation Brought About The Speaking Serpent

However, by strong desire to eat of the fruit of the tree of the knowledge of good and bad, man brought about a thought creation in the form of a speaking serpent, an illusion. This came about by strong desire, directed in wrong channels of thought, which brought about the thought creation of the speaking serpent, in order to reason with Eve, and thereby, for her to become convinced of her perceived good, in the eyes of man. Here we need to understand that Eve sinned from the moment she reasoned that the fruit was good for food. By their good intention, man created a secondary power, which was in opposition to God power. By thought and strong desire, they created an illusion, the speaking serpent, which was a power in opposition to God. The power of evil and bad was created, in opposition to God, on the basis of reasoning on the fleshly benefits of the fruit that was on the tree. By this thought creation, man became convinced that the fruit was good for food and

the woman ate. Instantly, man changed consciousness, from a consciousness of abundance of good to a consciousness of lack and limitation. Man brought about an illusion, the power of evil, which brings about the concept of bad, as a secondary power to God power.

With God There Is No Concept Of Bad, Man Knew Only God & Good

By reasoning on the subject of God's rightfulness, of God placing this tree in the middle of their garden home, Adam and Eve acted in compliance with a lack of faith. Adam and Eve should have known that with God there is not a variation of the turning of the shadows. In other words, it is unthinkable that God would have put Adam and Eve to the test. After all, Adam and Eve were the Son and Daughter of God, and therefore, they would have the knowledge that they were like God, knowing only what is good. Therefore, with God, there is no knowledge of bad, nor are there negative concepts of any kind.

Bad Has No Principle It Is Nothing At All

With God, there is eternity of good, and bad has no principle and it can always be destroyed by additional good. Therefore, there can be no concept of bad with

God. But there was more to the tree of the knowledge of good and bad. By eating and by touching, the fruit of the tree of the knowledge of good and bad, Adam and Eve became separated from the source of all power. As a result of their action, by their failure to obey Gods commandments, not to eat from the fruit of the tree, they would die.

Adam Chose The Way Of The Flesh Instead Of The Way Of The Spirit

Well, we have to understand, that as a Son or Daughter of God, man was destined to become a creator like God, but with differentiated power, from God. They would first and foremost be spiritual creatures, because, they were subjected to the operation of Spirit, which is from God. That Spirit is Holy Spirit. As such, they had to buy into the same thought concepts, which God accepted also for himself. Therefore, it would have been right, at that time, for Adam and Eve to be reaching out to the Tree of Life, rather than reaching out to the tree of the knowledge of good and bad.

The Speaking Serpent Was An Illusion Rooted In Forced Desire

They failed to see the love of God for man, and instead, they started to see God as the one who wanted to take

something good away from them. The desire, to satisfy the reasoning mind, led to the creation of a power in opposition to God. This power came in the form of an illusion, by imagination, seeing and communicating with a speaking serpent, whereby, Eve became convinced that the tree of the knowledge of good and bad was good for food and so she ate. Through reasoning and by strong desire directed in wrong channels of thought, Eve created the illusionary power of evil; which can only exist in the vain imagination of fallen man. Later, during that fateful day, she also gave some of the fruit to her husband, Adam, and he ate. This indicates that Eve sinned before eating of the forbidden fruit, when Eve created the proverbial speaking serpent as a thought creation.

Changed Consciousness Brought About Lack And Limitations

The tragedy unfolded, by the creation of a fictitious creature, which turned out to be the speaking serpent. By this illusion, they obeyed the argument of the speaking serpent. They disobeyed the Law of God and they created the power of evil, which was in opposition to God-power, in order to obey it. By this error they created an illusion as a power in opposition to God, and thereby, creating the power of evil. Therefore, man could no longer sustain eternal life. They changed

consciousness in an instant and the lack mentality was born, resulting in a consciousness of not having enough, which led to alienation and isolation from God.

Evil Is An Illusion, A Mind Creation Of Thought And Desire

Here we have the creation of a power in opposition to God, which is based on lack and limitation. A consciousness of lack and limitation was born, which entered the subconscious mind of man as a power of darkness, which operated in opposition to God Power. However, this one fact escapes their notice that God Power is based on super abundance of good, while the power of evil is nothing at all, it is an illusion, a mind creation, which can always be destroyed by additional good. Therefore, man became flawed for life. Man was cut off from the unlimited supply of good, which is from God.

The Law of Karma You Reap What You Sow

Mankind entered the age of the Karmic Law, you reap what you sow and that law will always bring to man death, because it is based on two powers, good and bad. The spirit in man has become corrupted, and therefore, man was no longer able to access God-power to create

super abundance of good. Mankind has lost harmony with the source of all power, which is God. As a result of this, there was no perfect person to be found to provide the ransom, who could have satisfied the Law of Compensation. The Law of Compensation needed to be complied with in order to be compensated for the perfect life that was lost, at the beginning. From that time onward, mankind continued to believe in two powers, of God and good, as well as believing in evil and bad.

This ushered in the age of perpetual life and death for man, which has finally brought us to the present day, where we see man's inability to bring about changes in order to obtain everlasting life, with super abundance of good. However, because of the love of God, this has now changed, and today, we have the opportunity to cultivate a new belief in only one power and that is the power of God, with super abundance of good.

Change With Peace And Poise, Love And Goodwill

The age of change has come upon us as a blessing, and persons of peace and poise, who are moved by love and goodwill, are called upon to exercise faith in the life changing arrangement of God. This life changing arrangement comes to us on the basis of changed consciousness, by means of faith in the ransom sacrifice

of the only begotten Son of God, Jesus Christ. This is the Christ, or the Messiah, who was destined to come, at the appropriate time, to become the embodiment of the righteousness of God, for the benefit of us all, on the basis of faith in Christ's shed blood.

Receive The Spirit From God Which Spirit Was Also in Christ

Here we want to encourage the reading of Gods Word, the Bible, and come to understand the wonderful promises, which facilitate the coming alive of everyone who believes. This belief supports the understanding that it was necessary for the Christ to be born of women, to become for us the Last Adam, the Father of all who have the faith, the faith that can preserve alive of the soul. This faith has its foundation in the ransom sacrifice of the righteous Son of God, Jesus Christ. By our desire, to become reconciled to God, through the blood of the righteous Son of God, Jesus Christ, we shall also receive the Spirit from God, the Spirit of which was also in Jesus Christ.

Born Of Water And Spirit The Way Into the Kingdom of God

This is in compliance with the word of Jesus Christ, when speaking to Nicodemus, a member of the Jewish

120

Sanhedrin, saying: ‘you cannot see or enter into the Kingdom of God unless you are born of water and Spirit’. Therefore, by the arrangement of God, through Jesus Christ, our Lord, you choose to die, on the basis of faith, in the likeness of Jesus death. This you can do by the knowledge and understanding that Jesus died with reference to the sins of the world of mankind. You in turn, also die with reference to your own sins and this at the time of your baptism. There you go under the baptismal water, fully submerged and there you die with reference to your sins.

You Are Declared Free Of Sin Because You Have Died As To Sin

Because you died, with reference to your sins, your spirit, which you have received from your forefather, Adam, returns to God who originally gave it. You have received this spirit, which is from Adam, through procreation and that spirit returns to God at the time of your baptism, where you willingly die in the likeness of Christ Jesus death. Thereby, God declares you free from sin, because, you have died, as to sin. God can now give you His Spirit, the Spirit of which was also in Jesus Christ. This is Spirit transfer, from Jesus to God, which took place at the time when Jesus died as the Lamb of God. That was the time when Jesus willingly died and sacrificed his right to live everlastingly on earth. At the time of Christ’s

death, His Spirit returned to God, who gave it. Now, that Spirit is God's to give to anyone, on the basis of faith.

You Are A New Creation, The Progeny Of The Christ

As you come up from the baptismal water, you come alive with a new Spirit, as a new creation. You are in fact born of water and Spirit, and thereby, you have satisfied the entry requirements into the Kingdom of God. You are Holy, having received the Spirit from God, which spirit was also operative in Jesus Christ. You are a new creation, a Christian, with the Spirit of the Christ, within. This is by the arrangement of God, the Father. Thereby, you instantly change consciousness, from a consciousness of lack and limitation to a consciousness of super abundance of good. You have become the progeny of the Christ; you have become the offspring of the Last Adam.

Evil Has Come To Nothing Because Evil Has No Principle, It Has No Life

You have come to be like your heavenly Father, knowing what is termed good. You have become conscious that

there is, for a Christian, only one power and that is God and good. As a result of this, you are no longer able to consider and recognise bad, because you have changed consciousness from a consciousness of lack and limitation to a consciousness of super abundance of good. Evil, in your case, has come to nothing, because, evil has no principle and can always be destroyed by additional good. This good has become manifest by the Spirit, within, the Spirit of which was also in Jesus Christ, when he walked the earth as a man.

You See With The Eyes Of Spirit

You are conscious that you have the eyes of God and you see with the eyes of Spirit. Life's pathway is indeed open for you to see, and look, that for you, there are no obstacles. You are liberated to see what God sees and that is good and you have come to see one power, which is God and good. As a Christian, you have the power to bring only good in to your life. Evil is nothing in your case, because you are no longer willing to give evil a home, within, because the Spirit of the Christ dwells within. Therefore, evil can only exist in the vain imagination of man who believes in two powers. Evil has come to nothing, it no longer manifest in a belief system of one power, of God and good.

By The Spirit Of The Christ You Have Oneness With God

Where do we go from here? You are conscious that at the time of your baptism you have received the Spirit from God, which spirit was also in Jesus Christ. You are a new creation, born of water and Spirit, and therefore, by this Spirit, which is the operating principle in the Christian man and woman, you are able to identify, clearly with only one power, which is God and good. God cannot see bad and bad cannot exist in His presence, therefore; only what is good is what God sees. Bad has no principle and it is nothing at all, and therefore, bad can only exist in the vain imaginations of fallen man, in the man who is alienated from God.

The New Creation Which Sees Only God And Good

You, on the other hand, you are Holy and you are declared to be righteous by means of the Christ, within. This is the new creation that sees only what is good, the godly reality. As a result of this you have an abundance of peace and poise, with love and goodwill and by this, you are able to dissolve all negative thought vibrations. You have entered the Plane of the Absolute, the God Plane of existence and whatever you ask of God, this you shall also have and that at the time of asking. You have

124

entered into the perfect square of life with health, wealth, love and perfect self-expressions. You are perfectly happy.

The Prospect To Become A Foundation Stone Of Earth Society

You are encouraged to read this book often in order to retain the essence of this teaching and store this in your memory. This information can be acted upon at will, when necessary, or when called upon to offer a reason for your faith. For you, there is reserved the entry into the Kingdom of God, to become a foundation stone of earths society, under the kingship of Jesus Christ, our King. Alternatively, by the grace of God, you may be chosen to become part of the selected group of 144000 Holy ones, chosen by God, the Father, to rule with Christ Jesus, as associated Kings and Priests over mankind. This 1000year rule is from heaven, over resurrected mankind, here on earth. This group of Holy Ones are also identified as the Bride of Christ.

On The Threshold Of A New World Order

We are standing at the threshold of a new World Order, of Gods making and you would do well to stand prepared, to enter into this time of change with unflinching eyes of faith. In this way, you are awaiting entry into the Kingdom of God, as a survivor of the great tribulation and the war of God the Almighty. This is the time of the destruction of the nations who are opposed to the Kingdom of God. The evil, which is manifest before your eyes, must come to nothing, because badness will always fall away by its own weight. You will be able to see it.

By One Power God And Good

You are privileged to see only one power, which is God and good, because power of evil is nothing at all and can only exist in the consciousness of sinful and fallen man. Evil and bad are Illusions, which are the product of the vain imagination of fallen man. You have moved onto the Plane of the Absolute, the God Plane. On the God plain of existence there is no evil and there is no bad, because of the undeserved kindness of God, or, the Law of Forgiveness, which has been given to you, which keeps you clean and approved by God. You are unable to judge your fellow man, because you see God in every face and good in every situation. By this you become master over all conditions.

This understanding is enshrined in the Law of Forgiveness, or the Law of Grace, and God's Grace perpetually makes a person clean, a person that is in receipt of the Undeserved Kindness of God. You are a Son or Daughter of God and only what is Holy and righteous is what you discern, because you see only one power, which is God and good, instead of two powers, God and evil. You see only God and good, which makes you precious in God's sight and whatsoever you desire in faith, this is what you will also attain. You are beloved of God and you have health, wealth, love and perfect self-expressions, the perfect square of life, which gives perfect happiness. You believe in one power, in God and good, whereas, the world of mankind believes in two powers, in God and evil. The majority see bad, as an illusion, indeed, which proves to be nothing at all and they give their power to this illusion, by their thoughts. This is so, because, by their thoughts they are justified and by their thoughts they are condemned.

You Love, Because God Loved You First

Blessed are those who love God, the Christ and their fellow man as they love themselves, because the peace of God is with you today and into all eternity even forever. Continue the reading of the Bible, Gods Word, and read the "One Power Consciousness" books and become

enlightened as children of the light. You have the Spirit of God, the Spirit of which was also in Jesus Christ; therefore, every cell in your body is light. Blessed are those who walk as children of the light and thereby, they have life in abundance. You be blessed, indeed, Amen.

In Bondage To Belief In Two Powers, God and Evil, Good And Bad

Apart from what has been stated in the forgoing writings, the vast majority of mankind are in bondage to a belief in two powers, of God and evil, as well as, good and bad. This is a serious situation, because, there are virtually not many teachers who are standing up to be counted as having the proper understanding, which can change consciousness. Religion has failed to provide us with insight, to give us answers, which can enlighten us to believe, not in two powers but in one power, which is God and good.

Belief In Two Powers must lead to Gods Judgement

In fact, those who believe in two powers, of God and evil, may even claim that belief in God and good is what they have been teaching all along. But, by closer

examination of the information, which is available, we come to realise that they are in fact been teaching about the operation of two powers, of God and evil. By means of this teaching they are holding onto the notion that there are two powers, God and good as well as evil and bad. This is the very problem, which has kept humanity in ignorance and this is what separates us from reaching harmony with God. Their belief system is flawed, and thereby, they are holding on to the teaching of cause and effect and to the teaching of, 'you reap what you sow', this is the Law of Karma. As long as we hold on to this teaching we will bring ourselves to be judged by God.

The Law Of Karma, The Law Of Cause And Effect

This teaching, of cause and effect and you reap what you sow, is also called the Law of Karma, or, the Law of Consequences. As long as you are in bondage to the Karmic Law, you, in fact are believing in two powers, of God and evil. Anyone that is in support of the Law of Karma is subject to the judgment of God. Such a person will continue to judge their fellow man, right or wrong. There is, therefore, something in the Karmic belief system that prevents us reaching harmony with God. We are failing to believe that we are from God. Inadvertently, we fail to believe that with God, there is only super abundance of good.

As a result of this, people are trying ever harder to please God, by their works, which they perceive to be good works. However, there is no good where there is a belief in two powers. By this belief, we find our-self in opposition to God and we are condemning ourselves. Children of God cannot see or consider bad, they see what God sees, which is Holy, righteous and good.

Born Of Water And Spirit A New Creation

We must come to realise that we need to be reconciled to God, on the basis of the Law of Compensation. This is the only universal law that can bring change to man's condition and bring righteousness with God. This would mean that any person who desires to reach harmony with God must become reconciled to God through the compensator, Jesus Christ, our Lord and King. It was the Christ, who stated in the writings of the book of John Chapter 3, when speaking to Nicodemus, a member of the Jewish Sanhedrin, saying: 'Unless you are born of water and Spirit, you cannot enter and you cannot see the Kingdom of God'. In other words, you have to change to be declared righteous by God and to receive of God's undeserved kindness according to the Law of Forgiveness.

Law Satisfies Universal Justice

This shows that in order for anyone to be acceptable to God and receive of His blessings, he has to be born of water and Spirit. By this process you become a new creation. How are we to understand this and act on this in the appropriate manner? We have to understand that law governs the universe. Therefore, it is not surprising that the application of law will satisfy universal justice. The greatest book, ever written, indicates that a righteous life, which has the right to eternal existence, cannot be destroyed. According to the Law of Compensation, a righteous life was required to compensate for what was lost at the beginning. Sinful mankind could not provide this righteous life; there was no one that was righteous. Therefore, God, as an act of love, provided this righteous life.

One Man To Die For Many, so They Have Life

This Law of Compensation also applies to humankind, which has been alienated from the source of all power and love. Human life can only continue existing, if it is in harmony with God. There must be a Compensator who can compensate for what was lost. We have lost everlasting life and we have lost righteousness with God. For that reason, it has become necessary for one

righteous man to die in order for many unrighteous ones of mankind to be brought to righteousness. This takes place under the application of the Law of Compensation, which is in support of the universal principle of a life for a life.

Christ Was Born To Compensate

This life has come to us through the arrangement of universal Mind, or God, who, by His Spirit, facilitated the conception and birth of Jesus Christ, to be born of a Jewish Virgin, Mary. Here we do not want to display disbelief in Gods ability to create a righteous human life, the offspring through a Virgin, which is known to us as Mary the Jewish mother of Jesus Christ. According to the scriptures, the Christ was to be born, as a righteous one, to fulfil prophecy, and thereafter, sacrifice his righteous life for sinful mankind. Thereby, the Christ facilitated the rehabilitation of the human family into a position of favour and harmony with God. Jesus Christ has become to us the Compensator, who is from from God, who has the power to affect every person on earth for the good, and thereby, individuals can receive of the righteousness of God on the basis of faith and of God's Undeserved Kindness and love. Here we understand that God's Undeserved Kindness is in fact the universal Law of Forgiveness, which cleanses man of all minor blemishes of sin, in the sight of God.

Christ Believed In One Power, God and Good

Jesus Christ was the only man who believed, not in two powers, of God and evil, but rather, Jesus believed in one power, God and good. By this belief, Jesus proved himself to be God's Son, because he was moved by a consciousness of one power, of God and good. He was godlike in all his ways. He had no sin and he proved himself to be righteous until his sacrificial death.

Christ's Spirit Returns To God

At the time of the death of Jesus Christ, something remarkable took place. The scripture states that at the time of his death, Jesus uttered the last words saying; 'it has been accomplished' and then he died. At that critical moment of his death, his Spirit, Holy Spirit, which operated in Jesus Christ's body returned to God the Father, who gave this Spirit at the time of Christ's conception.

We Receive Gods Spirit, Which Was Also In Jesus Christ

Therefore, by this righteous life, which is the life of Jesus Christ, we are able to receive what are now God's to

give. This is the Spirit from God, the Spirit of which was also in Jesus Christ. We need to remember that we need to be baptised in the name of the Father, in the name of the Son and in the name of the Holy Spirit. This means, we are to acknowledge the loving sacrificial provision of God's only begotten Son, as a propitiatory ransom sacrifice for our sins.

Baptised In The Name of the Father

By this arrangement, we need to understand that God is the loving provider of salvation and Jesus Christ is the compensator who sacrificed His righteous life for us all. As a result of this arrangement, you can now receive from God, the Father, God's Spirit, which was previously in Christ, on the basis of faith, and receive from God everlasting life; and as a result of this, the Spirit of the Christ is operating in you, to give life and light to every cell in your body.

You Are To Be Baptised In The Name of Jesus Christ

Here, Jesus Christ, by his willingness to give up his right to live eternally on earth, has become the life source for every man and woman on the basis of faith in the ransom sacrifice of His righteous life. He has become to

us the Compensator, who gave His life, in order for us to live and have life in abundance. Jesus Christ, as such, has become to us the eternal Father, the Wonderful councillor, the Mighty God and the Prince of Peace according to the scriptural reference in the Bible book of Isaiah, Chapter 9. Jesus Christ loved the Father and mankind so much that He gave the perfect life of his Son, as a sacrifice for all mankind. This righteous life can become operative in anyone, on the basis of faith in that righteousness life. It was only by giving up his right to live eternally on earth that you and I can have life everlasting with the prospect to live on an earth, eternally; this is the faith that can preserve alive its owner.

You Are To Be Baptised In The Name of Holy Spirit

Finally, you are also to be baptised in the name of the Spirit, which is from God. That Spirit, which is Holy Spirit, was received from Jesus Christ and it returned to God at the time of Jesus death. By that Spirit, which is now God's to give, God declares us righteous, on the basis of our faith. As we come up from the baptismal water, we are declared to be righteousness, by God and we receive of God's Undeserved Kindness and everlasting life and that to God's eternal praise and glory.

A New Creation Born Of Water And Spirit

By your baptism, you are a new creation being born of water and Spirit, being acceptable to God. You are, in fact, born of water and Spirit, by means of which, you are being declared a righteous Son, or Daughter of God. God, who has given us of His Undeserved Kindness, which is based on the Law of Forgiveness, makes you perpetually clean. God sees you as being Holy by His Spirit, which was also in Jesus Christ. Jesus was indeed fully man when walking on earth as a righteous one. Therefore, the sacrifice of Jesus righteous life was in full compliance with the human life that Adam had before he sinned.

You Change Consciousness

As a result of this baptism, in the name of the Father, the Son and the Holy Spirit, you change consciousness from a consciousness of lack and limitation to a consciousness of super abundance of good. You are no longer seeing two powers, God and evil, but rather, you see one power, which is God and good. This is truth, because this understanding comes to us by means of the Spirit, within. This is the Spirit from God, which Spirit was also in Jesus Christ. This is the Spirit of Holiness. You have

changed to believe in one power, of God and good. You are a new creation, indeed.

You See No Longer Two Powers But One Power, God And Good

Because you see only one power, God and good, you have become a new creation, the progeny of the Christ and the offspring of the Last Adam. This we can say with certainty, because the scriptures indicate, in Isaiah, Chapter 9 that the Last Adam has become to you the "Wonderful Councillor, the Eternal Father, the Prince of Peace and the Mighty God". This makes you happy, because, by your faith, you have brought about these changes in your life. Blessed be you, the one with little faith. You have become the progeny of the Christ to do the things the Christ did, when walking the earth as a righteous man.

Believe in One Power, God And Good, You Get The Circumcision Of The Heart By Spirit

Finally, because you believe in only one power, which is God and good, you also receive the circumcision of the heart, by Spirit, the Spirit of which was also in Jesus Christ. You are now perpetually clean and you are

declared to be God's Son, or Daughter and there is no desire in you to return to your former unclean and beggarly conduct. You have a clear identity and you have harmony with God; you are happy.

It can be stated that you have perfect peace and poise with an abundance of love and goodwill, and by this, you are able to dissolve all negative thought vibrations. You are happy, because you have entered into the perfect square of life, which brings to you health, wealth, love and perfect self-expressions. You are indeed blessed. You have entered onto the Plane of the Absolute, the God Plane of existence and nothing is impossible for you, you have become super conscious of abundance of good and you are happy.

What Have We Learned

The world is dominated by a belief in two powers, in God and good, as well as, in evil and bad. This belief has brought about a global system, which is dominated by lack and limitation, or the lack mentality. This can be seen in the way we are governed and controlled. We are educated to support this system in their lack mentality, and thereby, we continue to add anxiety, fear, insecurity, ill health, poverty and death to our lives. We reap what we have sown. All the crime and violence, which we have seen unfolding before our very eyes, is as a result of

the inherited lack mentality, which we have inherited from Adam our progenitor.

We cannot Change The Way This System Is Controlled?

We have the ability to change ourselves, but this system cannot be changed, because, it is supported by the three pillars, which are the political, commercial and the religious pillars of support. These three pillars are founded on the belief system of two powers, of God and evil, as well as, good and bad. These beliefs are in supports of human rule, which is based on lack and limitation and these beliefs will eventually fall away by their own weight. This is the Law of Non Resistance, which requires that those who desire to survive the inevitable fall of this system of things will not, in any way, oppose this system. We are to bless our enemies and we wish them all the good to which they are entitled.

You Are Going To Enter Into The Kingdom Of God

We are to apply ourselves to the study of Gods Word and grow in understanding of the deep things of God; and that of His Christ. By being born of water and Spirit, we have complied with the entry requirements into the coming Kingdom of God, with Christ as King.

We are here encouraged to read this book often, in order to create the necessary brain cells with which to understand the writings of this book more fully. By doing this, we are changing our belief and we are changing consciousness, and thereby, overcoming the limitation, which our subconscious mind time and again may put upon us.

The Ultimate Happiness, The Square Of Life

In conclusion, you are realising that you are happy, because, you have entered into the perfect Square of Life, which will bring to you health, wealth, love and perfect self-expressions, which gives you perfect happiness. Continue to read the "One Power Consciousness" books and become the owner of the knowledge of God that preserves alive its owner.

Thoughts To
Remember

A Reflection

There is no better time than now to reflect upon the more important things of life. Collectively, we belong to the universe and in the stream of time we may be called upon to take note and embrace the power of positive and lasting change. We are swamped by an abundance of literature, the good, the bad and the ugly. All of them are clamoring for you, to capture your mind, in order to take possession of it for the good or for the bad, it matters not to the publishers, nor does it matter to the authors. However, your thoughts are precious, they have the power to change the world, as we have come to know it. This is so, because by thoughts we create, either good, or bad; it all depends on the teachers you have elected to give access to your mind.

Guard your Thinking Process Well

Here we want to be alert, so we do not become victims of thought manipulation, buying into negative concepts of thoughts, remember, bad or negative concepts of thought have no principle and they can always be destroyed by an additional good. We are first and foremost thinkers, and as such; we need to guard our thinking process well. This would include being selective

as to what we look at and what we are listening to. In this publication we have explored the deeper things of life and we have come up with astonishing insight. This insight we want to employ in our daily lives in our conduct and our thoughts. We need to become positively charged with thoughts that are up building, good and rooted in truth.

Become Life Conscious and Believe in One Power, God and good

We have the need to become Life Conscious and that would mean that we change our understanding of who we really are? Most people are conscious of two powers, the power of God and the power of evil. Such a belief system is not serving us well, since it is in support of two powers, of good and bad. The above mentioned belief system, which is based on two powers, is supportive of the Law of Karma, which is based on the principle understanding, you reap what you have sown. Thought leaders also refer to this as the Law of Consequences. However, this belief system is in conflict with true understanding of universal principles and with the given requirements to gain everlasting life.

Changed Consciousness Is Changed Belief

We have learned that we have the need to change consciousness and changed consciousness is changed belief. What we see in the world of religious understanding is nothing more than ignorance? Large sways of humanity have accepted the teaching of the doctrine of the Holy Trinity. In that doctrine, God the Father, Jesus Christ the Son of God and the Holy Spirit together is one God. This is not a biblical teaching. In fact, the Scripture teaches that God, the Father, is the omnipotent, omniscient and omnipresent almighty God, the supreme ruler, the Infinite Spirit. Jesus Christ is the Only Begotten Son of God, through him and by him, all other living things, excluding himself, were created. The Holy Spirit is the Holy active creative principle that is operating in reconciled man and in righteous Spirit creatures, Angels.

*God, His Son and Holy Spirit are
needed to reach Harmony with God*

Therefore, these three creative entities operate in harmony to do the bidding of Universal Mind, or God. These three powers are essential in the reconciliation process of man, in order to reach harmony with God. This is what takes place, at the time of our expression of faith in the ransom sacrifice of the righteous life of Jesus Christ. This one willingly laid down his life, as a propitiatory ransom sacrifice, for all of mankind. By this

145

sacrifice, the Spirit of the Christ, which is Holy Spirit, operated in Jesus Christ until His Sacrificial death, and thereafter, the Spirit returned to God, the Father, who gave it. This is Holy Spirit, which cannot be destroyed at the time of the death of the fleshly body, Holy Spirit, which operated in Jesus Christ, returned at the time of Jesus death to God who gave it.

God, The Son And Holy Spirit bring about A New Creation

At the time of our baptism, by faith, we go under the baptismal water, and there we die, dying in the likeness of Jesus death, with reference to our sins. As a result of this baptism, in faith, God, the Father, declares us righteous and we receive from God of His Undeserved Kindness and everlasting life. This process transforms us into a new creation, born of water and Spirit, becoming a Christian. Here we can see, that each of these powers, God, the Son Jesus Christ and the Holy Spirit work together to bring about the essential transformation of man, being born of water and Spirit. This is not the arrangement of a Trinitarian God, no; this is the arrangement of three creative principles; the Father, the Son and the Holy Spirit, operating in harmony with one creative head, which is God, the Father. We also need to remember, that only God can facilitate the giving of Holy Spirit.

Believers Hold On To The Belief In Two Powers, Good and Bad

Having considered this matter in such detail, it is becoming ever more apparent that any teaching that does not honor the Father, in this way, cannot please God. In fact, such Trinitarian teaching dishonors God. This may be the reason why, the believers of Christendom hold on to the belief in two powers, which are the power of God and evil, or, of good and bad.

We Are Conscious That We Are From God, Made In His Likeness

We are conscious that we are from God, fallen indeed, but nevertheless made in God's image and likeness. In that capacity we are able to create, by our thoughts. When we believe in two powers, being the power of God and the power of evil; we, by our thoughts, continue to create the good, or, the bad. However, bad has no principle and can always be destroyed by additional good. By our belief and by our thoughts, we are creating the concept of bad, time and again, and thereby, we become isolated from the source of all power, which is God, the Almighty.

Change From Believing In Two Powers, Of God and Evil, To One Power, Of God and Good

This has to change, which is accomplished by changing our belief system, from believing in two powers, of God and evil, to believing in one Power, being the power of God and good. This is what we have learned, in this short discussion, which is designed to change consciousness, from a consciousness of lack and limitation to a consciousness of super abundance of good. Now, we have come to understand that the Spirit of the Christ is the Spirit, within, which we have received from the Father, God, and that Spirit cannot act on any concept of bad, because that Spirit is Holy Spirit. On the basis of this understanding, we are able to display true faith in this information, because it has come to us by means of Holy Spirit, and that Spirit is truth to us.

Read This Book Often And Create New Brain Cells to Gain Insight

By reading the content of this book, often, we will, as a result of this information, be able to cultivate new brain cells, with which we are able to comprehend and understand the teachings of this book, more fully. We need to understand that by Spirit, the Spirit of which is

from God, this is the Spirit that was also operative in Jesus Christ. Therefore, we are in the light and we are able to say that every cell in our body is light. We are in the light, by reason of the faith, that can preserve alive its owner.

*God Loved us First and, Therefore,
We Love*

We have come to understand God, the Father, more fully and we have come to appreciate that God loved us first. This we say on the basis of the understanding that while we were jet sinners, being in darkness mentally and alienated from the life that belongs to the light, God loved us first. This is so, because God gave His Only Begotten Son, to be born of women and then to die a sacrificial death for unrighteous mankind. This one came to be known to us as the Christ, the Messiah and the Last Adam. He gave his righteous life for everyone who exercises faith in the sacrifice of his righteous life, in order not be destroyed, but have everlasting life.

*You Have Come To Taste And See
That God Is Good, He Loved us
First*

You are the one, the one with little faith, who has come to taste and to see that God is altogether good; you have come to know that God loved us first, when we were in dense darkness, mentally. However, now we rejoice and we are happy, because we have found favor in God's eyes, and we have received freeness of speech to declare good tidings of good things to come. This takes place through this life changing and life giving information.

Men Have The Privilege To Walk In The Light Of Understanding

This is the time of change, and we would do well to pay attention, to the changes coming upon the inhabited earth. Light has flashed forth and men have the privilege to walk in the light. Where there is light, there can be no darkness, because light always destroys darkness. This world's darkness has been put on notice and it has only a short period of time remaining, before the light is going to do away with darkness, everywhere. That is why, we need to banish ignorance, which is a lack of knowledge and a lack of understanding of the things of vital importance. We have become empowered by One Power Consciousness, of God and good, and thereby, we will be enabled to enter the Plane of the Absolute, the God Plane of existence, where there is no lack and no limitation, where there is no evil of any kind.

We Are Walking On The Narrow Road Leading To Life

This is the road we are walking on, which is the narrow road, cramped and difficult to walk on. However, this road will lead to the Kingdom of God, with Jesus Christ as King. On the other hand, we could also choose to walk on the broad road, which is easy to walk on, with plenty of space for everyone, but that road will lead to a dead end, it leads to the destruction of all badness and to death. Now is the time of sober contemplation of all the things we have learned, in this publication. Read the content often, because by doing this, you will create the necessary brain cells with which you are able to comprehend the thing written in this publication. Be diligent in doing this often, because the reward will be an abundance of happiness, with super abundance of health, wealth, love and perfect self-expressions.

Spirit Within is Holy, And It Cannot Support Bad

Become conscious of the power of the Spirit, the Spirit of which is from God and that Spirit was also in Jesus Christ. This is Holy Spirit, which is operating within the man of faith, in order to respond to every good thought formed in our Christian mind. This Spirit is uncorrupted

Holy Spirit and it cannot serve any bad intent. But, beware of the practice of sin, for which there is no longer any helper. The practice of sin, which means going willfully after sin in order to practice it, will lead to eternal death without the hope of a resurrection.

Those Who Have Received Of The Law Of Forgiveness Are Not Conscious Of Sin Or Bad

However, for us, who have received of the Undeserved Kindness of God, there is forgiveness of sins and bad no longer is a power, within. Bad has been done away with and it can no longer manifest as a power, rather, our thoughts have been cleansed and they are Holy. Therefore, bad has come to nothing, because bad has no principle and it has no power, it is nothing at all. This is so, because we have changed consciousness, from a consciousness of two powers, of God and evil, to a consciousness of one power, which is God and good. The Spirit, within, is not able to bring about anything bad, because it is uncorrupted Holy Spirit, which was also in Jesus Christ. We are a new creation, born of water and Spirit; we are a clean people to bring praise to God and to His Christ.

God Will Finish Our Training

Now remains for us to continue to read God's Word, the Bible, in an undertone day and night, and thereby, giving God the opportunity to finish our training. Let no man be standing up to be your teacher. Therefore, for you, there is only one teacher, God, through the Spirit of the Christ, within. Therefore, whatsoever you ask of God, this you shall also have and that at the time of asking and it will manifest. Man's Spirit, within, and Gods Spirit are One Spirit and there can be no division of Spirit. By the same token, the Mind of God and your mind are one mind, because there can be no division of mind, because all mind is one Mind with God.

Read This Book Often

Read this book often and study the context of this book, including studying the Word of God, the Bible and become enlightened and keep on walking as the Christ also walked, in the light of the Spirit, the Spirit of which is from God. The peace of God is with you, by the Spirit you show? By this Spirit, within, you are able to cultivate the fruits of the Spirit, which are love, joy, peace, mildness, kindness, goodness, faith, self-control and long suffering. You are a new creation, indeed, born of water and Spirit.
