## One Power Consciousness - Choice

### Prologue

Man, where is your destiny. Driven by desire and in desperation he will throw himself into new adventures; but he cannot find peace.

These are the victims of society, in search of a release; from the pains of the past they have not come to know peace.

Believe in life, which is in support of one power consciousness, of God and good; turn away from what is bad. Bad has no principle it has no power, bad is an illusion and it cannot prevail.

There is peace that can be had, it comes by means of Spirit; Spirit of which is truth, the only truth there is. You are loved embrace the Spirit, now.

Do not believe in two powers, in God and in Evil, that is bad. Evil will continue for a while,  
But, by it's own weight bad will fall.

There is a future of peace and poise, with love and goodwill, by means of this; negative thought vibrations would be dissolved.

There is One Power Consciousness that can be had, which is by means of God and good; be glad.  
Blessed is he that believes in God and good.

# Foreword

## Disclaimer

The writings of this book are not to be misinterpreted. They are not meant to change the world or the governments and its supporting organizations including the financial system and the commercial establishment or the religions fraternity. The writing of this book is based on the belief that you cannot change another all you can do is changing yourself.

## Introduction

From time immemorial, until now, there are many books that have been written for the enlightenment of man. But what we see on the one hand, in our lifetime, is unprecedented technological progress, but on the other hand, we see mental anguish, anger, hatred, insecurities, fear, sickness, poverty, war and death. With this in mind, we desire to take control of our own destiny, because we have become increasingly aware that the ruling authorities are running out of options and the future appears to be at best uncertain.

## We Are Not Satisfied With A Quick Fix Approach To Life

There is a way that has triggered the imagination of man and that information is based on a quick fix

8

## One Power Consciousness - Choice

mentality and on a get rich quick approach to life. This comes to us by means of an avalanche of books featuring the Law of Attraction and other motivational readings. Are we to be satisfied with this limited approach that is designed to stir, within us, the most primitive emotions of greed and self-gratification?

The writer of this book chooses to answer with a resounding, no. We are not satisfied with this quick fix mentality to life's many problems. Mankind needs help to think in the way of perfect self-expression, because, by your word you are condemned and by your word you are justified. We have to make a choice.

### *Whatever We Think About We Also Bring About*

By the use of the right words, or correct expressions of thoughts, we can expect to bring in whatever we desire, because, whatever we think about, this we also bring about, is a true saying. That approach is affected by what we think, because we create by thoughts. Our thoughts need to be trained to be good, constructive, positive and up building. Then we are laying a solid foundation of prosperity with health, wealth and love. We are to become inspired thinkers, in compliance with enlightenment, based on accurate knowledge that strengthens the will.

## The Most Profound Choice Is To Change Your Belief

This book focuses our attention on choices we are to make. The most profound choice, to make, is to change our belief system, from believing in two powers, of God and evil, to believing in One Power, God and good. On the basis of this choice you are paving the way to blessings until there is no more want. You have the need to become a spiritualized thinker in order to believe in one power, which is God and good. You need to have the faith that can preserve live its owner.

## Our Aim Is For The Emancipation Of Every Man And Woman

The writing of this book is designed to accomplish the emancipation of man, to be set free from lack and limitation, which has proved to be the curse of mankind, from the beginning. Therefore, this book has at its aim the rehabilitation of every man and woman, to become reconciled to God, as Children of God, with an abundance of good that will flow to men of goodwill. Therefore, we need to make a choice based on accurate knowledge and truth.

## Truth Comes To Us By The Operation Of Holy Spirit

But truth, who can stand up and be counted as knowing truth? Truth comes to us by means of Spirit, the Spirit which is from God, the Spirit of which was also in Jesus Christ when walking the earth as a man, send from God, indeed, but born of woman. There is no truth, but by Spirit and that Spirit must be Holy Spirit. Brace yourself to be uplifted to understand the deeper things of God and be transformed, to believe in One Power, to God and good.

## Change, To Believe In One Power, God And Good

Now is the time for moving in the direction of change, underwriting change of consciousness, which changes the way we think and the way we express our selves. We are not evolved from lower life forms, as some want us to believe. Not at all, we are from God, but fallen, indeed, and as such, we have a consciousness of lack and limitation and that consciousness has to change, from a belief in two powers, of God and evil, to a belief in One Power, which is God and good. Now is the time to walk in the light of truth and become empowered, by the Spirit, the Spirit of which is from God, to obtain health, wealth, love and perfect self-expressions.

## The Days Of The World Are Indeed Numbered

We are not to be satisfied with the limitations that life offers. We need to understand that things are changing and they are changing fast. There is no time for a limited approach to life. No, we want the best life has to offer, which is available and the best is waiting for us to be embraced to be made our own. What are we to expect to find, in our desire to find happiness? We will find the way that leads to true happiness.

## Beware, The Thinker Is Born and For You Is Its Craving

Are we to accept the way of the world, when we discern, that the days of the world, are indeed, numbered? The things that we have accepted in the past, which is the 'status quo', this way of this thinking is on the way out and we are to take note. For a short while we will see it and in a short time it will be gone forever. Beware, the thinker is born and for you is its craving. You are to walk in the light of understanding, and there, darkness has no hold on you, you are destined to be set free from limited thinking, you are to be set free from fear and from lack and limitations.

## Get Ready For The Very Best Of Life, It Is Yours

We have to be mentally ready to embrace the very best of life, and thereby, we prove to ourselves that we belong to the one who called us, to share in superabundance of good, as children of God, with happiness and joy of heart and to the end of fully pleasing Him, who called us. This is knowledge transfer at its best. By being part of this global change, you prove yourself to be worth it. Come, taste and see that everything is good, because what is being created is indeed wonderful and full of life and goodness, full of splendor and beauty and you are invited to embrace it by reason of your good thoughts.

## Chapter 1

# A Choice To Make

## Those In Power Cannot Bring The Way Of Peace

Throughout our lives, we have had many opportunities to express ourselves in the choices we will have to make, some of the choices are good and other choices are less good or at times they might be outright bad. We have arrived at a watershed in human progress, and there are not many options available, to individuals, to move into our future with confidence. Events of recent times seem to indicate that entire countries are on the move to make changes that are designed to bring about health, wealth and prosperity with peace and happiness. This begs the question: Is the collective leaderships of all the governments able to bring about a new way forward, which can instill hope, faith and love, paving the way for better things to come?

## Awakening From A Deep Sleep Of Ignorance

Consumerism has reached their beneficial limits, which has seen humanity go from one crisis to another. People throughout the world are concerned about the ability of world leaders to bring about a new world order, based on concepts, which can instill confidence in man's ability to forge a better future of peace and prosperity. It has become apparent that people are awakening, as from a

## One Power Consciousness - Choice

deep sleep, the sleep of ignorance, which has been the main strategy of the ruling authorities to maintain the status quo in human affairs. Here we understand that ignorance is in fact a lack of knowledge, it is a failure to understand the things affecting the future of man for what is good.

### *Instead Of Enlightenment There Is Frustration*

However, today, people in many places are standing up in protest, to have their voices of discontent, heard. People want an inspirational approach to new ideas that can move people forward in a renewed hope for better things to come. But, instead of enlightenment, there is frustration and anger and the ruling authorities are without a strategy for a better way forward, to a future of prosperity, for all. What is on the mind of the rulers, of this darkness? It is, indeed, the control of the masses of humanity to make them subservient and docile, to accept the established way of doing things.

### *Mankind On The Way To Global Anarchy*

Did anyone ever consider the possibilities that the governments of the world could be following the wrong course that could lead mankind to global anarchy and

## One Power Consciousness - Choice

mayhem? Some things like this are what we have already seen in Middle Eastern countries, where the old order of government has been overthrown and replaced with so-called democratic ideals. As a result of these changes, the weakness of democracy has become all too clear, for all to see. Is this possibly the beginning of a far wider problem, which may prove to be a problem of institutionalized ignorance? The application and use of mind controlling substances and stupefiers that have worked so well in the past are definitely on their agenda. These are the stupefying agents that were in support of the control of people in many countries? Is this the pay back time many of us are expecting?

### *Acquire Insight And Understanding Of The Powers At Play*

You have the right to know, because of the choices that are set before you. There are people who are keen to find answers to perplexing and complex problems. Therefore, this is the time to acquire insight and understanding of the powers at play and look for the right choices we need to make, in order to lead you through the difficult times, which we know are coming upon the inhabited earth. This may prove to be the most important reading you have done, which is designed to bring necessary changes and lasting success.

## One Power Consciousness - Choice

It is not difficult to see that the ruling authorities are running out of ideas and out of time, to bring about the changes that are required, which may result in a better future with health, wealth and love. There is much talk about changes, which we need to make, but by closer scrutiny, everything continues exactly as before. There is no change there is only the degradation of our way of life.

### The Right Choice Will Lead To Happiness

It is the desire of the writer that many may come to obtain accurate knowledge and understanding of the forces at play, in order to bring about real change. Making the right choices may prove to be of paramount importance, in order to bring happiness with health, wealth, love and perfect self-expressions. This is the perfect square of life, the divine design that leads to the ultimate fulfillment of life's desire by reaching the Plane of the Absolute. The Plane of the Absolute is the God Plane, where all things are always perfect and where the concept of bad and death cannot exist. That is the destiny we desire, the destiny, which will bring about the possibility to obtain the fullest share of what is good.

## Be Among The Thought Leaders of now

Reach out to the ultimate freedom, which will bring freedom from fear, guilt, insecurity, poverty, sickness and want of heart. Reach out to be empowered, to be among those who are the thought leaders of tomorrow, who will embrace eternal life by means of the right choice set before them. This is the choice, which will bring real and lasting changes for peace, poise, love and goodwill.

## Make The Right Choice And Be A Survivor

There is a time in our lives, and it is now, where we are expected to make the right choices in order to survive the changes that are destined to come upon humanity, as a whole. We cannot afford, to continue, to be ignorant with respect to the time in which we live. The whole world has bought into the concept of two powers, of God and evil, or of good and bad and by these concepts we have become conscious of two powers. As a result of this, we time and again will display a belief that is in support of these two powers. Therefore, we are inclined to obey these two masters, time and again, to bring about the good or the bad, on the basis of our thinking and our thoughts.

## Believing In Two Powers Has Kept Us In Spiritual Darkness and Poverty

By this belief system, believing in two powers, we have become willing tools in the hands of those who wield powers over us. But do you not know that this belief system - believing in two powers - has kept us in mental and spiritual poverty. We are in fact blocking progress by our limiting thoughts. We have accepted the principle to reap what we have sown, and we have accepted the notion that we are subject to cause and effect. These principles rule our thoughts.

This is the system that we have created, by means of which we judge others and being judged. Therefore, we judge ourselves to be either good or bad. Is there any way out of this perpetual cycle of good and bad, as well as right and wrong? Can this belief system ever bring about a better dispensation, of only good? There are indicators that show that as long as we create by thoughts, we will continue in the way of error and in the way of good and bad, according to our judgment. Could it be that the Christ has actually died for nothing? May that never be the case, because, with God, all good things are possible? We have to change our belief system, because whatsoever we think about this we will also bring about. This is the Law of Consequences, which

## One Power Consciousness - Choice

requires of us fundamental changes, which must include a change of consciousness.

### There Is A Way Which Can Change Everything

The majority of mankind has resigned themselves to accept this life, which we have created, as the status quo, to live by it and to die by it. We have elected, to accept that this is the way of life, and there appears to be not many teachers who can lead with insight and understanding, to bring relief to troubled minds. But that is not the way for the future, of our making? There is a definite way that can change everything, that is the way that can empower us to belief not in two powers, of God and evil, but to believe in one power, which is the belief in God and good.

### By Changing, We Are Able To Enter The Plane Of The Absolute

This is a dramatic revelation that can change the world the way we know it, forever. In fact, this is the most important revelation of our time, to understand that there is only one power, which is the power of God and good. By this belief we are being emancipated, set free, so to speak, to reach the plane of the absolute, the God Plane of existence, where everything good is possible and

## One Power Consciousness - Choice

forever perfect. This is the way of freedom that belongs to the sons and daughters of God. We are the privileged ones that follow through, on the God given right, to take hold of this understanding and make it our own. This will lead to a life of health, wealth, love and perfect self-expressions. This is the perfect square of life.

### *This Understanding Comes To Us By Means of Spirit*

This is indeed the choice that we can and we will make. This choice can change everything for the better. This is the biggest and the most profound understanding ever set before man, as a reality, as a truth, because this knowledge has come to us by means of a revelation. This understanding has come to us by Spirit, and Spirit is the only truth there is. It is irrefutable and it is cast in stone, so as to speak. Therefore, let us pay attention to the writings that empower, to bring change of consciousness, from a death based consciousness, of lack and limitations, to a consciousness of super abundance of good. Changed consciousness comes to us by means of Spirit, Holy Spirit.

### *We Need To Understand Who We Really Are*

## One Power Consciousness - Choice

In order to progress in our understanding of the deep things of God, we have the need to become enlightened. We need to understand, who we are, where we are from and where, in the stream of time, we will find ourselves to be. We have to look into the distant past, in order to find out how we came to believe in two powers, of God and evil. This we can do by paying attention to the written word, of the greatest book ever written, the Bible. Man had a perfect start, at the beginning, but like all of us, we are not born with all the knowledge necessary to manage a life in perfection. This was also the case with our forebears, Adam and Eve, who had perfect health and a perfect home that was called the Garden of Eden. They were conscious of the good life with an abundance of good, however, they were not conscious of universal laws such as the creative Law of Attraction. The Law of Attraction is operated on by thoughts. Adam and Eve, at the beginning, were not as yet Life Conscious, which would mean being conscious of having life within, because, they had not as yet eaten from the proverbial Tree of Life.

*We Are Free Moral Agents, We  
Are From God*

By this Law of Attraction, Adam and Eve could create whatever they desired. This of course would include desiring both good or bad, after all, man was created in the image and likeness of God, their Father. They were

## One Power Consciousness - Choice

free moral agents and that would mean that they could choose whatever they wanted, which would of course include the concepts of bad. But bad did not exist in the perfect Garden Home, nor could bad exist with God, because of the abundance of good, that prevailed.

Therefore, Adam and Eve were not conscious of anything to which bad was attached. They had to learn that man, made in Gods image and likeness, was subject to the same limitation that God had imposed on Himself. Man cannot entertain, see and support bad, in any form and continue to have everlasting life. Bad was indicative of the only limitation to attain God-power. That limitation was transferred on to the human family and non-compliance with that limitation would result in becoming conscious of death.

### *Man Had The Choice To Become Life Conscious*

As a loving Father, God indicated to man a tree that was in the middle of their Garden Home and it was called the Tree of Life. Eating from the fruitage of this tree would have resulted in man becoming Life Conscious, of having the knowledge of eternal life, as a godlike creation, made in the image and likeness of God, their Father. But, because man had an abundance of good, including life; however, they had not, as yet, become Life Conscious. However, they were content with their lot.

## One Power Consciousness - Choice

Love for God should have moved man to reach out to eating from the Tree of Life. Thereby, becoming Life Conscious, by being conscious of having everlasting life, within. Adam and Eve failed to eat from the Tree of Life, and thereby, they failed to become Life Conscious.

### At The Beginning, The Concept Of Bad Was Linked To Death

However, there was a problem and that manifested in another tree, which was also in the middle of their Garden Home. In addition to the Tree of Life, another tree was indicated to man and that tree became known to man as the tree of the knowledge of good and bad. Eating from the fruit of the tree of the knowledge of good and bad, and touching it, would lead to death. This understanding was based on the command of God, which is the highest source of power and wisdom. The two trees, in the middle of their Garden Home, indicated a choice that man had to make. Eating from the fruit of the Tree of Life would give them Life Consciousness and eating of the fruit of the tree of the knowledge of good and bad would bring about death consciousness. This was the first time that man became aware of the concept of a limitation that could bring death to man.

### Desire For What Is Bad Was There At The Beginning

## One Power Consciousness - Choice

Instead of reminding themselves of Gods love; which was expressed in an abundance of good, they started to look at the tree of the knowledge of good and bad, with a reasoning mind. Thereby, they cultivated desire for the fruit of the tree to which death was attached. The command was given by God to man, while in their Garden Home, in Eden. They were to eat of the fruits of every tree in the garden, to satisfaction, except the one tree, which was the tree of the knowledge of good and bad. Now, the choice was set before man to abstain from bad, while at the same time the fruit of that tree was a mere physical symbol of God directed right and wrong. By faith, and not by reasoning, Adam and Eve were expected to abstain from touching and eating of the fruit of the tree of the knowledge of good and bad. In other words, by thinking and reasoning on the rightfulness of this limitation, the desire was cultivated in mans heart to bring about the product of desire, through the Law of Attraction.

But, the Law of Attraction is a completely impartial law, and as such, it could bring to man the good or the bad, it mattered not to the law. Man created by thought and it was inappropriate for man to pay attention to what was indicated to them as something that would bring death. However, bad has no principle and has no right to exist. Bad was in fact nothing at all; it could always be destroyed by additional good. However, it was a gross sin to violate the God given directive, not to touch and not

## One Power Consciousness - Choice

to eat of the fruitage of tree of the knowledge of good and bad.

### Bad Has No Principle And Can Always Be Destroyed By Additional Good

Bad has no principle and it can always be destroyed by an addition good. By eating from the Tree of Life, man would have become Life Conscious, being conscious of having life, within, and thereby, they would have obtained a consciousness of super abundance of good, of having everlasting life. With a consciousness of everlasting life, man would have been in a perfect position of power to reject the fruit of the tree of the knowledge of good and bad. They would have been in a perfect position to draw all the power from God, and thereby, curse the tree and the tree would have withered and died. But this was not the way things turned out to be, at the beginning of man. Here, cursing the tree of the knowledge of good and bad would have been a good thing, in that this action would remove the desire of disobedience, or of bad, from their conscience, by destroying this tree. After all, the tree was, in fact, a living creation, with the spirit from God, to bring forth only that which is good. This tree of the knowledge of good and bad failed to display good fruitage, and therefore, in the finality, this tree served the purpose of

## One Power Consciousness - Choice

knowledge transfer. Thereafter, the tree of the knowledge of good and bad would have to die, after Adam and Eve's eating from the Tree of Life.

### *Desire Conducted In Wrong Channels must lead to Chaos*

Eve started to look at the tree with the eyes of desire, she was not prepared to accept that eating of the fruit would really be bad for her, she reasoned that eating of the fruit of the tree could be good for her. Here we can learn a powerful lesson, on mind power. Man was made in Gods image and likeness and man needed to obey God's commandments, by faith. Man knew everything he needed to know. Therefore, reasoning on the rightfulness of the God imposed limitation was a grave mistake, it was a gross misuse of power, it was a sin.

That reasoning led to strong desire to eat from the fruit of the tree, in order to prove man to be right, believing that there was nothing bad with reference to the fruit of the tree. Eve believed, that by eating from the fruit of the tree she would be benefitted and become enlightened. By her prolonged looking at the tree Eve cultivated strong desire for its fruitage, and desire is a most powerful thought form, which, when generated, must be satisfied. But, that desire, which was cultivated by Eve, was

## One Power Consciousness - Choice

conducted in wrong channels of thought, which would lead to disaster.

### By Persistent Desire For Bad An Illusion Was Created

Now, a perfect person cannot disobey the commandment of God and live. Instead, Eve used her reasoning powers to work it out for herself that there was, in her estimation, nothing wrong with the fruit of the tree. In order to become convinced of the rightfulness of her action, the woman, by her persistent desire, created an illusion as a product of her imagination, her thoughts, which manifested in a speaking serpent. Although, a speaking serpent did not exist, it had to be created by forced desire. This is, by deduction, a very powerful reminder to all of us to guard our thinking process well. Eve entered into a dialogue with an illusion, a mind creation, which manifested in the speaking serpent. As a result of this dialogue, with the speaking serpent, which was a delusional thought creation, Eve became convinced that what she was about to do would be good for her.

The Law Of Attraction Brings To You The Good Or The Bad, It Matters Not To The Law

## One Power Consciousness - Choice

Here we want to remember that desire is a very powerful thought form and by thought forces the Law of Attraction will bring to the thinker the things desired. When desire is conducted in wrong channels, then chaos ensues. Eve did not realize this fact and she kept on looking in order to obtain the object of her desire. Adam and Eve were creating by thoughts, because they were created in the image and likeness of God, they were in fact able to create illusions, or fictitious thought forms, in support of their desire. This took place at the beginning in order to satisfy their desire to eat from the fruitage of the tree of the knowledge of good and bad. Adam and Eve failed to act in faith; this failure to act in faith was a gross sin and that sin lead alienation from the source of all power, which is God. Whereby, they became conscious of lack and limitations, leading to sickness and death.

### *Eating Of The Fruit, Man Instantly Became Conscious of Two Powers, God and Evil*

This sin resulted in Eve creating and seeing a fictitious speaking serpent that was able to communicate with her in support of her desire. Eve became totally convinced, that what she was about to do was good for her, and she reached out to the fruit of the tree of the knowledge of

## One Power Consciousness - Choice

good and bad and she ate. Later, during that day, Eve gave also some of the fruit to her husband and he ate. Instantly, man changed consciousness from a consciousness of supper abundance of good to a consciousness of lack and limitation. This manifested in man covering his loins, because man had become conscious that he was naked. Man had become conscious of lack and limitation, he was flawed for life. Man has brought about a belief in two powers, of God and evil; by this belief man became conscious of good and bad and man started to die. Man is a creature of belief, a creature living by faith, and thereby, man creates the product of his desire. Man failed to be enlightened and instead man entered a life of ignorance.

### By Procreation All Humanity Has Come To Believe In Two Power, God and Evil

This we know is true and the account in the Bible shows that Adam became conscious of being naked, needing covering. Adam had changed consciousness, the lack mentality was born and man became isolated from the source of all power, which is God and good. Instead of believing in one power, God and good, man became conscious of two powers, God and evil. Today, all humanity, being the offspring of Adam, believes in two

## One Power Consciousness - Choice

powers. But why, you may ask, is this belief not serving us well?

**Bad Is Nothing, It Is The Product  
Of Man's vain Imaginations and  
It Is Delusional**

From the very beginning of man there was only one power, and that was God and good. Bad was in fact nothing at all and it was the product of man's vain imaginations. This is so, because bad can always be destroyed by an additional good. Bad has no principle and cannot exist on the Plane of the Absolute, the God Plane. Therefore, bad cannot enter where there is super abundance of good. Bad is nothing and at best it is an illusion, a thought creation of fallen man. Bad cannot exist with God, and therefore, bad cannot exist in righteous man.

**Three Pillars Of Support Of This  
System Are In Support of Two  
Powers, God and Evil**

Today, we see that the present system of things, as a whole, has been built on a belief in two powers, of good and bad and a consciousness of lack and limitations. This belief system is today present in the three pillars of

## One Power Consciousness - Choice

governmental support that make up the stabilizing element of human society. These three pillars are manifest in politics, commerce and religion. Yes, indeed, in religion also and that is a very serious flaw, because no religious organization can please God if they themselves hold onto the belief in two powers, of God and evil, when in fact for righteous man there is only one power, God and good.

*You Cannot Believe In Two Powers, God And Evil And Have Gods Favor*

That is the reason why the religious structures of this world must face the foretold destruction during the Great Tribulation, spoken about in the prophecy concerning the end of all things. By holding to a belief in two powers, God and evil, we are in fact creating evil over and over again, because by thought we create the very things we think about. This would mean, that as long as we believe in two powers, the teachings about the ransom sacrifice, of the righteous life of Jesus Christ our Lord, couldn't bring about Gods approval. This is so, because, what Christ has destroyed by his sacrificial death, namely sin and death, this is what we are creating time and again by our belief in God and evil.

## True Faith Destroys A Belief In Two Powers, God and Evil, or Good and Bad

Let us consider this matter in greater detail. The ransom sacrifice, of the righteous life of Jesus Christ provides the basis of salvation, to anyone, on the basis of faith. The principle teaching is that you are to take in knowledge of Gods Word, in order to understand and put faith in God given power. This power of God is manifest at the time of your baptism. After you have acquired adequate faith in the ransom sacrifice of the righteous life of Jesus Christ, you are showing your faith, by means of baptism. Baptism affects mans consciousness, because we become conscious of being a new creation born of water and Spirit.

## Your Baptism Must Be In Compliance With Gods Will And Purposes

Here we want to be clear that your baptism must be in compliance with Gods will and purpose. You cannot be baptized as an infant, by the sprinkling of water on your forehead, because such a baptism is not in compliance with the written word of God. The scripture indicate that you are to be baptized in the likeness of Jesus

## One Power Consciousness - Choice

Christ's death. Christ died with reference to sin, the sins of the world, of mankind. You in turn must also get baptized into the death of Jesus Christ, by dying with reference to your own sins. This you can only successfully do, as an adult, on the basis of knowledge, understanding and faith.

### The Spirit That Was In Jesus Christ Returned To God Who Gave It

This you can accomplish, by faith, by being fully submerged under the baptismal water, where you die with reference to your own sins. At that time your spirit, which is from Adam, received by procreation, returns to God who gave it, leaving you ready to receive of Gods Spirit that was previously in Jesus Christ when walking the earth as a man of God. At the time of Jesus sacrificial death, Christ's Spirit returned to God, who gave it. That Spirit, which was previously operative in Jesus Christ, is, from that day onward, Gods to give to anyone, on the basis of faith in the ransom sacrifice of Jesus life.

### At Your Baptism, You Received The Spirit From God, which Was Also In Jesus Christ

## One Power Consciousness - Choice

Now, God gives you, the baptismal candidate, the Spirit that was in Jesus Christ and now you come alive with a new Spirit, the Spirit of Holiness. As you come up from the baptismal water, God declares you righteous and God gives you undeserved kindness and everlasting life. You are a new creation, according to the words of Jesus Christ, when speaking to Nicodemus, a member of the Jewish Sanhedrin saying: 'You cannot enter and you cannot see the Kingdom of God unless you are born of water and Spirit'. In compliance with these words you are indeed a new creation born of water and Spirit.

### *Persons Not Conscious Of The Christ Within Are Conscious Of The Corrupted Spirit, Which is From Adam*

By not being conscious of the Spirit of the Christ, within, you will not be able to display the one-power consciousness, of God and good. A person that has not become conscious of the Christ, within, is in fact conscious of the spirit, which is from Adam. That spirit from Adam, which was received by procreation, is the spirit of which you are conscious of and that means you are being conscious of two powers, of God and good and of evil and bad. Belief in two powers brings alienation from God and you will remain to be conscious of lack and limitations, which causes you to be unfit for purpose.

## Belief In One Power Is By Means Of Christ Spirit, Within

Now, we are the ones who have faith to preserving alive of the soul. This means, we believe in one power, God and good. This understanding comes to us by means of the Spirit of the Christ, within. This is truth, because by Spirit is the accurate knowledge of God. This is so, because, all spirits is one spirit with Gods Spirit, because, there can be no separation or division of spirit with God. The spirit in righteous man is differentiated Holy Spirit, from God. In plants and animals that spirit is not Holy Spirit, no, it is plainly spirit, which is the operating principle in all plants and animals operating not on thoughts, but rather, it is operating on the basis of pre-disposition according to its kind.

## Accurate Knowledge Has The Power To Preserve Alive Its Owner

We have learned, from this, that unless we are conscious of the Spirit, within, the Spirit of which was also in Jesus Christ, we are nothing at all and we certainly will not be able to have harmony with God. We believe in two powers, which is God and good and we believe in evil and bad. That means that we need to be judged at the end, when this system of things is about to be dissolved.

## One Power Consciousness - Choice

Therefore, this writing is designed to encourage the cultivating of accurate knowledge and of faith that has the power to preserve alive the soul. You have to learn to be in harmony with God on the basis of your faith. That would mean that you have to die with reference to your spirit, which is from Adam, your forefather, according to the flesh. Thereafter, you are able to receive the Spirit from God, the Spirit of which was also in Jesus Christ, our Lord.

### Persons Who Believe in Two Powers Must Face The Destruction Of All Religions

Religion has failed to teach us about the importance of believing in one power, of God and good. Religion has become embroiled in this system of things to keep the masses of mankind in ignorance, to believe in something that is at best an illusion, the belief in two powers, God and evil. Together with the political and commercial pillars, which are in support of this system, they must face the inevitable demise, the destruction of all religious organizations during the Great Tribulation, now so close at hand.

### Knowledge Is Power and Power Is From God

## One Power Consciousness - Choice

From the above information and by the discussion we have considered until now, one thing has become clear, knowledge is power and power is from God. We are in need of changed consciousness and that would require becoming conscious of thought power, of God and good. We are aware of universal and natural laws, especially the Law of Attraction. However, in order to obtain the full benefit from this law, we need to become compliant with a harmonious existence between God and man.

### *We Need To Change Our Belief System To Believe in One Power*

Most of the people, of this world, are dominated by the lack mentality. This means that most people are dominated by a quick fix mentality in order to bring about instant change for a better life, by instant material acquisition of adequate financial wealth. But such a quick fix mentality may fit in well with imperfect man's aspirations; however, this does not provide you with the stability, security, happiness and peace we all seek as children of God. We need to change our belief system, because belief is power and true belief has the backing from Spirit, which is from God.

We want to make clear that the above writings are in no way written to change the governments, the religious organizations or the commercial institutions of this

## One Power Consciousness - Choice

world. No, these writings are designed to change consciousness of the individual, and by doing this; we are able to change our immediate environment for the better. This is so, because changed consciousness must bring about the perfect square of life with health, wealth, love and perfect self-expressions. This will lead to perfect happiness and to peace. By perfect peace and poise, with love and goodwill, we will be able to dissolve all negative thought vibrations. Good health and peace to you.

## Chapter 2

# Success From Within

## Success Is Waiting At The Door Of Opportunity

We talk about success and we reach out to have success but real success is not the acquisition of riches and worldly power. No, real success runs deeper than that, it is life's fulfillment of our deep rooted desire, on the basis of harmony with God. There is one basic fact that is manifest, in our case and that is a subconscious awareness that we are from God. It is the essence of our existence to reach out to eternity with knowledge, health, wealth and eternal life.

## We Had Our Beginning As Thinkers Without Lack And Limitation

What we need to understand is that no worldly power, or riches, will ever be enough to satisfy our yearning to be acceptable to God and having harmony with God. At the beginning we had eternal life in our reach, when our forebears were walking as free moral agents on earth, and all things seem to be within reach of their fondest imagination. There was no want, nor was there any lack and limitation. We had our beginning as thinkers with no limitations for what is termed good.

## Doing Bad Was Not Originally Desired By Man

Success was the way of life, and yet, there was one aspect to man's existence that was not to be desired, the doing of bad. To have success, a person must inevitably require a change of consciousness, from a consciousness of lack and limitation, to a consciousness of super abundance of good. This in turn must lead to having life in abundance with health, wealth, love and perfect self-expressions.

## The Very Existence Of Man Was A Success At The Beginning

Indeed, there, in Eden, it was the best of what can be imagined and it belonged to man. Success was not a word yet formed, because the very existence of man was a living manifestation of success. Man was and lived success, at the beginning. We, ourselves, have become a product of godly thought that was unique and without parallel. All other life forms are creatures that are sustained by Gods spirit, but none of these were free moral agents, made in Gods image and likeness. Therefore, spirit is the creative principle in the universe and it is manifest, to varying degree, in all living things. Spirit is the source of life of every living thing.

## Man, The Glory Of Gods Creator- ship, Was Made In Gods Image And Likeness

But man was about to make his debut, on planet earth, and to assert his power and influence. However, man was different to what has been there before mans arrival. Man was a free moral agent and he had Spirit, but that Spirit was different from the Spirit of all other creations. The Spirit in man was Holy Spirit and man had been given speech to communicate intelligently with one another and with God. Man was a thinker, of which there was none before on earth; and he was made in the image and likeness of God. There was no creature on earth that was like man; he was the crowning glory of God's creator-ship and love.

## The Way Of Eternal Success, Living As Sons and Daughters of God

At the beginning, man was Holy, like the Father, God, who is Holy. But having their origin from God brought with it other responsibilities of which early man was not aware. Compliance with these requirements would pave the way for eternal happiness and success. This way of

## One Power Consciousness - Choice

life was the way of eternal success, living as Sons and Daughters of God, with unlimited ability to satisfy the imagination and the doing of good.

### *At The Beginning Man Was Not Aware That He Needed Anything*

The entire universe operated on the basis of universal principles. Therefore, these principles are laws and statutes, by means of which mankind is to conduct himself and be in harmony with God, the Father. By the application of these principles, man would have established himself as having the approval of God. At the beginning, man was not aware that he was in need of anything, he felt complete. All things in man's life were good all the time, but this was about to change.

### *There Was No Place For Bad At The Beginning*

Adam had to know, that, as a free moral agent, he was not to entertain desire for what is bad, and thereby, he was expected to continue to have harmony with God. This was interesting, in that Adam and Eve had no concept of bad, there was to be no place for bad in their environment. Now, however, God indicated a tree to them that was in the middle of their Garden Home to

## One Power Consciousness - Choice

which, good and bad was attached as decreed by God, and the tree was given a name, which was 'the tree of knowledge of good and bad'.

### Bad Was Nothing, Because Bad Could Always Be Destroyed By Additional Good

Further to this, there was another tree in the middle of their Garden Home and that tree was the Tree of Life. These two trees served the purpose of God in that they appealed, on the one hand, to the fleshly physical man and on the other hand, to the spiritual man, within. But bad was in fact nothing at all, because, bad could always be destroyed by additional good. It was left to the first human pair, to work it out for them-selves, as to what to do with these trees. We need to remember that the Law of Attraction is completely impartial as to responding to good or bad thoughts. It required obedience by faith to bring about only the good, as God was also only able to bring about what is good.

### Bad Had Been Given A Name, A Destiny

Here we have the first account that indicated that success was conditional to obedience to the God given

## One Power Consciousness - Choice

principles. Now, the tree of the knowledge of good and bad was like all other trees, it was a fruit bearing tree and the fruit appeared to be good for food. However, this tree had been given to man to teach man that there was something that could cause man to die. Bad had been given a name, an identity, and a destiny and that identity came from the highest authority known to man, the authority of which is God.

### The Tree Of Life Would Have Given A Consciousness Of Life And Good

Then, there was also the Tree of Life, which was to appeal to the spiritual man and that would give man Life Consciousness leading to super abundance of good and with everlasting life in view. It was not the fruit of the tree that would have given life to man, no, it was Gods Word, indicating that eating from the Tree of Life would be good for man, and thereby, man would change consciousness to acquire Life Consciousness with super abundance of good and with a consciousness of everlasting life being their destiny.

### All Grown Food Is A Product Of The Operation Of Spirit

## One Power Consciousness - Choice

All living creation, other than man, has spirit that limits their activities to the plane of their existence. Therefore, a tree's spirit brought about its fruit, and thereby, the tree could multiply for the good of all. So it was also with every other living thing, they all had differentiated spirit from God and by this spirit the creation brought about good for others to enjoy and keep the whole alive and in harmonious existence. We can say that it is spirit that feeds man and all other creatures that have spirit, because, all food is a product of the operation of spirit.

### *Through Spirit, Man Had Access To God*

However, with man things are different, man is a creator, who creates by thoughts, and thoughts are the mightiest forces in the universe. These thoughts had to be limited to the creation of only good. Through Spirit, which was in man, man had direct access to God and whatsoever he ask of God, this he could also obtain. All good things would come to man. But bad was not to be desired, it had to be isolated and done away with by super abundance of good. Bad cannot exist in a clean conscience or in a clean and harmonious environment.

### *In Order To Create Bad, Man Had To Stop Doing Good*

## One Power Consciousness - Choice

Now, this good would be man's title deed that would come to man by thoughts, which were supported by Holy Spirit. Therefore, man had to cultivate super abundance of good, by his good thoughts. However, man was also a free moral agent and he could decide for himself what was good or what was bad. Nevertheless, in order to approach and obtain bad, man had to turn away from doing what is termed good, because good and bad cannot exist at the same place and at the same time, in man's consciousness.

God chose a tree, to communicate to man this important life changing fact, which was to come to man by means of the tree of the knowledge of good and bad.

### *A Tree Was Used To Teach Man About The Good And The Bad*

Here, we want to be reminded that man was a thinker made in the image and likeness of God, the Father. Man could have worked it out for himself that God could never test man's integrity, by using what is bad, because bad has no principle and it cannot exist in the presence of God. By God declaring that eating from the fruit of a certain tree would lead to death, God used a good tree to teach man about the good and the bad. It was meant to be knowledge transfer, from God to man. What God declared to be good, is good, and that which God

## One Power Consciousness - Choice

declares to be bad, is bad, therefore, man is required to act in faith to the God given commandments in order to remain Holy and righteous.

But, behind the tree of the knowledge of good and bad was spirit, and that spirit was from God, which was in support of the good. Therefore, also with the Tree of Life that had the spirit from God, to provide super abundance of good fruits, which would lead to a life of super consciousness of good, which is in support of everlasting life?

### *Man Had To Make A Conscious Choice To Abstain From Doing Bad*

Yet, bad became attached to the tree of the knowledge of good and bad; and that by the stated declaration of God. Man had to make a conscious choice, based on faith and not by reasoning, which required of man not to eat from the tree of the knowledge of good and bad. The choice of obedience, in this case, would lead to everlasting life, which could be passed on to Adam's offspring after him. Adam's belief system would have been strengthened to understand that bad will always lead to death and anything that is bad must be avoided at all cost. Adam had to know that bad was nothing at all and it could always be done away with by an additional good.

## One Power Consciousness - Choice

However, the fleshly man, within, was focusing on the physical benefit of the tree's fruitage. But, as for food, there was a super abundant supply in their Garden home, and therefore, there was no need to look at the tree's fruitage with desire, because there was an abundance of good food everywhere. Man had to obey the commandment of God, with reference to the tree of the knowledge of good and bad, on the basis of faith only and not on the basis of reasoning.

### The Good From The Tree Of Life Would Have Changed man's Consciousness

The tree of the knowledge of good and bad would have given evidence, by its presence, that in the perfect Garden Home there was no place for bad. The tree of the knowledge of good and bad, would, according to the Law of Non Resistance, have died of its own weight. However, if man had eaten of the fruitage of the Tree of Life, then, there would no longer have been any purpose for the existence of the tree of the knowledge of good and bad. Life consciousness would have brought about Super abundance of good from the Tree of Life. This would have resulted in a super consciousness of power, to do away with the tree of the knowledge of good and bad. This could have lead to the cursing of the tree, of the knowledge of good and bad and the tree would have

53

withered and died.

## *A Mind Dominated On Feeding The Flesh Will Lead To Lack and Limitations*

But, the spiritual man was not sustained by food alone, which grew on trees, no; the spiritual man was sustained by Gods Spirit and by every word that was coming from Gods mouth. Having their mind on feeding the flesh, underwrites a lack of faith, leading to a consciousness of lack and limitation, which ultimately would lead to death. But, having ones mind on the Spirit, will lead to everlasting life, with happiness, peace and harmony with God, the Father.

Eating of the fruit of the Tree of Life would have been the choice of the spiritual man, who was conscious of his spiritual needs and who was conscious of his god-like nature.

## *Bad cannot Exist With God, Because God Is Love?*

Adam and Eve had to work it out for themselves that bad cannot exist with God, because God is love and his cardinal qualities are love, justice, wisdom and power.

## One Power Consciousness - Choice

With God there is not a variation of the turning of the shadows. Therefore, by additional good, bad, as represented by the fruit of the tree of the knowledge of good and bad, would disappear. In other words, bad is nothing until one pays attention to bad, giving it life, and thereby, bad will come to dominate ones thoughts to bring forth bad of every description. However, paying attention to what is good has the power to destroy what is bad and bad must vanish. This principle had to be made known to man while in the perfect environment of their Garden Home.

### Learn To Love What Is Good And Have The Power To Reject Bad

What do we learn from this analogy? We learn, to love the good, and as such, we have come to know how to reject what is bad and by this knowledge we are able to withstand and destroy any form of bad, on the basis of super abundance of good. This good we want to embrace with everlasting life in view. This is the eternal success mentality. But, how can we apply these principles in our lives in order to become fit for purpose and bring about praise to our God, the Father, with the prospect of living forever?

## We Are Surrounded By Bad and We Need The Power Of God And Good To Be Successful

Here we realize that we are living today in times of great importance since the drama that unfolded in the Garden of Eden. This drama is now playing out in a monumental parallel in the lives of humanity, as a whole. We are living in the most critical time in the history of mankind and another drama is unfolding before our very eyes. We are surrounded by bad, of every kind, and therefore, we need help to see us through these difficulties by the power of a consciousness of God and good.

## The Tree Of The Knowledge Of Good And Bad Is With Us Today

The tree of the knowledge of good and bad did not vanish at the time of ousting of the first humans from their Garden Home. Today, the tree of the knowledge of good and bad has grown into a massive tree of global proportions. This tree is manifest in the outgrowth of a human society, which, on the one hand, has done much good, and on the other hand, has done super abundance of what is bad. This tree is global in outgrowth and the root system has penetrated every aspect of life here on

earth.

## The Drama In Eden Is Now Playing Out In The Final Chapter Of Mankind

In this environment, of good and bad, there is change manifesting, the change that is also global in scope. That change is coming to us through the anti-typical Tree of Life. Therefore, the drama that unfolded in the Garden of Eden is now playing out in its final chapter of mankind. Here, we have the need to be clear in our thinking. Are we to repeat the error of mans way and subject ourselves to the unfolding dramatic events, unprepared for survival? This is the real issue of today; every one of us is called upon to make a choice for either the blessings or the maledictions.

## We Are Unable To Deal With The Problems We Have Created

We are here, in the stream of time, and this system that we see today has a history of thousand of years in the making. Today, we see mankind feeding of the tree of the knowledge of good and bad. The result of this can be seen in the world of our making; and what we have created has been based on a lack mentality. We explored

## One Power Consciousness - Choice

the physical, or the things seen, to the smallest particle and we have advanced in medical science to add to our lifespan, only to find that we are unable to cope with the problems that we have created.

These are indeed critical times hard to deal with and we are encouraged to do the things leading to our survival.

### *Real Success Will Give Us Health, Wealth, Love And Perfect Self Expressions*

We can ask ourselves, are we ready for real success that can give us health, wealth, love, and everlasting life, with peace and security, on a global scale? If we answer yes, then read on and become enlightened, to understand the deep things of God that will lead to freedom from fear. In the Garden of Eden, it was mans failure to pay attention to the Tree of Life that was in the middle of the Garden Home. Instead, man paid attention to the tree of the knowledge of good and bad, and by this error, the whole of mankind is dying. This is so, because, whatever we think about this we bring about; and desire for the tree of the knowledge of good and bad brought death and death has been with humanity ever since that fateful day.

## Today We Have Become Conscious Of The Anti Typical Tree Of Life

Throughout mans history, there has never been enough of anything and not having enough was our lot in life. But things are on the move and change is in the air.

Today we have learned to become conscious of another manifestation, which is the anti typical Tree of Life. We have been inclined not to pay attention to this anti typical Tree of Life, similar to what took place in the Garden of Eden, and by our failure to pay attention; we place ourselves in danger of finally loosing out on life, altogether. Not meaning the life, which we have created, but rather the life, which has been based on a lack mentality? Here we talk about the real life, everlasting life, with power, peace, happiness and an abundance of good, which is based on changed consciousness.

## The Anti Typical Tree Of Life Is Represented By Jesus Christ

This anti typical tree of life is represented be none other then the Son of God, Jesus Christ, our Lord and King. He is the big tree of righteousness. He arrived at the right time to witness all the injustices, corruption, wars,

## One Power Consciousness - Choice

crimes, poverty, disease and mayhem. It was something never seen before, a righteous man, from God, the Father, who came in the likeness of the flesh of Adam. He was planted as a tree of righteousness and as a tree of life and he has proved himself to be the Chief Agent of Life. Will you consider the life changing importance of eating of its fruitage in order to have a life with health and super abundance of what is good, including a changed consciousness, whereby, you have the prospect to gain Life Consciousness?

### We Have The Need To Eat Of The Modern Day Tree Of Life

As it played out in the life of the Christ, he became the Chief Agent of life, the Last Adam, the Wonderful Councilor, the Eternal Father, the Prince of Peace and the Mighty God, according the prophetic injunction of the Book of Isaiah, Chapter 9. The Christ represents the proverbial Tree of Life and we would do well to eat from its fruitage, so we can live and have life in abundance.

### This Is The Greatest Story Ever Told

This is the beginning of the greatest success story ever told. Jesus Christ became the compensator, from God;

## One Power Consciousness - Choice

because, he willingly laid down his righteous life as a sacrifice for us all. By this sacrifice, everyone exercising faith in Him will have everlasting life. By His sacrificial death, he has become the chief agent of life in the world of our making. He has become the proverbial Tree of Life. Everyone eating from this proverbial Tree of Life will have everlasting life, within.

### Dying With Reference To Your Sin You Change Consciousness To Super Abundance

The true faith will manifest in the acquisition of knowledge of the Christ, by exercising faith in the ransom sacrifice of his righteous life. This will lead you to die a spiritual death, dying in the likeness of Jesus Christ's death. The Christ died with reference to the sins of the whole world of mankind. You in turn will have the opportunity to die in the likeness of Jesus death, by going under the baptismal water, and there, you are dying with reference to your own sins. This action changes consciousness, from a consciousness of lack and limitation, with sickness and death, to a consciousness of super abundance of all that is good. Therefore, because you have done this, you have become acquitted from all your sins, because you have died in the Lord. Every one that has died, in a physical way, according to the scriptural record, is acquitted of his sins, as stated in the

## One Power Consciousness - Choice

greatest Book ever written, the Bible. Now, because you have done this, in faith, God gives you imputed righteousness, undeserved kindness and everlasting life.

### You Are In Need Of The Circumcision Of The Heart By Spirit

You are, indeed, a new creation born of water and Spirit, the Spirit of which was also in Jesus Christ, our Lord, when walking the earth as the Son of God. By this faith, on your part, you become eligible to receive the circumcision of the heart, by Spirit, which is making you clean before God. God, in turn, calls you Sons or Daughters and you call God, Father.

### Eating Of The Anti Typical Tree Of Life, You Are A Super Success

But, in order to complete the ultimate success story, having been declared righteous by faith, you are now in a position to partake of the proverbial Tree of Life. Adam failed to obtain the benefit of eating from the Tree of Life, instead, he chose to obtain the fruit from the tree of the knowledge of good and bad; he followed the way of the flesh and he died. By the same token, we also die today. Now, however, here comes the most outstanding

## One Power Consciousness - Choice

success that any man can ever obtain and it is a good thing to pay the utmost attention to this success.

### You Feeding Off Christ By Eating The Unleavened Bread And Drinking The Unfortified Wine

You have now the privilege to eat of the fruitage of the anti-typical Tree of Life. By partaking of the unleavened bread, which is symbolized by the broken body of the Christ, in addition, you are also partaking of the unfortified wine, symbolizing Christ's shed blood, which takes place at the time of the memorial celebration of Jesus Christ's death, you, in a symbolic way, are eating the flesh and drinking the blood of the Christ. By partaking of the memorial emblems, by eating the unleavened bread and drinking the unfortified wine, representing Christ's body and His blood, you are eating from the proverbial Tree of Life. By doing this, in faith, you are changing consciousness to become Life Conscious, and thereby, you are having unlimited access to super abundance of good. In this way you are feeding on the Christ. This gives you the real life, and the Spirit from God, which was also in Jesus Christ, is given to you to support this real life. That Spirit is truth. By this action, you become a privileged Son or Daughter of

## One Power Consciousness - Choice

God, by adoption, and whatsoever you ask of God, in Jesus name, this you shall also have. This comes to you in abundance at the time of asking and it will be given to you.

### The Ultimate Success Brings To You Super Abundance Of Good

This is the ultimate success, which brings to the owner super abundance of good, and wherever good appears, bad cannot manifest. Where Adam failed, you have the opportunity to succeed. Adam failed to eat from the Tree of Life, and instead, he paid attention to the desire of his flesh, and as a result of this, he ate of the proverbial tree of the knowledge of good and bad, and he died. You, on the other hand, are partaking of the Tree of Life, as symbolized by Jesus Christ, our Lord, and as a result of this, you have acquired a consciousness of super abundance of good, and where good appears bad must disappear. You are happy and full of joy, as you grow in the understanding and knowledge of the deep things of God. You are indeed the progeny of the Christ, the offspring of the Last Adam.

### Christ Became The Bread Of Heaven When He Sacrificed His Righteous Life

## One Power Consciousness - Choice

We need here to understand that Jesus Christ became the bread of life, when he sacrificed his righteous body for mankind, as a whole; and His shed blood verifies the promises of God as being an unchangeable statute. Anybody partaking of the unleavened bread and of the unfortified wine, during the memorial celebration of Jesus sacrificial death, doing so in faith, will have everlasting life. This is the ultimate success story, which must lead to partaking of the unleavened bread and the unfortified wine, in faith, once a year, on the Jewish day of the Passover celebration, is taking place on the Jewish calendar month of Nissan the 14<sup>th</sup>.

### *God Will Finish Your Training, This Is A Living Success*

As a result of this action, you have peace, and there is nothing that you cannot attain. You belong to the limitless universe with everlasting life in view, God loves you, and He will finish your training. Your transformation to become fit for purpose is yours as a lover of what is good; and this to Gods eternal praise and glory into all eternity and even forever and ever. You have become a living success; you have become fit for purpose, as a Son or Daughter of God; and you are to be brought to bodily perfection during the 1000year Kingdom Rule of Jesus Christ, our Lord. You have been born of water and Spirit, and by this, you have complied

## One Power Consciousness - Choice

with the entry requirements into the Kingdom of God, with Jesus Christ as King. Under Christ's rule, over a period of one thousand years, all humanity will be brought to physical, moral and spiritual perfection. You are destined to live on a cleansed earth and enjoy super abundance of peace and poise with love and goodwill, whereby; you will be able to dissolve all negative thought vibrations.

Those, who will be there, to see it, can also include you, along with the vast majority of resurrected mankind, who will, by that time, have grown to perfection, to live on earth, in peace and harmony with God's blessing, for all eternity.

## Chapter 3

# Thoughts To Remember

## We Need A New Way To Success

The world is changing and with it we are changing. But today, as never before, our future hangs in the balance. We have accepted to look at the rulers, the authorities, who are in power to provide us with guidance and leadership. This is where we find that this system that we have created is no longer serving us for our ultimate good. Filled with concerns and consumed by lack and limitation of every kind, we are aware that we need a new way to lead us, in the way of success.

## We Have Regressed

The writer of this book shares that concern. In fact, we have advanced in our understanding of destiny, to the point, where we desire to share this knowledge with anyone that cares. The most profound concerns, of ours, are the fact that we have been sold into ignorance. This not only by any one particular ruling establishment, but rather, as a global community; we have been sold into believing that what has been created can be described as progress. This can be no further from the truth. In fact, we have regressed. We have become less fit for purpose and we are no longer in harmony with the greater whole of all living things. In fact, it can be said that we have been ruining the earth. Now, we have the need to support all life forms on earth, which is including man.

## We Can Expect Increased Levels Of Oppression

What we can expect, to see in the near future, is the disintegration of the rule of law. This would indicate that the authorities are increasingly under pressure to control every aspect of our lives. There is no love, and there is no trust, in this system that we have created. There is widespread insecurity and a feeling of fear for the future among the people. What we can expect, in the near future, is increased levels of oppression to control our lives. This is a frightening development, indeed.

## Carefully Absorb The Content Of This Publication

What are we to do, in order to secure our destiny of peace and prosperity? There is one certainty, we need to carefully absorb the content of these writings and make this information our own. This is knowledge transfer, to you, the reader. The whole system of things, which we have created, has cultivated a belief in two powers, of God and evil, or good and bad. This belief system is keeping us in ignorance, preventing us to be set free from fear, lack and limitations. We have the need to move forward, into a more elevated understanding of destiny. We need to cultivate perfect self-expressions, because by

## One Power Consciousness - Choice

thoughts we create; and whatever we think about we will certainly also bring about.

### Harmony With God Comes To Us On The Basis Of Faith

There can be no bad, where there is an abundance of good. But, good is not to be limited to the application of man-made laws. Not at all, the highest authority in the universe determines that which is good, because in the finality only God is good. This means that we are here being encouraged to strive in order to reach harmony with the source of all power. But, this harmony with God comes to us on the basis of faith and not by law.

### We Need A Belief System That Can Stand The Test Of Time

This is the watershed of our understanding. We need to move toward harmony, with God, on the basis of faith, or on the basis of changed consciousness. That is why, the 'One Power Consciousness' books are written; they give understanding of the faith that can preserve alive its owner. This is not a difficult thing to accomplish, but rather, this is a sure thing that moves us ever forward, to the point, where we cultivate a belief system that can stand the test of time.

## Cultivate The Desire To Become Spiritualized Thinkers

We have to cultivate the desire to become spiritualized thinkers, and as such, we have to lay hold on the perfect square of life, which has the power to give to you health, wealth, love and perfect self-expressions. Here we have it; perfect self-expression is what is required. But why, where and how, are we to acquire the skill and the basis for perfect self-expressions? This comes to us through changed consciousness of mind. This may appear to be difficult, by some estimation, but by no means will it be impossible.

## We Have Stored Thoughts In Our Mind That are not Beneficial

By means of our subconscious mind, we have stored all sorts of information, from the earliest of childhood until now; and that stored information is our paradigm, our belief system, which is acted upon at any given time to protect us from perceived harm. But, by further consideration of all the facts, we also come to understand that there are good and beneficial thoughts and experiences, which have been stored in our mind. But then, there are also false impressions, accepted as truth, which we have received and stored in our mind in

ignorance. This we have taken into our mind and stored it in our subconscious domain and that can be harmful. Ignorance is the real enemy of man.

### *Our Subconscious Domain Is the Storehouse of The Good And The Bad, Our Paradigm*

All this information, which is in our subconscious domain, the good and the bad, we call our paradigm and that paradigm will cause us to act upon the information stored, in order to protect ourselves from perceived harm. But, when some of the information has been received in ignorance, then we may act upon this information as truth, with all the negative consequences attached to it. This can lead to mental disturbances and fear, and that in turn can cause all kinds of undesirable consequences, including anguish of mind, anger, sickness and even, in some cases, death.

### *We Are To Have The Glorious Freedom Of The Children Of God*

What are we to say: Is there no way out from this cycle of good and bad? Indeed, there is a way out and that is what the 'One Power Consciousness' books are designed to accomplish, to bring about the emancipation of man.

## One Power Consciousness - Choice

We are about to be set free from the enslavement to corruption and death and obtain the glorious freedom as the children of God. The time of liberation is upon us and you are encouraged to pay close attention to the information that is to be progressively published.

### *Affirmatives Are Supported by Spirit With Lasting Good To You*

In the next book you will learn about perfect self-expressions, by means of the use of affirmatives. These affirmatives have the power to drive undesirable thought forms deep into the subconscious domain of our mind and replace these undesirable thought forms with expressions of truth, which are supported by Spirit. As we have already come to understand, Spirit is truth, in fact it is the only truth there is. These affirmatives are in support of Spirit, and as such, they will have an immediate and positive effect upon the student.

### *Learn About Faith That Can Preserve Alive Its Owner*

In addition, you will also learn about expressions of faith, which are designed to give you health, wealth, love and everlasting life, as a survivor of the cataclysmic events, of upheaval in human society, foretold in the Bible book of

Revelation. This causes you to be happy, because you will have come to realize that this information is not from man, but from the source of all power and love, which is God. It causes you to be happy and joyful and whatever you desire can be yours, because this is your title deed and it is the assured expectation of things hoped for. It is your faith, which is in the ransom sacrifice of the only begotten Son of God, Jesus Christ.

### *Be Called On To Be The Blessed One Of God and Good*

Read the writings of this book often, because by doing so, you are creating the necessary brain cells, with which to understand the things difficult to comprehend at the present. Take your time and meditate on the content of the writing, and become wise and you will be among the blessed ones of God. You have come to know and you have come to understand that there is, for us, one power, which is God and good. This understanding will lead you to be set free, as children of God, with the Spirit of the Christ, within, which comes to you on the basis of your baptism and on the basis of the Undeserved Kindness of God.
