Belief In

One Power

MANFRED H. E. ROHDE

At the beginning, man became subject to changed consciousness, by his own error, changing from a consciousness of abundance of good, to a consciousness of lack and limitations, resulting in a lack mentality for all.

After Eden, man came to believe in two powers, in good and in evil. This is now a global belief, the belief of the world and from this belief, all evil springs, with super abundance of what is bad.

We understand that this change is our destiny. Therefore, the call is going out; listen all you, of little faith, you can change consciousness, from lack and limitation to a belief of super abundance of good. This change is certain to fill the earth. It is the destiny of man, the belief of doing and obtaining good, which is based on a belief in one power, God and good.

Prologue

The time to change is now, the time to be at peace. Humanity is on the brink of massive changes, and until now, we may have collectively accepted the direction, and so-called protection, of our elected leaders.

The truism has come to pass, whatsoever we think about, we bring about. Now is the time to change our thinking and bring our thoughts into harmony with the Greatest Thinker known to man, which is God. Now is the time to change, from a belief of lack and limitation to a consciousness of super abundance of good. Change from a belief in two powers, of good and bad, to a belief in one power, the power of God and good.

Rise, get up, and brace yourselves for activity. Reach out to available knowledge; with insight, understanding, and faith; by this faith, you will be able to preserve alive its owner.

Change the Status Quo, and embrace happiness with peace, poise, love and goodwill. Thereby, you will be able to dissolve all negative thought vibrations. The new man is born. Reach out for Holy Spirit, the Spirit of which is from God, the Spirit that was also in Jesus Christ. There is a new way, the way of one power, the power of God and good, embrace it now.

Foreword

Disclaimer

The writings of this book are not to be misinterpreted. They are not meant to change the world, or the governments and its supporting organizations. These writings are not to change the financial system and the commercial establishment, nor are they to change the religions of this world. These writings are based on the belief that you cannot change another; all you can do is change yourself.

A Reflection

There is much fear in the hearts of men, but never enough love. Mankind is on the move, hoping for a new beginning, a new beginning that will bring an abundance of peace and poise with love and goodwill. Thereby, we are made to believe that we will be able to dissolve all negative thought vibration. Our belief in two powers is the root cause of all our problems, by means of which, we generate toxic thoughts, leading to an abundance of fear and anxiety, with unimaginable wickedness, crime, violence, sickness and death. Our belief in two powers has not served us well; it must be done away with and the time for change is now.

People Are Rising Up In Revolt

The world, as we have come to know, has entered a new phase, which will affect the way we are governed. People are rising up in revolt over the status quo of organised society. People are looking for a new way, they are looking for real change, for new leaders, who have the good of the greater whole at heart. Does it belong to man to bring about these desired changes? It is very unlikely that we can do this without affecting the stability of the entire present order of things. We have the urgent need to free ourselves from the bondage of ignorance. However, there are few who can lead with insight and understanding. The world is changing; and we are under pressure, we are under obligation to accept the Status Quo, which is in support of a system that is in support of a belief, which is based on two powers, God and evil.

Committed To A belief In Two Powers, God And Evil

Here we need to understand that mankind is committed to a system of belief, which is based on two powers. This understanding has little or nothing to do with religious belief. The religions of the world are in fact buying into the same concept of a two-power consciousness. All of humanity is in support of a belief in two powers, the power of God and the power of evil. Therefore, all

humanity is following the path of ignorance leading to the same system of governance as before. This understanding is based on the notion that whatever we think about this we will also bring about. We are made in the image and likeness of God, and therefore, we create by thinking. Our thinking must change; it must be brought into compliance with revealed knowledge, understanding and insight, which can change consciousness.

Become Enlightened As A Force For What Is Good

Can we afford to become enlightened, and thereby, become a force for what is good, for us all? Such enlightenment will, no doubt, lead to conflicts with the forces of evil, which is able to lead to global mayhem and anarchy. What we need is change of the individual, to become enlightened and be set free from the limitations, which this system is imposing upon us all. We need knowledge and understanding of the real purpose of life. To understand that we are from God is vital, which leads us to understand that we are free moral agent, and therefore, we are in need to come into a harmonious relationship, with the will of God, in order to enter into a harmonious relationship with the source of all power, being the power of God and good.

We Have The Need To Change Consciousness

This understanding of human destiny requires insight into the deep things of God. We have the need to change consciousness, from a consciousness of lack and limitation, and a belief in two powers, to a new consciousness, which is in support of one power. Such a change is requiring super human direction and a clear understanding of human destiny. We need to understand that spirit is truth, which is manifest in the overall outworking of that which is good and beneficial. Insight into the workings of Spirit will be affecting our belief system; it must lead to changed consciousness, which is based on a changed of belief.

We Are First And Foremost Spiritual

This publication will help the reader, to come to understand human destiny and become conscious of the fact that we are, indeed, made in the image and likeness of God. We are different creatures from the animal creation; we share, this earth, on a spiritual plane with the Great Spirit, who is God. We need to understand that we are first and foremost spiritual creatures, with a physical body. In order to change, we need to understand the operation of spirit, in our lives. This will

11

require insight into the deep things of God. The few articles, contained in this book, will give you ample evidence that change is possible, in fact, you come to appreciate that change is essential and not difficult to achieve. This is so, because Spirit is from God, and God is love and God loved us first, when we were steeped in ignorance, when we were in dense darkness, mentally. That was the time when God provided the greatest gift to mankind by means of the ransom sacrifice of His Only Begotten Son. This Son of God has the power to change consciousness, by means of faith. This is the beginning of lasting change, which will result in removing the shroud of darkness and bring about the brightness of the spiritual Light, which is based on knowledge and true understanding of God's purposes for the earth, with mankind on it.

Become liberated As Children Of God

Come, let us listen and learn about the things that will give you light and life, which will give you insight into the deep things of God. By reading these articles, if possible repeatedly, you will create the necessary brain cells, with which you will understand the contents of these writings. You will be blessed with faith and you will come to understand the secret and glorious things of God, which will lead you to a wonderful future of peace

and happiness. Remember, without faith it is impossible to please Him well. Therefore, cultivate strong faith, in the written Word of God. The content of this book is well placed to help you achieve harmony with God, which will be to God's everlasting praise and glory with everlasting life in view.

Notes:

Chapter 1

Belief In Two Powers

Humanity On The Move

Spirit dominates the world of our making; this is the spirit that operates in all living things. By spirit, within, we have grown from the time of conception to adulthood and as adults, we have taken on responsibilities to become whatever we desire to be. Some have become housewives, others have chosen to become leaders, in their respective field of activity, and yet others have chosen to be doctors, tradesmen, engineers, nurses and accountants. Some are disabled and sick and others are without work. However, what we see in the world, of today, is what is manifest before our eyes, which is humanity on the move into the future, which is dominated by fear, violence, sickness, uncertainty, anxiety and death.

Do The Right Leaders Lead Us?

This is what we have created, a society steeped in anxiety, fear, crime and violence and driven by a lack mentality. We have now arrived at a time where we find ourselves on the slippery slope of destiny, which could lead to loosing control of our lives with possible dire consequences. The question we have to ask ourselves is this: do we have elected the right leaders to navigate mankind through the stormy seas of discontent? We have arrived at a juncture of time, where the system,

which we have created, is no longer serving us well?

Leaders Are Needed, Who are Motivated To Rule For Justice Itself

When we consider the motivation of the elected ones, we come to the conclusion that they are always loaded by selfish ambition and bend by the temptation of corruption, proving themselves to be unfit for purpose? We need leaders that are committed to lead for justice itself, for the benefit of the greater whole. Trained in universal law and in high standards of morality, we can say; we need people to lead us, who are dominated by love, serving us for the benefit of the greater whole and such persons are in very short supply, indeed. They have to be visionaries with insight and understanding of the things coming upon the inhabited earth.

The Operating Principle In Man Is Spirit

We have made much progress in the study of man, including the environment in which we live, and in law. In the process we have come to understand that the operating principle, in man, is spirit. Where there is spirit there must be life. This we can state with humility and a measure of certainty, because all living things have

spirit, differentiated spirit, indeed, from God, the source of all Spirit, which we understand to be Infinite Spirit. We are from spirit, and therefore, spiritual understanding and comprehension is of paramount importance for our wellbeing and for future success.

Evolution Theory Underwrites Man's Lack Of Understanding

Here we do not want to be ignorant to believe that we are evolved from lower forms of life, such as is indicated by men of so called higher learning. However, a statement in support of the evolution theory of man underwrites mans level of ignorance and lack of understanding of the powers at play. Teaching the evolution theory, in support of mans origin, which is presented as a fact, is beyond comprehension. This fact escapes their notice that all life forms are in possession of differentiated spirit, which is from Universal Mind, or from God. Therefore, God is giving life to them all.

All Food Is Supplied By Spirit

We have to ask ourselves: where does this spirit, which is differentiated spirit, originate? In fact, we can take this matter even further and ask ourselves; who provides the food, which sustains us, and who keeps us supplied with the things the body needs to keep alive? Is this food not

18

supplied by means of spirit, the spirit that operates in all living things? From this analogy alone we come to conclude that differentiated spirit is in support of all life, and that spirit comes from Infinite Spirit, which we call Universal Mind, or God. Therefore, we can state with a measure of assurance, that mans existence has its beginning in Universal Mind, in Infinite Spirit, or in God.

All Human Institution Keep Us In Ignorance

Now, we understand, that to a greater or lesser degree, all of us are victims of institutionalized ignorance. That ignorance comes to us by means of the media, the institution of learning, from politics, commerce and religion. All human institutions, to varying degree, are involved in keeping us in ignorance. In order for us to understand this truism, we must come to appreciate that our belief system, including much of our thinking, as well as the manipulation of our mind by those in power, is at the core of all human problems. This so-called badness, or wrong thinking, has entered into man's mind at the beginning. It was on the basis of the reasoning mind, and by desire, directed in wrong channels of thought that man brought about the concept of changed consciousness.

Belief In Two Powers Is Based On Error, Rooted In The Law of Karma

By this erroneous process, man laid the foundation to believe in two powers, which is in support of the concept of believing in God and evil, or good and bad. By this change, man changed from a consciousness of super abundance of good to a consciousness of lack and limitation. This changed consciousness, is a belief system, which is based on two powers, Infinite Spirit, or God, on the one hand and evil, or bad on the other hand. This belief is bringing about the product of our thoughts, which can be either good or bad. The phenomena of an abundance of bad, necessitated the need for an abundance of man-made laws, to manage human affairs successfully, thereby, law perpetuates bad, by its attention to badness. This underwrites the ongoing cycle, of good and bad, and all mankind is a victim of this never-ending process of good and bad, which is based on a consciousness of lack and limitation.

Universal Mind Really Cares

What are we to say? Are we doomed to self-destruction? If there would be no Infinite Spirit, as some intellectuals may want us to believe, then indeed, there would be a real possibility of total destruction of all life on Earth, on the basis of increasing bad, oppressive laws and

20

lawlessness. However, we are happy to confirm that there is indeed a God who cares, who is the God of love, justice, wisdom and power. This is the Great Spirit, the Maker and the Creator of us all. God, or Infinite Spirit, does not entertain the concept of bad, nor does God support ignorance. The universe is ruled by love, by one power, which is the power of God and good.

Bad is Always Destroyed By Good

Therefore, it is impossible for Infinite Spirit to pay attention to what is bad, that, which is based on lack and limitations. Our Maker is omnipotent, omniscient and omnipresent and for Him bad has no principle, and therefore, bad can always be destroyed by an additional good. He is Infinite Spirit, or God, and by Spirit from God we have life and having it in abundance, with peace, poise, love and goodwill. This is an amazing statement to make, because this statement indicates that our thinking ability has its origin in Universal Mind, and in spirit. On the other hand, by thinking, we have the power to create what is good or what is bad. However, bad has no principle, it is nothing at all and it can always be destroyed by additional good. Bad is nothing more than an illusion. Good is in support of given principles and bringing about the good that can be had, on a continuous basis. This quality needs help from the Source of all power, which is God and good.

Now Is The Time To Wake Up

Here we can ask ourselves, can mankind afford to continue in ignorance, when, through Infinite Spirit, we have unlimited access to knowledge, insight and good, which are in support of the deep things of God? We can make the affirmation that with Universal Mind, or God, there is not a variation of the turning of the shadows. Infinite Spirit does not change, however, all other things, which are made, are forever changing. All spirit is one Spirit with Infinite Spirit, or God, and by the same token, we can add that all Minds are one Mind with God, or Universal Mind. This is the wake-up call for mankind, as a whole, for those who are asleep in ignorance. Now is the time to wake up as from a deep sleep and embrace love, justice, wisdom and power.

Belief In Two Powers Is Ignorance

Any teaching that does not acknowledge Universal Mind, or Infinite Spirit, as the source of all love, justice, wisdom and power is in ignorance; God is the Source of all knowledge and all insight, being the giver of every perfect gift. Persons in denial of the above statement are living a life of ignorance. These are the very ones that desire to enslave us all, to cause us to believe in two powers, in the power of God and evil, in order to bring about an abundance of man made laws, with which to

enslave us, in order to perpetuate the creation of every kind of evil. From these sources of evil and bad, you are to become liberated. These are the men that hold us back from moving forward. They desire to make us grope in dense darkness and to cause us to be led captive in ignorance, in order, for them to rule with injustice itself.

Lacking Understanding Of Destiny

Where do we go from here? Is there a way out of this misery, which we have created for ourselves? Yes, indeed, there is a way out and that way is by knowledge transfer, from Universal Mind or God, to man. We have to understand that even the greatest teaching institutions are in dense darkness, as to the understanding of the destiny of man. They encourage a belief in the evolution theory in order to sell us into perpetual mental darkness and institutionalized ignorance. It is disturbing to see such wide spread teachings of error and such lack of basic understanding of destiny. All that these teachers desire to do is to continue exactly in the way of error as before. They want you to continue in the way of lack and limitation, and thereby, follow in the way of ignorance and death.

Real Freedom From Ignorance, Is

By Means of Spirit

How, you may ask, are we to become liberated and set free from this system of things, which holds us captive to do the things not pleasing to God? You can only obtain real freedom from ignorance, through spiritual understanding and enlightenment, which comes to us by means of Universal Mind, or God, giving us insight into His purposes for mankind. For this reason, we have to acquire understanding of our human predicament, as it is seen in the world of today. We have to go back to the beginning of man's debut, on earth. Here, we must come to understand that as the material universe had a beginning, therefore, man also had a beginning. This is the way with all material creation, including the universe, plant, animal and human life. All the above forms have a beginning and the beginning of man has been recorded in the oldest writing available to man, the Bible. God is the source of this written record, known to us, as the Greatest Book ever written.

All That We Can Do Is To Change Ourselves

We have to realize that man cannot change another person, whether man or woman; all we can do is change ourselves. This must be so, because we are from the Source of unlimited power and knowledge, and by this

understanding we have to realize that we cannot lord it over our fellow man, who, according to the scriptures, is made in the image and likeness of God. All we can do is acquire sufficient understanding of destiny, and thereafter, it is the responsibility of Universal Mind, or God, to finish our training. This understanding makes for peace, poise, love and goodwill, by means of which, you will be able to dissolve all negative thought vibration. You will become fit for purpose, to live a life of destiny.

We Are From The Highest Source

There may be some who may suggest that nothing really matters to man while on earth? We are all doomed, in a never-ending cycle of good and bad, and all of us have to face possible annihilation unless we embrace the change that can preserve alive the soul. In the meantime, as some may say, let us eat, drink and have a good time, for tomorrow, we are going to die. Such negative sentiments do not belong to man, who is walking with God. First and foremost, we must come to appreciate that we are from the highest source known to man and that is Universal Mind, or God. In fact, the greatest book ever written states: 'man is made in the image and likeness of Universal Mind'. We are thinkers, and by thoughts we create the things we think about, which are the things we desire.

Bad Does Not Belong To Man

Here, we understand that desire is the strongest thought form, and thereby, we can bring in the good or the bad. However, the aspect of creating bad was not the case at the very beginning of man. The concept of bad does not belong to man who is made in the image and likeness of Universal Mind, or God. The concept of bad must be removed from our consciousness. We have to change and learn to believe in One Power, which is the power of God and good.

On The Plane Of The Absolute There Is No Reasoning, Only Believing

At the beginning of man, we have been given a consciousness of super abundance of good. There was no concept of bad. Bad has been introduced to man by means of reasoning on the subject of good and bad. The concept of good and bad was introduced to man at the beginning and reaching out to bad would carry with it the penalty of death. To turn away from bad was a necessary requirement, because of our love of life and because of our love of God and neighbor and this God given command to abstain from bad needed to be obeyed by faith. Man is a thinker, a creator of what is

good. Man is a creation made in the image and likeness of Universal Mind. With God, there cannot be the concept of bad. Bad is nothing, it has no principle and it can always be destroyed by an additional good. In this respect, man was expected to reject bad as something that has no right to exist. However, man paid attention to the concept of bad, which was manifest by fruit of the tree of the knowledge of good and bad. That tree was in the middle of their Garden Home and that tree was not meant to serve man for food. After all, this tree was the tree of knowledge. Therefore, man reasoned on the right and wrong of the prohibition of Universal Mind, or God, not to touch and not to eat of the fruit of the tree of the knowledge of good and bad. However, reasoning on the rightfulness of the God given command was a gross lack of faith, and lack of faith is sin. Early man was created perfect; he had the ability to reject or to accept the tree of the knowledge of good and bad. Rejection of the tree of the knowledge of good and bad, in respect of the food that was upon it, would have ultimately lead to the tree's destruction. This destruction of the tree would have come through partaking of the other tree, which was the Tree of Life, and thereby, man would have become Life Conscious.

*On The Plane Of The Absolute
There Can Be No Error*

Here we need to appreciate that the prohibition, not to eat from the fruit of the tree of the knowledge of good and bad, came from the highest power known to man. That power was Infinite Spirit, or God, the omnipotent, omniscient and omnipresent Spirit. It does not belong to man to question the rightfulness of God's instructions. God operates on the 'Plane of the Absolute' and there can be no error nor can there be any bad, or any wrong. Infinite Spirit, or Universal Mind, is Holy and He is the Supreme Ruler of the universe. With Him there cannot exist error, nor can there exist any evil. As children of God, all we have to do is show true faith, and believe that God's commandments are necessary for our everlasting good and the God given commandments are true. By reasoning on the subject and on the rightfulness of the God given commands, man started to behave in an inappropriate and faithless manner.

By Forced Desire We Create Illusions

In addition, man, being a free moral agent, cultivated strong desire for the fruit of the tree of the knowledge of good and bad; that desire was directed in wrong channels of thought, leading to illusionary thought creations. That illusionary thought creation brought about the concept of a speaking serpent, which was a non-reality; it was a product of man's vain imagination; it

was an illusion. The intelligent serpent was needed, in order to reason on the purpose of the God given command, in order to convince man that what God required was according to mans understanding, not necessary. Man lacked in faith, and he chose to use forced desire, which was directed in wrong channels of thought. This wrongly directed thought power led to the creation of a speaking serpent. In turn the speaking serpent led man to become isolated from the source of all power, which is God, or Universal Mind. Thereby, man had created a secondary power in opposition to God power, and that was the power of evil. From that moment in time, man started to believe in two powers, in the power of God and in the power of evil, which is sin.

Changed Consciousness Has At Its Core A Belief In Two Powers

This error, at the beginning, on the part of free moral agent man, ushered in a new era based on a belief in lack and limitations. It was an era, which was based on changed consciousness, changed from a consciousness of super abundance of good, to a belief in God and evil. This changed consciousness has at its core a belief in two powers, which is God and evil, or good and bad. This meant that God's influence in human affairs became limited, since God cannot facilitate, or allow, any form of bad to have access into his presence. The result of this

lack of access to the source of all power was catastrophic for man's future. Man became isolated from the source of all power, and he started to be in fear, a fear of not having enough. As a result of this, the lack mentality was born, and man started to have fear, anxiety, being subjected to ageing with sickness and death. The life span of man was eventually limited, at the specific time, to live for only 70-80 years.

The World Is United In Doing The Things That Do Not Serve Us Well

We have arrived, in the now, and what we see is of concern to most of us. We have made progress in a material and technological way and the world is united in doing the things that do not serve man well. The belief in two powers has resulted in hate and murder, in mayhem and war. To the level of evil there appears to be no limit and insecurity is everywhere to be found. In the progression of man, we have constructed impressive buildings and bridges spanning rivers and valleys. We have come to travel at ever grater speed and we have even succeeded to fly to the Moon. The proverbial expression has come true, that, by being united in our aspiration, nothing would be impossible for man. However, there is no peace, which we can enjoy, and man is killing man in one place after another. But peace, and happiness, within or without, is ever so fleeting,

being so far removed from man.

We Are Victims Of A Belief In Two Powers

What can we say; are we doomed, to self-destruction, in our way of life? May that never happen? All of us are victims of a two-power consciousness, believing in God and in evil, and bringing about the good or the bad. However, the world in which we live is not getting a better place. Mental illness is on the rise and so is insecurity. If there is a higher power, which we call God, then where is the evidence of this power in doing only what is termed good? The churches of Christendom are no longer filled with believers. Many church buildings have been sold to developers and faith in the promises found in God's Word, the Bible, seem to be of little value to many, to those who are lacking in faith.

We Cannot Find Peace and Poise With Love And Goodwill

We need a new way of thinking. The religious institutions are disunited in their understanding of human destiny, and mankind is leaderless in his ignorance, not knowing the way out. We are living at a time of the revival of new thought concepts, which are

based on the understanding of universal laws. We have come to understand the creative Law of Attraction, which is giving to many an understanding of thought power to bring about riches and material blessings. However, we have not been able to find lasting peace with health, wealth, and love. We have not been able to obtain power and faith that can preserve alive its owner. Fear is ruling the minds of the majority, bringing about the product of their thoughts, which must be more fear and insecurity, more wars and more hatred, more lack and limitations. We continue to be unfit for purpose.

Law Creates Fear and Fear Creates More Things To Fear

Where do we go from here? We have established the fact that the world of our making is based on a mentality of lack and limitation and on a belief in two powers, being the power of God and evil, or in, good and bad. The problem of belief is that it is supported by thoughts and by thought we create. Therefore, we continue to create some of what is perceived to be good, and on the other hand, we create an abundance of bad. Add to this, an abundance of man made laws, which are designed to bring about a better world on the basis of fear of law. Instead of peace, there is more fear, which creates more of what is bad, and so it continues. Our prisons are filled to the point of overflowing, and as a result of this, we are changing the laws to reduce time spend in imprisonment

in order to save money. Therefore, lawlessness increases everywhere in this world and the global situation is increasingly more difficult to manage.

We Need To Change Consciousness To Believe in One Power, in Good

From the above thought considerations, we have come to conclude that we need to change consciousness, changing our belief system, from a belief in two powers of God and evil, to a belief in one power, which is in God and good. But how, you may ask, can this be achieved, and thereby, changing man's destiny? We have to change our belief system and that would mean changing consciousness.

In The Beginning There Were Two Trees In The Middle Of The Garden

There are some who may argue that Universal Mind cannot be a God of love, if God tempted man by means of the tree of the knowledge of good and bad. Here we need to consider all the facts, which are at our disposal. By this knowledge we come to know that God indicated to man another tree, that was also in the middle of their garden home. That tree was identified as the Tree of Life. However, man ignored to pay attention to the Tree

of Life, because that tree offered nothing new to man, but just life as perceived but Adam and Eve, which they thought they had in abundance.

Behind Both Trees Was The Principle Of Love

There was a fundamental flaw in the thinking of man, at that time, in the Garden of Eden. Man was conscious that he had life and the Tree of Life did not communicate to man anything new. Man failed, to appreciate the need to pay attention to the Tree of Life, which required faith. It was God's desire for man to have strong faith, the faith of which was in having life that will not end. Here again, man showed a lacked of appreciation for the Tree of Life, instead of reaching out to everlasting life, man was attracted to the tree of the knowledge of good and bad. The tree of the knowledge of good and bad communicated something new to man. Instead of meditating on the purpose of these two trees and working it out for themselves what these two trees stood for? Man should have appreciated that behind both trees was the principle of God's love. Eating from the Tree of Life would have changed man's consciousness, because man was at that time not as yet 'Life Conscious'. Eating from the 'Tree of Life' would have resulted in man becoming super conscious of life, becoming conscious of eternal life. This new

consciousness would have included becoming super conscious of abundance of good.

Man Had To Become Conscious Of Power

With a super consciousness of life and good, man would have been well placed to reject the fruit of the tree of the knowledge of good and bad, without any hesitation. Man would have become conscious of power, and by that power, man would have been in a position to cursed the tree, of the knowledge of good and bad and that tree would have withered and died. It was mans failure to see the love of God in all of mans surroundings. To avoid the failure of seeing only God's love, required faith. That failure resulted in man reasoning on the good and the bad of the fruit of the tree of the knowledge of good and bad. This was a grave mistake and a gross lack of faith.

Man Failed To Become Life Conscious

This was man's failure, the failure to act in faith on what was provided through the Tree of Life. Both trees served the purpose of giving man life. In the case of the Tree of Life it was 'Life Consciousness' that would have given man everlasting life. In the case of the tree of the

knowledge of good and bad, it was obedience by faith that would have resulted in understanding the Law of Attraction more fully. Acting in support of the love of God would have lead to eating from the Tree of Life, and thereafter, cursing the tree of the knowledge of good and bad, and as a result of that action, by man, the tree of the knowledge of good and bad would have withered and died.

Man Started To Believe In Two Powers, Good And Evil

In the final out-working of the drama in the Garden Home in Eden, by an act of disobedience and forced desire, man changed consciousness from a consciousness of abundance of good to a consciousness of lack and limitation, believing in two powers, in God and evil. This resulted in creating the power of evil, which was in opposition to God power. Bad had found a home in man's consciousness, and from there, man produced an abundance of bad, leading to error, sickness and death.

Man's Belief In Two Powers Brought Us To Where We Are

The history of mankind bears witness to the march of wickedness and the wanton destruction of both human

and animal life. Everything that has been created, by man, in the world, as we have come to know it, bears witness to mans lack mentality and his belief in two powers, of good and bad. Every religious organization, every governmental authority, every commercial endeavor gives evidence of mans lack mentality and his belief in two powers, the power of God and evil.

We Can Be Certain Of Future Success Through Changed Consciousness

We have established that the presently held belief in two powers has come to us on the basis of error. We have established mans inability to reverse the effect of sin and error, which resulted in man's failure to bring about one power consciousness, of God and good. This is a problem, which, if not acted upon, can ultimately lead to the end of intelligent life on earth. All our attention must be on our Maker, the source of all love, justice, wisdom and power. With universal Mind the concept of failure and bad does not exist. Therefore, all our eyes and all of our attention must be directed and focused on Universal Mind, and thereafter, we can be certain of increased understanding of a future that is rooted in success, in support of the out-workings of God's purposes.

With God, Two Powers Do Not Exist

Some may argue that our continued existence, on the basis of a belief in two powers, will be good. However, this fact escapes their notice, that with God, bad is not a viable concept and it cannot exist with God, only one power exists and that is God and good. On the other hand, with man, there exist the belief in two powers, being the power of good and bad, and his understanding is in support of the notion that law can always be used to control additional bad. But, because we belong to the universe, error and bad has no right of existence, within, it is an abnormality, and therefore, bad and error must be removed from the universe and from mans consciousness. As light destroys darkness, good destroys what is bad, therefore, bad has no future and it can only exist in the consciousness of fallen man. It does not belong to man who is walking to direct his own footsteps; it belongs to Universal Mind, or to Infinite Spirit, the originator of all life to set the standard for peace between God and man.

The way Of Infinite Spirit Is The way Of Truth

We are encouraged to take note of the more important things in life, and that must include harmony with our Maker, Infinite Spirit. Compliance with God's plan for

man and for the earth will bring peace. The ways of Infinite Spirit are righteous, and this righteousness is based on universal law and principles. These principles apply to God and to mankind, because we are from Source. The law that can change consciousness in man is the universal 'Law of Compensation', which is in support of a life for a life principle.

The Law Of Compensation Is In Support Of A Life For A Life Principle

This Law of Compensation speaks this way: when a righteous intelligence has been removed, or, when it has ceased to exist, then a vacuum is formed in the arrangement of the universe. That vacuum has to be filled with the same value of what has been lost. If we apply this requirement to mankind, then we can say that the righteous life, which Adam had at the beginning, was lost when Adam transgressed against Universal Mind. By his transgression man lost contact with the source of all power and as a result of this failure, Adam became unfit for purpose and eventually he died. He failed to father righteous offspring, and therefore, all mankind is dying. The transgression of Adam was against the arrangement of God; it was against the principles of love and peace.

Infinite Spirit Brings About The Last Adam, The Righteous One

The Law of Compensation States that a righteous life squandered, as is the case with Adam's life that life has to be replaced, by another perfect human life of equal value, to the life that was lost. This life, that was to replace what Adam lost, could not have been delivered by anyone of Adams offspring. Therefore, Infinite Spirit, or God, allowed the righteous life, which was in the Only Begotten Son of God, to be transferred, to be born of woman. By this arrangement, Infinite Spirit, or God, could provide another righteous life, in the likeness of Adams life. That righteous life was born of woman, which was in the likeness of Adam's flesh. This one is called the Messiah, or the Christ, and his name is Jesus, who is from Universal Mind, or God, and he was born of a Jewish Virgin, named Mary, in order to be wholly man.

Jesus Was Born, To Become The Savior Of The World

Jesus Christ was born in humble beginnings and he came to fulfill the Law of Moses and to announce the coming of Gods Kingdom and the salvation of man from the bondage to the kingly authority of sin and death. Jesus

finally died, a sacrificial death, as a righteous man. Here we need to take notice that Jesus sacrificial death, as a righteous man, has everlasting benefits for the entire human family of unrighteousness ones. We understand, from the written record, of the Bible, that at the time of man's death, his spirit, which operated in man, returns to God, who gave it. This must be so, because spirit cannot die, and all spirit is one spirit with God. Therefore, the Holy Spirit of the righteous man Jesus Christ also returned to Universal Mind, or God, at the time of Jesus death. That Spirit was Holy Spirit, which previously operated in the righteous man, Jesus. From the day of Christ's death, on the torture stake, the righteous Spirit of the Christ is now with God, for God to give to any person on the basis of faith in the ransom sacrifice of Jesus life. This is the life Jesus Christ had as a man while living on earth as a human Son of God.

The Spirit That Returned to God at Time of Jesus Death Was Holy Spirit, The Christ Spirit

This Spirit, which was in the man, Jesus Christ, returned to God at the time of Jesus sacrificial death. That Spirit was Holy and righteous and it has the power to give life and righteousness to anyone on the basis of faith. This was of enormous value to God, and of unspeakable benefit to mankind, because by means of this Spirit and

on the basis of the Law of Compensation, anyone who exercised faith in this arrangement of God, could be given imputed righteousness and everlasting life, by God.

Only Faith Can Bring To All Mankind Everlasting Life

This was an amazing arrangement that could change consciousness, with man, on the basis of faith in the ransom sacrifice of Jesus righteous life. Changed consciousness has far reaching consequences for the good of mankind. Here we want to remember that it was changed conscious, at the beginning of man, which resulted in man being ousted from Gods favor. Now, however, we have a reversal of man's consciousness, from a consciousness of lack and limitation, with a belief in two powers, to a consciousness of super abundance of good, with everlasting life, on the basis of a belief in One Power, of God and good.

The Last Adam, Jesus Christ, Had To Die For Us All To Give us Everlasting Life

This change is now within reach of the whole of mankind, on the basis of faith. The scriptures state that man needs to read the Word of God, the Bible, often, in

order to cultivate faith in the promises of God, which are the promises of salvation, for mankind. The things read are the things about Jesus Christ, the Last Adam, who gave his righteous life, as a sacrifice, in order for man to obtain righteousness, by faith. This would lead to believing that it was necessary for Jesus Christ to die, in order for many to be brought to righteousness.

In Faith You Are To Be Baptized

This is the process, leading to righteousness with God and to everlasting life, on the basis of faith and a changed consciousness. You are to take in accurate knowledge of Jesus Christ, and of the prophesy of his coming, of the birth of Jesus Christ, his baptism and his ministry, and finally, his death. When you have come to believe that it was necessary for the Christ to die, and to give his life a ransom for many, then you may be ready to get baptized in the name of the Father, God, the Son Jesus Christ and in the name of the Holy Spirit.

Infinite Spirit Gives His Spirit to you, which Spirit was Also in Jesus Christ

The benefits of this baptism are many, indeed. First of all you understand that the Christ died with reference to the

sins of the world, of mankind. Then, you, in faith, also die with reference to your own sins by going under the baptismal water, to be fully submerged in imitation of what Jesus also did. You believe, that by doing this, Infinite Spirit, or God, acknowledges that you have died and a person that has died is acquitted from all his sins. Your spirit, which is from Adam, returns to God, or to Infinite Spirit, who gave that spirit at the time of procreation, by means of transference of spirit, from Adam. You are submerged under the baptismal water and there you die, in the likeness of Jesus death, and your corrupted spirit from Adam returns to God. You are without spirit, but for a moment. Now, God gives you His Spirit, the Spirit, which was previously in Jesus Christ. That is the Spirit, which was in Jesus Christ, which returned to God at the time of Jesus sacrificial death. That Spirit is now with God, to give to anyone on the basis of faith, in the ransom sacrifice of Jesus righteous life. Thereby, you have received Gods Spirit, which Spirit was previously also in Jesus Christ.

By The Law Of Forgiveness, By Grace You Are Cleansed

In order for you to be clean, before God, after your baptism, Infinite Spirit, or God, gives you Undeserved Kindness, which is in compliance with the 'Law of Forgiveness'. By this Undeserved Kindness, or by God

given forgiveness, you become conscious of being clean. Any unintentional sin is covered over, and thereby, you become conscious of being clean and have a consciousness super abundance of good.

You Are Set Free From The Kingly Authority Of Sin And Death

We want to remember that we need to become children, of Universal Mind, or God, and like God we no longer desire to be conscious of sin. We have been set free from the kingly authority of sin and death; and now, we have become conscious of the Undeserved Kindness of God. This new consciousness leads to peace and poise with love and goodwill, making us happy and conscious of having the Christ, within. We are a new creation, indeed.

As Christians We Have To Learn To See Ourselves The Way God Sees Us And That Is Clean

We need to remember that God is teaching us to see ourselves the way God sees us, and that is always being clean. This understanding will help us to embrace a changed consciousness, changed from sin and death, including becoming free, from a belief in lack and

limitation, to embrace a consciousness of super abundance of good. By this, we learn to see what God sees, and that must be one power, God and good. Everything else is nothing more than an illusion, which is rooted in error.

We Have Received The Spirit From God, Which Spirit Was Also In Jesus Christ

By this transformation of consciousness we have become a new creation being born of water and Spirit. The Spirit that we have received, on the basis of faith, is not the spirit we had from Adam, no, that Spirit is from Universal Mind, or God, which Spirit was also in Jesus Christ when he walked the earth as a perfect man among men. By this Spirit, within, we are walking as the progeny of the Christ, as the offspring of the Last Adam. This is the One that is identified for us in Isaiah chapter 9, where the Last Adam is referred to as 'the Wonderful Councilor, the Eternal Father, the Prince of Peace and the Mighty God' and we are from Him, and we are like Him, and we have the power from Him, to do what is good.

Walking As Seeing The One Who

Is Invisible

Now, we are walking as seeing the one who is invisible. We are walking, as Christ Jesus also walked when on earth, as a man, but indeed being from Universal Mind or God. Let us walk in humility and with lowliness of mind, being of the understanding that we have an abundance of peace, poise, with love and goodwill and by this, we are able to dissolve all negative thought vibrations. We are clean and Holy; as Christ Jesus walked, we are walking as children of Universal Mind, or God, and He loves us as his own. In fact we understand, that Infinite Spirit, or God, loved us first when we were in darkness, mentally and alienated from the life that belongs to light.

Believe In One Power, God and Good

Let us continue to walk in the belief of one power, in God and good, with a consciousness of super abundance of good. We now have access onto the 'Plane of the Absolute', the God Plane, where there is no lack and no limitation; and everything we ask of Him we shall also have, because we asked it of Him in faith.

Notes:

ONE POWER CONSCIOUSNESS - BELIEF IN ONE POWER

Chapter 2

One Power Consciousness

One Power Consciousness

Mankind needs help, and we are under no misconception as to the times and season in which we find ourselves. Much has been written about the problems we face, as a global community, however, there is little change that has been noticed. There are the politicians, the financial gurus and the religious teachers of the world, all of them talking about change, but there seem to be no resolve to move in a positive direction. This book provides a new way of addressing the core problem dominating human society. We are talking here about changed consciousness, a subject not widely addressed by those who are perceived to be in the know.

The Law Of Karma Is A Belief In TWO POWERS

The world, as we know it, is dominated by a lack mentality; this lack mentality is from the beginning of man, leading humanity to suffer every mental and physical illness including anxiety, fear, crime, violence, war and death. This is indeed a very serious and widespread problem affecting us all. Collectively, we have brought about the two-power concept. The Law of Karma is the belief in support of the two-power concept; you reap what you have sown. This Law is also understood to be the Law of Consequences. Every good we do and every bad we commit has consequences on human society as a whole.

We Are Powerless To Change The Status Quo

Why are we concerning ourselves with the two-power concept? Is there anything that we can do that can change the world in which we live? Most of us would argue that we are powerless to change the present day situation. That attitude is confirmed by man-made organizations and human structures of rule, which we have created over the many centuries of mans history. These structures of human rule are designed to ensure an orderly society in which we conduct our affairs successfully on the basis of law. However, we see a development in human understanding that has led to questioning almost everything that is and has been said and done, down to this day.

We Need To Understand Who We Really Are

In order to bring lasting and positive change to society we need to look at the very beginning of recorded history. We have to consider, first of all, to having a basic understanding of what and who we really are, and thereby, understand human nature.

Life Exists On Differing Planes

Of Existence

We have come to understand that we are free moral agents in the world of living things. This expression, free moral agent, underwrites an understanding of both right and wrong, or good and bad. By these concepts we are above and separate from the rest of physical life, on earth. As we consider life in general, as perceived by the human mind, that life can be grouped together on differing planes of existence.

The Inanimate Plane of Existence

These planes of existence of inanimate and animate things can be grouped together on at least four planes of existence. There is the inanimate plane of existence, where we find matter, which has been formed over long periods of time, some of it is seen by man and vast amounts of matter is unseen by the human eye. We understand that matter is formed from subatomic particles, electrons, protons, neutrons and atoms, just to mention some of these building blocks of matter. In addition to the above, atoms in turn are grouped together to form everything we see in the physical manifestation of inanimate things. That would include minerals, chemicals, gases, which we find here on earth, on our planet and in the universe with its billions of stars, galaxies and constellations.

Evolution Takes Place Within The Respective Plane of Existence

Then there are the three planes of existence, affecting animate creation, where we find plant life, animal life and Human life. Here it is good to note that on each animate plane of existence we find the ability of life forms to evolve. By evolve we understand this to mean changes within the prescribed plane of existence, which facilitates the survival of living things under difficult circumstances. Never have we observed that life forms from a lower plane of existence have breach the upper boundary to the next higher plane of existence. This gives us the understanding that animal life forms remain animals; and human life forms remain human. No evolution can change this limitation.

We Are Creatures Of Thought And Reason

From the above, we have learned that there is order in the arrangement of life and that would mean that there are higher powers and intelligences, which are in control of all living things, including inanimate manifestations. Having said that, we can now proceed to look at man in particular, as a species of creation rather than of a product of evolution. We are indeed creatures of thought and reason, with a mind that originally had oneness with

Gods Mind. As such, man must have had a beginning. Here we do not want to yield to the arguments of where we are from and how we have come to be. It serves us well to accept that we had our origin in Infinite Spirit, or God, who created both man and woman as God's spiritual children, in the flesh.

We are making this statement, on the basis of being a higher intelligence than those of other living things on earth, which we find on the lower planes of existence. Man has mind and thinking ability, as well as, being able to utter intelligent speech and communicate intelligently with other humans. From the only credible record of mans origin, which is found in the greatest, and oldest, book ever written, the Bible, we understand that we are made in Gods image and likeness. This makes perfect sense, since we are thinkers and we create by our thoughts. There can be no comparison with the animal creation, although, they are a product of creative mind, and as such, they have spirit, however, they are in no way godlike intelligence, made in Gods image and likeness. Animals are not creative thinkers, like man. This we are stating as an absolute, as a fact.

Godlike Creature, Man

Man, like God, creates by means of mind, which generates thoughts. Thought is subject to spirit, the Law of Attraction, and that Law, which comes to life by the

operation of differentiated spirit, and that Spirit is from God. Mind is the seat of memory, reason, consciousness and thought. Mind is kept functioning on the basis of the operating principle of Spirit, which is differentiated Spirit from God. In order to support Spirit, operating in man, man has to eat food that has been produced by spirit, the spirit of which operates in all plant and animal life. This helps us to understand that all life forms exist in support of each other. Together we are making up the cosmos.

Universal Laws Operating For The Benefit Of Man

At the beginning of man, God declared that everything, which has been made, was declared to be very good and fit for purpose and that would include man. However, man, made in `Gods image and likeness, was in fact a Son or Daughter of God, with a physical body, which we understand to be the fleshly man. In order for man to be fit for purpose, as a Son or Daughter of God, man has to learn and to understand the laws operating in the universe. These Laws working for the benefit of the greater whole, and as such, they are of paramount importance to God and man.

Additional Knowledge, Which Was Communicated To Man,

came By Means of two Trees

Man, at the beginning, was created perfect without a blemish. However, his creative ability had to be in compliance with Gods will and purposes. Here we need to understand that certain knowledge could only come to man after he was formed from the dust of the ground. This must be so, because compliance with this knowledge would make man fit for purpose, to be a creator, by means of thought. For this reason man was instructed to pay attention to two trees, which were indicated to them by God, being placed in the middle of their garden home, in Eden. There was the Tree of Life and there was the tree of the knowledge of good and bad.

Man Had To Become Life Conscious As Decreed By God

Here we want to appreciate that the Tree of Life was a game changer, in that this Tree of life was in fact designed to give man 'Life Consciousness'. What do we understand by the expression 'Life Consciousness'? Life consciousness means that it was necessary for man to elevate his consciousness, to be aware or conscious of eternal life. Unlike animals, who had a limited life span and life awareness, without being conscious of life? Perfect man, Adam and Eve, were at the beginning not

'Life Conscious', because 'Life Consciousness' needed to be acquired by taking possession of it, in order to obtain a higher consciousness, which is considered to be a gift of God. They had life in abundance and that life was in support of all the good they desired. However, 'Life Consciousness' was another matter, altogether. Consciousness is based on a belief; and 'Life Consciousness' is a belief of having eternal life, everlasting life and that could only come to man by reaching out for it. Adam and Eve had to become conscious of more than just life; because everlasting life was a gift of God, which would be coming to man after eating from the Tree of Life, requiring desire and an act of faith. This gift of having everlasting life would have entered man's mind as a God-given absolute, which would have worked out an unchangeable statute.

The Law Of God Is An Absolute, When Violated It becomes Sin

However, the record in the Bible indicates that Adam and Eve failed to avail themselves of this privilege of changed consciousness, which would come to them by eating of the fruit of the Tree of Life. Thereby, they would have become super-conscious of life. Instead of eating from the Tree of Life, they paid attention to the other tree, which was referred to in scripture as the tree of the knowledge of good and bad. They kept on looking

at the tree of the knowledge of good and bad with desire. They saw that the fruit of the tree was good for food. However, they failed to discern the wider implication of the God imposed limitation, for man, and that wider implication was meant, for man, not to touch and not to eat from the tree of the knowledge of good and bad. Disobedience to the commandments of God was a gross lack of faith, which is sin, which lead to their death. The death of man was indeed a game changer. This was a statement from God, it was an absolute, it had to be obeyed by faith and not be subject to the reasoning process of man. If man transgressed the Law of God, it would constitute a gross lack of faith and that was a serious sin. After all, man was a creator, and as such, man had creator responsibilities, which included obedience to God given commandments, on the basis of faith.

*Eating From The Tree Of Life,
Man would have Everlasting Life*

The right thing for Adam and Eve to do was to ignore the tree of the knowledge of good and bad on the basis of faith, and thereafter, pay attention to the Tree of Life. By obedience to Gods commandments, Adam and Eve would have been in a perfect position to become conscious of God Power, to finally curse the tree of the knowledge of good and bad, and then, that tree would

have withered and died. The issue of good and bad would have gone down, in man's history, as the great victory of the man of righteousness, on the basis of obedience by faith. If man would have been obedient to Gods provision, to eat of the Tree of Life, then man would have become 'Life Conscious', and as such, he would have been in a perfect position to reject any temptation coming to them from the tree of the knowledge of good and bad. The desire to eat from the Tree of Life would have lead Adam and Eve to becoming Life Conscious, a great blessing indeed, which would have affected all of mankind for eternity

Man Failed to Act In Faith, Man Reasoned, and Thereby, He Sinned

As it turned out to be, man failed to act in faith, in respect of the tree of the knowledge of good and bad. Instead of faith, they cultivated strong desire for the fruit of the tree and they began to reason on the rightfulness of the God given commandment. Man reasoned on the right and the wrong, or on the good and the bad, of eating the fruit of the tree of the knowledge of good and bad. Man cultivated strong desire for the fruit of the tree. We have to remember that man was perfect and he was unable to transgress the God given commandment in respect to the three of the knowledge of good and bad.

59

Man had to act in faith, because the limitation as to eating of the fruit came from the 'Plane of the Absolute', the God Plane. Man failed to show unmovable faith in Gods Word and he failed to recognize the love of God, which was expressed in the two trees in the middle of the garden. It is unthinkable for God to desire anything bad for His Children, in the flesh, because bad cannot enter into the presence of God. Bad has no principal and bad can always be destroyed by an additional good. However, bad could be brought into mans life by thoughts, through the Law of Attraction. Therefore, man had to make sure that he would never make that choice of reaching out to what is bad. Man needed 'Life Consciousness' in order to reject and do away with the tree of the knowledge of good and bad. Reasoning on the right or wrong of a God given command was a sin. Man had to obey, on the basis faith. Cultivating strong desire, directed in wrong channels of thought, will always lead to chaotic and fictitious results, which are illusions.

Desire In Wrong Channels lead to Delusional Thought Creations

The only way man could convince himself that what he was about to do was good, was by reasoning on the God given commandment. This was a grave mistake. It was by strong desire, which was directed in wrong channels of thought that man created a secondary power in

opposition to God Power. That was in the finality a product of man's vain imaginations. Strong desire, directed in wrong channels of thought, will always lead to chaos. This took place, when Eve, by strong desire, which was supported by reasoning, created an illusion, which resulted in a fictitious mind creation. This fictitious mind creation led to the manifestation of a speaking serpent, which was nothing more than an illusion. Through this speaking serpent, which was a product of Eve's vain imagination, Eve could find the support and the justification she desired. Eve entered into a dialogue with an created intelligence, which was the speaking serpent, in order to become convinced that eating of the fruit of the tree of the knowledge of good and bad would be good for her. Thereby, Eve created the speaking serpent, as a power in opposition to God power.

Man Changes Consciousness from Abundance to Lack & Limitations

After being fully deceived and convinced of the rightfulness of her action, Eve ate of the fruit and instantly she changed Consciousness, from a consciousness of an abundance of good to a consciousness of lack and limitation. Later, that fateful day, Eve gave also some of the fruit to her Husband and Adam ate. Thereafter, Adam and Eve manifested

changed consciousness and this becomes clear to us as we consider the written word of the creation account in the Bible. There it is stated; Adam, when walking in the garden home, avoided speaking with God. Later on that day, when confronted by God to give an explanation why Adam was hiding in the Garden Home, he answered God and stated saying; I am ashamed, because I am naked. Then God answered and said; who told you that you are naked? Have you eaten from the fruit of the tree of which I told you not to eat? From that day on, Adam and Eve became unfit for purpose. They changed consciousness, from a consciousness of super abundance of good, to a consciousness of lack and limitation, resulting in fear and insecurity leading to their death. They were no longer able to have free access to the source of all power, which is by means of the Spirit of God, because they had become flawed in their conscience.

The Lack Mentality Was Born And It Continued Until Now

This is the legacy of man, which is from the beginning, and that legacy has continued until this day. Today, we observe a global human society bend on a lack mentality. In fact, we can state, with a measure of certainty that everything that has been created, by man, in this world, has been created on the basis of mans lack mentality and

whatever has been created will prove to be unfit for purpose, it will not stand the test of time, it will come to nothing.

Belief In Two Powers, God And Evil or Good And Bad

What has taken place in Eden is the creation of a belief system that is based on two powers, which is the power of God and good and the power of evil and bad. The world, as we see it, is in support of this belief system, believing in two powers, which gives proof that we have limited our development to the creation of good and bad. In respect of the universe, including the earth, this belief system cannot be the foundation of a lasting solution for mankind's existence and continuous happiness. This system of things, which we have created, must yield and make way for something better, which can last forever and stand the test of time.

We Live During The Reign Of The Seventh World Power

We have seen the rise and fall of great world powers, such as the Egyptian World Power, the Assyrian World power, the Babylonian World Power, Medo-Persian World Power, which has seen the rise and fall of Alexander the Great, of the Grecian World Power. We

have also seen the rise and fall of the Roman World Power. According to world events, affecting us today, we live in the time of the last world power of Bible prophecy, which is the Anglo-American World Power. To date, this world power has never been defeated and it must continue to play its role, on the world scene, until its final destruction at the hand of the incoming Kingdom of God, with Christ as King.

The Status Quo, A Belief In Two Powers, Comes To Nothing

In the meantime world events keep on unfolding and mankind continues to build on the belief system of two powers, God and evil, or good and bad. This Status Quo will shortly be rocked to its foundation and the belief system, which is supported by believing in two powers, must come to nothing. Therefore, the time is now to take appropriate action on behalf of our own destiny and on behalf of the destiny of those we love. The only way out of the inevitable demise is changing our belief system, changing consciousness. We have to change from a belief in two powers to a belief in one power, God and good. This is the Christian consciousness, which is a belief in one power and that power is the power of God and good.

We Have To Overcome Ignorance

How are we to make the necessary changes in our belief system, and thereby, preserve alive its owner? We need first and foremost to overcome our ignorance, which keeps us in bondage to the powers that operate on the world scene. These powers are the governments of this world who have the support of the large corporations. These powers do not display any desire to see any one of us to become enlightened. They belong to the Illuminati, they see themselves to be the enlightened ones, and they are happy with the status quo, to keep mankind in general in ignorance.

One Power Consciousness Will Break The Chains Of Ignorance

However, you, the one with little faith, you are not to share in that so-called privileged understanding of this world. You do not qualify to share in their knowledge and understanding of human destiny. You are expected to keep your place in the isles of ignorance, with limited understanding of the deeper things of life. This is about to change as you continue to read this publication and come to understand your destiny, and thereby, you must come to understand 'One Power Consciousness', which will break the chains of ignorance. Come and let us continue in our quest for life.

Belief in Good And Evil will pass

Away in Defeat

According to the laws governing the universe, the belief in two powers, which are the powers of God and Evil or good and bad, has no future and must pass away off the world scene with a hissing noise, in global defeat. This belief system cannot bring the required change, it can only keep you hostage until that day, which is soon to come, when this system has outlived its purpose. This is now very close at hand. You, the reader, are the privileged one that can effect the necessary changes, which can preserve alive its owner. You have to change consciousness, from a belief in lack and limitation, which is a belief in two powers, to a belief in one power, which is God and good.

This Is The Way To Lasting Success.

The universal Law of Compensation must be complied with in order to affect lasting change in humanity. The law of compensation states that a righteous life, which was lost must be compensated, by another life of equal value. Adam originally had that righteous life, the purpose of which was for God's will, toward mankind, to be fulfilled. This righteous life of Adam was squandered, when Adam transgressed against God's will and purpose. Therefore, today, you have the opportunity to come into

compliance with the will of God and acquire the righteousness of God. Here we want to be clear, that God must be understood to be Infinite Spirit, or Universal Mind. The minimum requirement, according to God's will and purpose, for an acceptable system of human rule, must satisfy God's expression and acceptance of justice, it must satisfy God's declaration that this life being 'very good'. It must be fulfilled to meet God's standard of what is good. For that reason, the changes that must come upon this world of ours must be for the good of mankind as a whole. The Christian way needs to come to the fore.

A Thought Creation of Illusion Made An appearance

At the beginning of man, in the Garden of Eden, man fell from an approved standing with God, when man, by strong desire directed in wrong channels of thought, created an illusion, a fictitious thought creation, in the form of the speaking serpent. There can be no speaking serpent, as we have learned, because animal creation cannot breach the upper boundary of the respective plane of existence. Therefore, the speaking serpent was nothing more than an illusion and that illusion had its origin in a power, which operates in opposition to God Power. Man created this illusion, and thereby, man provided the basis for that power, although in fact, that

power of bad is nothing more than an illusion, because the power of bad can always be destroyed by additional good. Here we have two powers, God and good, on the one hand and the power of evil and bad, on the other hand.

Man Worshiped The Gods He Made For Himself

Man suffered unimaginable mayhem, from that fateful day onward, until now, which must lead, by necessity, to corruption and more bad, until death brings the desired relief. Thereafter, religion became manifest to worship the many gods of mankind, which man created for himself. Then, after a long period of time, and through a nation that had God's support, blessings and approval, on the basis of the faith of Abraham, the nation of Israel was born. God gave that nation the law, which was delivered through Moses, who was, their God ordained, leader. Through that nation, the Messiah was promised to come, and after a prophetic period of 483 years the Messiah made his debut on earth, born of a Jewish virgin into the tribe of Judah, according to the prophetic word, the Bible.

By Compliance with The Law Of Compensation The Messiah Came

About

The birth of the Messiah, or Jesus Christ, was in compliance with the Law of Compensation, and in support of the 'life for a life' principle. This was necessary in order to do away with sin and error. Free moral agent, man, could not exist in the righteous universe as a sinful creature. Sin and death had to be removed from the universe. Therefore, the earth could become the God given home to righteous mankind. The righteous compensator, the Christ, was the promised Messiah that was to change mans consciousness and give hope for better things to come. The Messiah was required to change our belief, in lack and limitation and the belief in two powers, in order to bring in 'One Power Consciousness', and super abundance of good for righteous mankind.

The Christ Came In Role Of Adams Flesh, As A Son Of God, Son Of Man

Let us follow through and see the drama unfold before our eyes. When the Christ arrived at the right time, according to the prophetic word, the Christ continued on earth for a further predetermined period of three and a half years, and then, he would willingly lay down his life in sacrifice for the whole world of mankind. By this

sacrifice, the Christ would die as a righteous man, who came in likeness of Adams flesh. Christ was not God in the flesh, as some may believe, but rather, he had to be and he was of the same flesh as that of Adams our forefather, in order for the sacrifice to have value in the eye of God.

At The Time Of His Death, Christ's Spirit Returned To God Who Gave It

Jesus Christ fulfilled all the requirements of God. At the time of Christ's sacrificial death, he breathed out his last breath, which was supported by Spirit, the Spirit of which operated in every cell of the body of the Christ. That Spirit left the body of the Christ at the time of his death and it returned to God who gave it. That Spirit is the very Spirit, which God gave at the time of Jesus conception. The Christ proved himself to be fit for purpose and the Spirit operating in the Christ was Holy Spirit. This Spirit, which was in Jesus Christ until his death, was now with God to give to anyone on the basis of faith in the ransom sacrifice of the righteous life of Jesus Christ. The body of the Christ had died but the Spirit of the Christ, the operating principle in Christ, being righteous and Holy Spirit, cannot be destroyed. At the time of the death of the man, Jesus Christ, the Spirit that was in Jesus Christ returned to God who gave

that Spirit.

The Spirit Which Was In Jesus Christ Was Suitable To Be Given To Man

That Spirit, which was in Jesus Christ, was suitable to be given to man and that on the basis of faith. This is the faith that can preserve alive its owner. You are to take in knowledge of the life of Jesus Christ and exercise faith in ransom sacrifice of his righteous life. Jesus, being the promised Messiah, provided the Ransom Sacrifice, for us all, for the benefit of the human race. After you have acquired adequate knowledge, and the faith that can preserve alive its owner, you are invited to display this faith by being baptized in the likeness of Jesus death. You are to be baptized in the name of the Father, God, and in the name of the Son and in the name of the Holy Spirit, this Spirit is the operating principle in man, the new creation, which was previously operating in the body of the Christ.

You Have To Die With Reference To Your Sins

What does this mean, being baptized into the death of Jesus Christ? You are to take note and understand that

Jesus Christ died with reference to the sins of the whole world of mankind. One man died with reference to many. You, by deduction, also die, on the basis of faith or on the basis of your belief, at the time of your baptism, with reference to your own sins. This you accomplish by going under the baptismal water, fully submerged, and there you die with reference to your own sins and this according to God's will and purpose.

You Receive Righteousness, Undeserved Kindness and Everlasting Life By Faith

God's word states that every person that dies is acquitted from all his sins, because that person has died. Therefore, you are acquitted from all your sins, because you have died, in faith, with reference to your sins. Since you have done this, on the basis of faith, and not on the basis of human reasoning, you receive from God righteousness, undeserved kindness and everlasting life. You are, indeed, a new creation, born of water and Spirit, and thereby, you receive the circumcision of the heart by Spirit, the Spirit of which was also in Jesus Christ our Lord.

By Spirit From God, Which Was Also In Christ, You Are Changed

By your baptism you received a transformation into a righteous person, you are a Christian, having the Spirit, which is from God, the Spirit of which was also in Jesus Christ. You are the progeny of the Christ, and as such, you receive from God, Grace, or Undeserved Kindness according to the universal Law of Forgiveness. By this Undeserved Kindness from God you are perpetually made clean of all minor, or unintentional, sins and you receive from God the white outer garment that identifies you as deserving to go alive through the Great Tribulation, now so close at hand, and you have the prospect to enter into the 'Kingdom of God' as a righteous one, never to die at all. You are beloved, of God, and you have received a changed consciousness. You have changed consciousness by means of your baptism, from a consciousness of lack and limitations to a consciousness of super abundance of good. You are a new creation, indeed.

Gods Spirit Is Within, You Believe In One Power, God And Good

This changed consciousness manifest in a belief in one power, which is God and good, and this by means of the Spirit, within. By this Spirit, within, you have become aware that the Spirit of the Christ is now dwelling in you. The Spirit, which was also in Jesus Christ, causes you to be aware that bad has no power over you. This

good has become manifest, within, by the Spirit of the Christ, within. Therefore, you no longer believe in two powers, of God and evil, because you see with the eyes of the Spirit, and thereby, you no longer see what is bad as a power of your thoughts. By faith, you are declared to be Holy; you have changed consciousness, from lack and limitation, to a consciousness of super abundance of good.

You Are To Become Life Conscious By Eating Of The Tree Of Life

At the celebration of the Lords evening meal, at Nisan 14th, according to the Jewish calendar, which also is the time of the Jewish Passover celebration, you are remembering, and thereby, you are partaking of the unleavened bread and of the unfortified wine. These are emblems that stand for the value of the sacrificed righteous body of the Christ. This celebration is in remembrance of the broken body of the Christ and his sacrificed blood. By eating the bread and drinking the wine at the proverbial celebration of Christ's death, you are in fact partaking and eating of the proverbial Tree of Life, which is the big Tree of Righteousness, which is the antitypical Tree of Life that stands for Jesus Christ righteous body. This action causes you to become 'Life Conscious', and by this you become conscious that you will survive the end of this system of things never to die

at all. You are, indeed, a new creation, born of water and Spirit and you have become the adopted Son or Daughter of God, with an abundance of peace and poise with love and goodwill. By this you are able to dissolve all negative thought vibrations.

You have changed consciousness, from lack and limitation, to a consciousness of super abundance of good, with 'Life Consciousness', causing you to become 'One Power Conscious' of God and good. Blessed be you, the one with little faith. You are, thereby, preserving alive of your soul.

You Are To Possess One Power Consciousness

What have we learned from this short study? We have learned that we can obtain 'One Power Consciousness'. We have learned that 'One Power Consciousness' is a game changer. It causes us to be power conscious on the basis of the Spirit, within; this Spirit is from God, the Spirit of which was also in Jesus Christ. By this present system of things we have been subjected to a belief in two powers, God and evil, and that from time immemorial. Now, we have been set free from ignorance and fear, ready to enjoy the freedom that belongs to the children of God.

We Have Become Conscious Of Power, By The Spirit, Within

We have become conscious of one power, on the basis of the new belief in one power, which is God and good. That means, we are able to accomplish anything that we desire, and it will be given to us. We are happy, because we have taken possession of the perfect square of life with health, wealth, love and perfect self-expressions. We have become conscious of our new identity, by the Spirit, within. Our faith is radiant and strong, and we have come to understand that the power behind our faith, is the Spirit of God, within, through Jesus Christ our Lord.

We Are Conscious of Being Creators, Sons And Daughters of God

The Law of Attraction has now special meaning for us, because, we are conscious of being creators and Sons or Daughters of God, the Almighty, by adoption. We understand that the Spirit, within, is Holy Spirit and that Spirit does not know the aspect of evil and bad. That Spirit is from God, the Father, the Spirit of which was also in Jesus Christ.

As regards power, we have come to know that unlimited

power, to do what is good, is available to us. This causes us to be humbled, indeed, because of the Undeserved Kindness of God, which covers us perpetually and any incidental sin is not counted against us, because, of the Undeserved Kindness of God, or to use another expression, due to the universal Law of Forgiveness and due to Grace.

We Offer Comfort And Hope On The Basis Of The Love Of God

We are able to help our fellow man by the Spirit, within, and we offer comfort and hope to anyone, on the basis of the love of God, expressed through the ransom sacrifice of the righteous life of God's Son, Jesus Christ. This Son of God, Jesus Christ, has been raised to heavenly glory 50 days after His resurrection from the dead. He is now our heavenly King, in waiting, to take up Ruler-ship in the Kingdom of God. In the Kingdom of God, Jesus Christ will rule, from heaven, for a thousand years over resurrected mankind, the place of which is right here on this very earth.

This is the hope of humanity, all those that have lived and died, those, who are now in the common grave of mankind, these are waiting to be resurrected by the Chief Agent of Life, Jesus Christ. This is not a resurrection to live in heavenly glory, no, but this is a

resurrection onto a cleansed and restored earth. There, we will be reunited with our loved ones, to enjoy life without being conscious of any bad, sickness and death. We will be conscious of 'One Power', which is 'God Power', and that power will bring an abundance of good. There will be no longer any want, or any lack and limitations. There will be peace and abundance of good for all.

At the end of the one thousand years of Kingdom Rule the Christ will finally have accomplished perfection of life, which includes conquering death for everyone that is alive. The prophetic word, found in the Bible, indicates, without any doubt, that at the end, Jesus Christ will hand all ruling authority to His Father, God the Almighty, in order for all things to be all things to God.

All humanity, alive at that time, will have attained to everlasting life. Those of us, who are alive at the time of God's 'Day of Judgment' of the nations, they have the prospect never to die at all. They will go alive through the time of the Great Tribulation, now so close at hand. They are the ones who survive this system of things, on the basis of faith. As a result of faith, they have indeed obtained the privilege to be chosen, by Christ, to become Foundation Stones in the Kingdom of God. In that capacity, this God given privilege honors man to fulfill that role in the new earth; as such, we will become examples of faith, being the ones that have survived the

Great Day of God, the Almighty, at Armageddon.

Let us be humbled, bending our knees in gratitude, as we perceive the glory, the splendor, the honor and the power of having received this understanding at this critical juncture of time. May all of us, who take this message to heart, be blessed as children of God and as the progeny of the Christ, having become the offspring of the Last Adam?

Notes:

Chapter 3

On The Plane Of The Absolute

Introduction

It is with humility that we must acknowledge the wisdom of God, which has become manifest to men of ordinary means. To grasp the weightiness of this statement we need to go back to the time of long ago. This was the time when man started his debut on earth. It was when Universal Mind, or God, stated; that, everything made was and is very good. It was the beginning of a chapter in mans history, which must finally end in peace, glory, joy and happiness for all men of goodwill. This is the time of goodwill, to gather together all the righteous fruit, according to God's will and purpose.

Man Made In Gods Image And Likeness

Man was a physical manifestation of godliness, which was in the flesh, at the beginning, which was by means of God's creation of the first man, Adam, the Son of God. Adam was perfect in all the physical aspect of life and Infinite Spirit, the Father, continued with the process of grooming Adam for a life of righteousness, for an eternity, on earth. This meant that Adam had to be introduced to the responsibilities, of being in possession, of the godly life. Now, the first man, Adam, was God's Son, he was also a creator in the likeness of God, the Father. Adam had to understand that godly principles

82

have the right to exist eternally and these principles have to be embraced by man, having been declared, by God, to being good.

To Live By Godly Principles Makes Man To Be Fit For Purpose

However, there were also manifestations that are not supported by principles and these needed to be avoided by free moral agent man. Although, man may have been conscious of their existence, but these did not as yet exist with man, as truth. This understanding and compliance with principles would make Adams creative ability godly, being fit for purpose. This comprehension on the part of Adam would prove to be a pivotal quality, suitable for a Son of God, in the flesh. As people, desiring to have God's approval, we have to learn to be godlike in thought and in deed. We have to learn, to see ourselves the way God elected to see us, and that is being Holy and free from sin, provided we have been baptized in the name of the father, the Son and the Holy Spirit.

Two Trees Were Indicated To Adam

It was stated, by the arrangement of Universal Mind, or God, that all creation on earth would be subject to

Adam and his offspring after him. This was his domain, and the power to accomplish all of this with ease came from Infinite Spirit, the Father, who is God, the source of all power and love. For this reason God pointed out two trees, which were in the middle of their Garden Home, and stated; from every tree in the Garden you may eat to satisfaction but from the tree that is in the middle of the Garden you must not eat, you must not touch it, that you may not die. Here, we want to remember that there was also another tree, which was also in the middle of the Garden, and that tree was also indicated to Adam and that was the Tree of Life, with no limitation attached to this tree in respect to its fruitage.

God Loved Man First

This instruction, not to eat, or to touch, the fruit of the tree of the knowledge of good and bad appeared to Adam and Eve as a restriction, as a limitation. This was the first restriction, or limitation, introduced by God, to be given to man. This tree, of the knowledge of good and bad, should have caused Adam and Eve to meditate as to its purpose. They should have called to mind the fact, that God loved them first, therefore, the purpose of the tree could and would reinforce the love God has for them. Also, the first human creation should have understood that they found themselves on the Plane of the Absolute, the God Plane, and nothing would be

impossible for them. They had unlimited power from God, to do the things pleasing in His sight. They had to find out the good, which God communicated to Adam and Eve, by means of this tree.

Eve Looked At The Tree With Eyes Of Flesh, The Eyes Of Man

But, this was not to be so. Eve kept on looking at the tree and cultivating desire for its fruitage. This was a gross lack of faith on the part of Eve. Eve was only looking at the physical reality and the benefit this could have for the fleshly person. She saw that the tree was good for food, but she failed to consider the more important aspect, that was the love of God, which was behind the prohibition not to eat from the fruitage of the tree. No, she was not even to touch the tree, or its fruitage, in order for her not to die.

Directing Desire In Wrong Channels of Thought Leads To Chaos

We know that the end result was a catastrophic failure, a failure to discern the love of God that was to protect the human family from becoming unfit for purpose. As a result of this failure, Eve continued to cultivate strong

desire for the fruit of the tree; and strong desire directed in wrong channels of thought, when it becomes fertile, it will always lead to obtaining the aspect of desire, being either good or bad. Desire is based on thoughts and thought is the strongest power in the universe. By thoughtful desire we create, but by forced desire, directed in wrong channels of thought, we can bring about disastrous and chaotic results. This was the case in point with Eve.

By Forced Desire and Corruption Of Spirit, the Speaking Serpent Came About

Eve had Holy Spirit Operating in her and that Spirit did not know the concept of bad. Bad could only be created by forced desire, which, when fertile, led to the corruption of Spirit, within, and as a result of this, the spirit, within, could become subservient to the fleshly man. Eve chose to reason on the subject of right or wrong, of eating, or not eating, of the fruit of the tree. Reasoning became to Eve the dominating force in her thoughts. The Spirit, in Eve, in order to comply with her desire, created an illusion, which manifested in the speaking serpent. The speaking serpent was a fictitious thought creation; in fact, it was a power in opposition to God. This newly realized power was created in order to deceive Eve, to satisfy her desire to take of the fruit of the

tree of the knowledge of good and bad, and eat it.

Whatever You Believe Is Truth To You

In order to satisfy that desire, Eve entered into dialogue with this lowly serpent, in order to become convinced that what she was about to do would be good for her. By a dialogue with the serpent, she became thoroughly convinced that the fruit was good for food, and she took of the fruit of the tree and she ate. Later she also gave some of the fruit to Adam and he ate. They failed to realize the full implication of ignoring the God given command, not to touch and not to eat of the tree's fruitage. Ignoring this God given prohibition, would lead to man's death; it entered their perfect mind as truth, as an absolute, because Spirit is truth. This changed Adam and Eve's consciousness, it changed what they believed, because believe is truth to its owner, it went straight into their subconscious domain as an absolute.

Adam and Eve went against established truth, which was by means of Spirit. Therefore, their action instantly changed consciousness, after eating of the trees fruitage; their consciousness changed, from a consciousness of abundance of good, to a consciousness of lack and limitation, leading to their death. Therefore, whatsoever you are conscious of, this is truth to you, in fact, Adam

became conscious of having a consciousness of lack and limitations, and this was truth to him, leading to alienation from the source of all power, which is God. Adam and Eve started to believe in two powers, in God and evil. Evil has become, to man, a power in opposition to god-power. Man started to believe in the power of good and in the power of evil, and thereby, man became unfit for purpose, man's thoughts became flawed to create an abundance of evil from the creative Law of Attraction. They failed to meet the minimum requirement of Universal Mind, or God, and they started to die from a mentality of lack and limitations.

Adam and Eve Failed To See The Good, Which The Tree Of Good And Bad Communicated

Adam and Eve were cut off from the source of all power, and now, they had to live with a consciousness of lack and limitation, which resulted in fear, anxiety, ageing, sickness and death. Adam and Eve failed to see the greater good that was behind the tree of the knowledge of good and bad. This greater good would have prepared them to become truly godlike in creative ability and discernment. They learned that a godlike creator, such as Adam and Eve, would never want to create anything bad, because creating bad was an illusion and that would make them unclean and unfit for purpose.

88

They failed to appreciate a consciousness of super abundance of good. However, the Tree of Life had the power to give man Life Consciousness and that would have led man to becoming truly godlike, in thoughts and deeds.

Desire For The Tree Of Life Was Required In Order To Understand The Tree Of Good And Bad

Bad, in whatever form, has no principle, it has no purpose in the out-workings of what is beneficial and good for a godlike creator, man. Bad is nothing at all, because bad can always be destroyed by an additional good. Therefore, bad indicated to man an absence of good, but Adam and Eve had abundance of good they had a consciousness of good. Their action was inexcusable, it lacked in love of God and it lacked in wisdom, which worked out a gross lack of faith. If the first humans would have meditated on the love of God, then love would have been the power behind their thoughts, and therefore, the original sin could never have happened. Love would have caused them to eat from the Tree of Life, and thereby, they would have become Life Conscious. By life consciousness they would have been able to reject and curse the tree of the knowledge of good and bad and that tree would have withered and died.

Action By The Chief Agent Of Life Is Required

Now, however, many thousands of years have passed and mankind has literally filled the earth, not with righteous offspring, no, but with unrighteous humanity to do what is bad of every description and magnitude. It can be stated that wickedness has come into full expression, and Universal Mind, or God, is about to take action in support of righteous mankind. Bad has become a heavy, a very heavy burden and by it's own weight, bad will fall according to the Law of Non-resistance. The Christ, who has become the Chief Agent of Life, is in support of the action that will lead to the destruction of all that, which is bad. This will include the entire present system of things, which is unfit for purpose.

Enter Into The Peace Of Infinite Spirit

However, there are many asking themselves, is it really possible to expect experiencing a change of consciousness, a transformation from wickedness to righteousness? Can we ever expect to reach the Plane of the Absolute, the God Plane, as it is known from the very beginning of man? Here we must deliver a resounding affirmation. It is indeed possible, for individuals to find

the way back on to the Plane of the Absolute, to reach harmony with God, the Father. This possibility has come about through the Agency of Christ Jesus. He made his debut here on earth, now almost 2000years ago, to become the Last Adam. Jesus introduced to mankind the prospect of entering into the Kingdom of God on the basis of faith. This faith is firmly rooted in the ransom sacrifice of the righteous life of Jesus Christ.

Can Your Faith Preserve Alive Its Owner?

This prospect of change is nearing its time of completion and fulfillment and there is a measure of urgency attached to the call for change. Religion, as a whole, is under pressure from all sides and people of faith would do well to examine their belief. Can their faith preserve alive its owner? If it can, then that would prove to be the right faith. However, should there be any doubt, as to the truthfulness of their accepted teachings, then it would be wise for them to examine their faith, by making use of the written word, the Bible, the greatest book ever written.

Take In Knowledge Of The Teachings Of The Christ

This is what the scripture state; you are to take in knowledge of the deep things of God, and that of His Christ, and accept the teachings of salvation. After first making sure that the teachings of the Bible are truthful and in compliance universal principles and God's Laws? If you find the Bible is rooted in universal law, then you have found a treasure of immense value. You have found the highway of God's love, which leads to the Plane of the Absolute, the God Plane of existence.

Teachings Must Be Based On Universal Laws

Here we need to be sober-minded. Any teaching that is not backed up by universal laws, and universal principles, is not truth. Truth speaks with authority; truth is certain and leaves the student without any doubt. Here we talk about the Law of Compensation, which is based on the life for a life principle, which indicates that a righteous life that was squandered, as in Adam's case, must be compensated by a life of equal value, to the life, which was lost.

Love of Infinite Spirit or God Is Behind The Righteous Seed

This is a profound statement, which satisfies justice.

However, you may ask; is it possible to bring about a perfect life again, after it was lost by a selfish act, lacking in faith, as was the case with the first man, Adam? Indeed, it is possible to bring about a perfect human life, because, with Infinite Spirit, or God, nothing is impossible, He is Our Maker and Statute Giver and He is Our God and the Father of Righteous Ones. Out of love for mankind, God prepared a way from long ago, to rise up a righteous seed, the Messiah, who became manifest, at the right time, to fulfill prophesy, in order that no man should ever argue, otherwise.

The Messiah came in the likeness of Adam's Flesh, Born Of Woman

Over a period of 70 weeks of years, from the first announcement of the savior's arrival, 490 years have passed, so that, when he arrives, the written word would bear witness about the truthfulness of his identity. We knew him as Jesus Christ, the son of man and the Son of God. Therefore, we need here to appreciate and understand that Adam was also called a Son of God. However, Jesus came in the flesh like that which Adam had before his transgression. Jesus was not God in the flesh he was the son of man and the Son of God. Jesus was flesh, born of woman, from God, in order to fulfill the role of the Last Adam, and thereby, impart everlasting life on anyone on the basis of faith.

Jesus Christ Was Conscious Of Being The Last Adam

The son of man, Jesus Christ, had the righteous credentials to be called Holy, because he was clean and righteous, by God's decree. Jesus Christ was and is without sin, and a righteous life, like that, which was manifest in Christ, has the God given right to continue to live for eternity. Jesus Christ was conscious of his approval by God, the Father, and therefore, he was conscious of the fact that his life was the only righteous human life on earth, after the fall of Adam; Jesus life had the God given right to continue forever. This right to live forever on earth, Jesus sacrificed, for the whole of mankind, at the time of his death.

This Is The Faith

This is the faith; Christ laid down his righteous life, as a sacrifice for sinful mankind, in order for God to redeem man, all mankind, from sin and death. Therefore, Christ Jesus died willingly, with reference to the sins of the world, of mankind. Putting faith in this sacrifice, would require of us believing that the individual person would benefit, if he or she would die with reference to his or her own sins. This dying, with reference of one's own sins, is in the likeness of Jesus Christ's sacrifice, his death. The right to everlasting life, which Christ Jesus had, within,

94

can therefore be transferred to fallen man, on the basis of faith. Jesus died as a righteous man for unrighteous ones, once for all times, so that you, by faith, can choose to die in the likeness of Christ's death and receive the Spirit of the Christ, within, the Spirit of which is from God, the Father.

A Person That Has Died Has Been Acquitted From Sin

This means that a person that has died has been acquitted from his sins, because he or she has died. This is what the greatest book ever written, God's Word indicates. A person of faith, after having been set free from sin, can now receive this righteous life, or the Spirit of the life, which was sacrificed. Jesus righteous life, or his Spirit, which has the universal right to live eternally, on earth, can now become yours on the basis of faith. This takes place by God giving you His Spirit, which Spirit was previously also in Jesus Christ, our Lord. By the Spirit of the Christ, within, you are declared righteous by God, the Father, and thereby, you become a new creation, born of water and Spirit.

By this process you become the progeny of the Christ and the offspring of the last Adam. Therefore, God, the Father, gives you righteousness, undeserved kindness and everlasting life.

You Have To Die A Spiritual Death, To Die In The Lord

What are we to say; are we to be declared righteous by faith and receive from God His Spirit, the Spirit of which was previously operative in Christ Jesus, our Lord? Indeed, we have been declared righteous on the basis of our faith in the ransom sacrifice of Jesus righteous life. Now, Christ Jesus becomes to us, our progenitor, the last Adam. The first Adam passed on to us his spirit, which was corrupted by sin, and thereby, we were sold into sin and death by the law of genetics and by procreation. The last Adam, the Christ, has achieved a reversal, in that he died for us; and we also, in like manner, died willingly in the likeness of Christ Jesus death, when going under the baptismal water. This takes place at the time of our baptism, in order to receive from the Father, God, his Spirit, the Spirit of which was also operative in Jesus Christ, our Lord.

God Gives Us His Spirit, Which Was Also In Jesus Christ

The process is this. Christ Jesus, when walking on earth as a man, was flesh in the likeness of Adams flesh. Christ died a sacrificial death as a righteous man. At the time of his death, on the torture stake, he breathed out his last

breath and that Spirit, which was in Christ Jesus, left his body and returned to God who gave it. (see also Ecclesiastes chapter 12) In like manner, at the time of our baptism, we are fully submerged in a body of water, and there, we die in the likeness of Christ's death. We willingly die a sacrificial death in imitation of Jesus Christ death. That baptism is in fact a sacrificial death, and by this action, our spirit, which is from Adam, leaves our body and returns to God who gave it. Now God seeing that we have died, in a spiritual sense, whereby we have been set free from the accusation of sin and death, steps in and gives us His Spirit. This spirit was previously also operative in Christ Jesus, our Lord. By this action, we have become a new creation, born of water and Spirit. Furthermore, by this change, we are being declared righteous and receive of God's undeserved kindness and everlasting life.

A New Creation Indeed

By this arrangement you have become a new creation, indeed. But now, that you have received the Spirit, which was also in Christ Jesus, you have become like Jesus Christ, by his Spirit, and thereby, you have become conscious of the love, which God has also for you. Therefore, the Spirit of the Christ is now operating in you and you have become a beloved creation, to God's glory, and God calls you Son and Daughter, by

adoption, and we call Him Father.

We Have Become Circumcised In The Heart By Spirit

By the Spirit that has been given us, by the Father, the Spirit of which was also operative in Christ, we have received the circumcision of the heart, by Spirit, and as a result of this, we have been declared clean and Holy by God, and that is what we are. This understanding is very precious to us, because, by this understanding we change consciousness, from a consciousness of lack and limitation, to a consciousness of super abundance of good, being conscious of one power, which is God and good, with everlasting life in view.

We Have The Power To Abstain From Practice Of Sin

By the Spirit from God, which Spirit was also in Christ Jesus, we have access to extraordinary power, to abstain from the practices of sin. This, being declared free of sin, causes us to be joyful and happy, and as a result of this, we love God with all our heart and vital energy, and we love our neighbor as we love ourselves. We have become a new creation, born of water and Spirit; we have become the progeny of the Christ. Now is left for us the

entry into the Kingdom of God, to be blessed with an abundance of health, wealth, love, and perfect self-expressions, with righteousness and everlasting life in view.

We Love Because, God Loved us First

We have become the offspring of the Eternal Father, Jesus Christ, the Last Adam, by means of the love of God. Therefore, we love in imitation of the love God had for us, first. We rejoice in our newly found freedom as adopted children of God, with everlasting life in view. We may have the privilege to be used as foundation stones in the Kingdom of God, where we become part of a new human society made up of resurrected mankind. There, we as Christians, have the prospect to be of service to our King, High Priest and Leader, Jesus Christ, our Lord. We, indeed, have the privilege to become in the finality all things to God, and to his Son, being a glorious creation to God's everlasting praise and glory with everlasting life in view.

We have entered the 'Plane of the Absolute', the God Plane of existence, and whatsoever we ask of Him, this we shall also have and that at the time of asking and it will manifest, because, we belong to Him who loved us first.

Life Consciousness Gives power To Reject Bad

However, without eating from the 'Tree of Life', there can be no Life Consciousness. It was like this in the days of Adam transgression. Adam failed to go to the 'Tree of Life', and eat from its fruitage in order to change consciousness and have Life Consciousness, within. In like manner, we also have the prospect to become Life Conscious and enjoy a consciousness of everlasting life, by having life in super abundance of all good. Therefore, today, man has come into possession of Life Consciousness, with a super consciousness of all that is good, resulting in perfect harmony with the Father, God.

They Failed To Eat From The Tree Of Life

But, as we have come to understand, Adam and Eve failed to eat of the 'Tree of Life', and thereby, they failed to live in the paradise of plenty. Instead, they became conscious of lack and limitations, to live a life with death in view. They failed to see the benefit of eating from the 'Tree of Life', and therefore, they ignored the Tree of Life to their peril. However, Adam did not fail to notice the tree of the knowledge of good and bad. More than that, the tree of the knowledge of good and bad appealed

to them, in respect of the fruit that was upon it, of which they were told not to eat, in order for them not to die.

The Power Of Bad Was Created By Desire

The tree appealed to them in a fleshly way, lacking in faith, they kept on looking at the tree, and the tree was desirable to their eyes. They created the pretext, based on reasoning, which allowed them to take of the fruit and eat it; as a result of this, they changed consciousness, from a consciousness of abundance of good, to a consciousness of lack and limitations, and they started to die. Therefore, also today, we have to make sure that we remain on the Plane of the Absolute, the God Plane, living as Sons and Daughters of God in an earthly paradise.

Jesus Christ gave us The Real Living Bread From Heaven

To accomplish living life on the Plane of the Absolute, we need to cultivate desire for the antitypical 'Tree of Life'. Today we have again two trees, the tree of the knowledge of good and bad, producing an abundance of unrighteous fruitage, and the Tree of Life. The 'Tree of Life' appeals to the spiritual man and this tree stands for

taking in spiritual food with everlasting benefit for man. The food of the antitypical 'Tree of Life' is perfect food, and this food is for us the proverbial 'bread from heaven', which God supplied by means of Christ Jesus. This bread from heaven was supplied, when Christ offered his righteous body, for the sins of the world. This is the real bread from heaven and anyone feeding of this bread will never go hungry again, he will have a consciousness of super abundance of good with everlasting life in view. The life sustaining power of this bread of life, will give you a consciousness of everlasting life in perfection.

You Have Been Born Of Christ

As a result of the afore-going information, you take action and change consciousness to obtain super abundance of good, with everlasting life in view. When you have attained to a Holy standing with God, you will have obtained a consciousness of super abundance of good. By having attained to this level of righteousness, it will not be easy to practice sin again, because you have become godlike, knowing good and bad. Bad cannot manifest where there is a consciousness of super abundance of good. You are the progeny of the Christ, the offspring of the last Adam, and therefore, you love in imitation of the love God had for you at first.

Backed By Gods Spirit, Changed Consciousness Is Truth

You have changed consciousness, and changed consciousness is truth to you, because God backs this truth's by his Spirit. Therefore, from the storehouse of super abundance of good, your conscience can only bring forth good. The power of fear and bad has been broken, forever, it cannot manifest where a consciousness of super abundance of good is present.

By The Memorial Celebration of Jesus Death, You Eat Of The proverbial Tree Of Life

This, eating from the antitypical 'Tree of Life' takes place at the Memorial Celebration of Christ's Death, which is the symbolized at the Last Supper, being celebrated at Nissan 14th. There, you break the unleavened bread and drink the unfortified wine, during the memorial celebration of the death of Jesus Christ, our Lord. This takes place at the same time as the Jewish Passover celebration, which is based on the Jewish calendar month of Nisan the 14th. By eating the unleavened bread, you take in the life sustaining righteousness of the Christ, and by drinking the unfortified wine; you take in the life sustaining benefit of

the Lords sacrificed blood. By this action you drink the atonement for your sins and you become aware of the new covenant, of God, for a Kingdom of righteousness. This causes you to be righteous until the Christ comes in Kingdom power, to restore resurrected mankind to physical and spiritual perfection.

You Have Become Fit For Purpose

You have become clean and righteous, with a consciousness of super abundance of good. You have become fit for purpose; and bad, in whatever form, cannot manifest in you, because of a consciousness of super abundance of good and a consciousness of One Power, which is God and good. Therefore, whatever you ask of God, this you shall also have and that at the time of asking and it will be given you. You have changed to be a Son of God or Daughter of God, by adoption, and God's Spirit has become manifest in you, the Spirit of which was also operative in Jesus Christ, when Jesus walked the earth as a man.

You Have Entered The Plane Of The Absolute

You have entered the Plane of the Absolute, the God Plane, and you are a Son or Daughter of God. You have

harmony with God, the Father, and whatsoever you do will have certain success. You are at peace, with joy and happiness, with health, wealth, love, goodwill and eternal life.

Remember The Wife Of Lot

A Reflection

Some, who are inclined to read this book, may be in need of this timely reminder, in order to remember the wife of Lot. There are over 2billion Christians who belong to the Christian faith and these are not the only ones in need of this reminder. Humanity, as a whole, needs to become one power conscious and get to know the One that loved us first. This One is Universal Mind, or God, who, while we were yet in darkness mentally and alienated from the light that belongs to Life, gave His Only Begotten Son as a propitiatory ransom sacrifice for our sins. We, in turn, are encouraged to get to know God and learn to love God, His Christ and our neighbor as we love ourselves. This love must be firmly rooted in the belief of one power, of God and good. You cannot love God and believe in the power of good and the power of evil.

In the days of Lot, there were calamitous days, which Lot and his Family had to face. Lot and Abraham were cousins, and Lot had departed earlier from the company of Abraham after sharing the land along the Jordan River, between them, the land they had received from God. Lot chose the more fertile area of the Jordan River valley, which was the Land that was occupied by the enemy of God,s people. Lot finally settled among the people of Sodom and Gomorrah, and it was there, that two young, good-looking men, the messengers of the true God, visited Lot to warn Lot of the imminent destruction of the two cities. Remember, truth is always established, by the evidence of two witnesses. That is why it was necessary for two messengers of the true God to deliver the message of the coming of a catastrophic event.

Preservation of the righteous

The two good-looking men were messengers of the true God and they took up lodging with Lot. Sodom and Gomorrah were prosperous cities, however, the inhabitants were sexually depraved. The men, in that city, preferred to have intercourse, man with man and woman with woman, and they practiced a form of sexual intercourse that was inappropriate and this practice of homosexuality was a grave sin. This was the environment in which Lot, his wife and the two

109

daughters, lived.

The visitors, who were the true messengers of God, were welcomed by Lot in a traditional oriental way; and they took up lodging in Lot's house, and there, they were entertained and given protection. When the townsfolk came to know of the presence of the good looking visitors, which were entertained in Lots house, then they came and demanded the release of the two men, into their hands, in order for them to have inappropriate sexual intercourse with them. Lot, on the other hand, was not prepared to violate his hospitality, which he offered to his visitors. The final outcome was plain for Lot; he refused to allow his guests to be violated in a sexually depraved way. This action, on Lot's part, attracted God's favor and blessing.

Lot Had Merited Gods Favor

The two men, that visited Lot, made the purpose of their visit clear; they stated that God had taken note of the deprave conditions, which were prevalent in the two cities of Sodom and Gomorrah. These two cities and their inhabitants were about to be subjected to destructive natural forces, because there was no one within the two cities that was deserving of God directed salvation, except Lot and his family. The handsome visitors were in fact true messengers from God. They had come to warn Lot and his family of the impending

110

destruction and they indicated that God had favored Lot and his family with salvation.

God-Ordained Salvation Always Requires Some Sacrifice

The destruction, as described by the two visitors, would come immediately upon the two cities, which included Lot's dwelling place. There was no time to be wasted, because the destruction was imminent. In that day, Lot took his wife and the two daughters and they left Sodom, led by the two messengers, to find shelter in the nearby mountains and in the adjacent town, which would be spared from the destructive forces that were directed to come upon the two cities. The messengers of God told them, not to take any of their belongings with them. Here we need to understand that Lot's family was prosperous, they had a good life, which they were expected to leave behind. This was a sacrifice Lot was expected to make, in faith, in the light of the impending calamity and on the basis of the urgings of the messengers of the true God.

Obedience to God Given Direction Are Essential

According to the instruction, delivered by the two

111

messengers, Lot came to understand that the survival of his family depended on following the God given instruction of the two messengers, of the true God, and that required following the instructions in every detail. After all, this was an instruction from God, the source of all power and salvation. The direction given by the two messengers of the true God was not to stand still and not to look back at the destruction of Sodom and Gomorrah. Compliance to these simple directions required obedience by faith. Lot's wife desired to take some of her belongings with her, but the messengers of the true God stated that none of their belongings were to be taken along. The messengers of the true God warned them again, not to take anything along on their way to the mountain of safety. Then they added, that Lot and his wife were not to look back, as they were on the way to God directed safety. Here we need to understand that this requirement, or limitation, given by the two messengers of the true God, had to be obeyed by faith. Only faith, on their part, would assure continued blessings from God, and that faith worked out righteousness, for Lot and his wife. This is a powerful message for all of us to consider, where we can learn many things, in preparation for the coming Great Tribulation and Armageddon, which is destined to come upon all of us, as we face the greatest time of trouble ever to come upon the whole earth and of mankind. It is faith that has the power to preserve alive its owner, because faith works out righteousness with God.

Lot's Wife Looks Back

After leaving the two cities, and under the guidance of the two visitors, they reached safe grounds. Then the two visitors left Lot and his family by another way, and thereafter, these two messengers were not seen again. Sudden destruction came upon the two cities, as was spoken of by the messengers of the true God. It rained down fire and sulphur and destroyed everything, including the cities and its inhabitants. As they continued to walk to the God directed safety, it was the wife of Lot that looked back. As a result of her disobedience, and her lack of faith, she died instantly and she was turned into a pillar of salt.

Seeing Only God And Good Brings Salvation

Some of us may think that this was a very severe punishment for such an insignificant human error. However, we need to be careful to pass any such judgment on this situation. We have to remember that Lot and his family had received of God's protection, during their journey to safety to the nearby mountains. That protection was not a deserved good from God, it was based on God's undeserved kindness, and that kindness was not without a preconditions; it required obedience by faith, in compliance with the instructions

received from the two visitors. Lot and his family were instructed not to look back. The salvation from God, in this instance, was based on faithful obedience to the God given command. Lot and his family were expected to see with eyes of faith, seeing only one power and that was God and good. That faith would have worked out righteousness with God. Salvation required of Lot and his family to look straight ahead, as seeing the one who is invisible. After all, in front of them was God's Spirit, guaranteeing their salvation, which was based on obedience to the God given direction. An act of obedience by faith would have please God well and that obedience by faith was the minimum requirement for Lot and his family. The act of faith required that Lot and his family kept on walking, in faith, toward their God directed salvation. In like manner, we also, today, as we are facing grave and calamitous conditions, in the not so distant future, we have the need to live by faith, which is the faith of Jesus Christ and not by works. Our salvation is in Christ, our Lord, because we have his Spirit, we are the progeny of the Christ.

Explicit Compliance to Gods Command As An Act Of Faith

This command from God, not to look back, may seem strange when they were already on the way to safety. However, their life was spared, not because they were

righteous, but because of God's mercy and God's imputed righteousness, by faith. This action on God's part, to provide safe passage to the nearby mountains, required explicit obedience and compliance, as an act of faith, to prove they were worthy of God's protection, because, with God, faith always worked out righteousness. Therefore, the command was given, not to look back, which required obedience, by faith. This was not a time to reason on the rightfulness of the command, which was communicated to them by the two true messenger of God. This was not a casual affair. This was a matter of life and death.

Lot And His Wife Were Under the Belief In Two Powers, God and Evil

God operates on the Plane of the Absolute, the God Plane of existence. Although, we understand that Lot was conscious of two powers, of good and evil, because Lot had not as yet received of the Christ Spirit, within. The Christ, however, was foretold to come at a much later time in mankind's history. However, at that given time, Lot and his wife could benefit from God's mercy, on the basis faith in the God ordained direction, not to look back. While walking in faith, both Lot and his wife were under the protection of God's Spirit. During that time of protection from God, there was for Lot and his wife only one power, which was God and good. In

addition to the above, we also have to realize that Lot and his family were under instruction not to look back, and that on the basis of faith. With the given powers at play, it should have been unthinkable for them to disobey the God given command. It was necessary, for Lot and his wife, to show the faith, which can preserve alive, its owner. Lots wife failed in this regard. May we never forget the expression, remember the wife of Lot, in order to show the faith that can preserve alive its owner?

We Have To Learn To Believe In Only One Power, God And Good

Lot and his wife were expected to act in faith and not according to their reasoning, or on the basis of her emotions or her desire for the things left behind. That desire was misplaced, because it was based on a belief in two powers, God and evil. That belief resulted in expressing a lack mentality and a lack mentality was a sin, and therefore, it was unclean. During Lots journey to safety, they were under the protective power of God, and obedience by faith was the minimum requirement for them. Obedience, as was required of Lot and His wife, would bring righteousness with God, on the basis of faith. Lots wife failed to appreciate God's way of doing things by placing her desire and her reasoning ahead of what God required of them. As a result of putting her desire first, she paid the ultimate price for her error,

following the Law of Attraction, Lots wife could attract the good or the bad, and it was subject to her thoughts. Instead of salvation, Lots wife attracted destructive power, which was based on fear and a lack of faith. This destructive power, which came upon the two cities of Sodom and Gomorrah, did also come upon Lots wife, according to the operation of the universal Law of Attraction. This is a most powerful reminder to us all, as we are facing a much greater destruction during the final part, after the fall of the proverbial Babylon the Great. The Bible Book of Revelation helps us to understand, that Babylon the Great is the global empire of false religion, the religion of which is not approved by God.

We Have To Learn Form The Error Of Lots Wife

What has happened to Lots wife is a stark reminder to all of us, to see our situation in the right light, in the light of revealed true understanding. We are entering a calamitous period of an even greater magnitude than that, which came upon the cities of Sodom and Gomorrah. We are to take note, because it is God's will to provide safe passage for his people through and during the destruction of this system of things. We would be wise to consider this account in great detail. The time will come, and it will be sooner than we may think, when humanity, as a whole, will face a calamitous situation of

a much greater magnitude than what took place in Lot's days. Having witnessed the destruction of the religious Harlot, Babylon the Great, the way is now open for the destruction of the political and commercial powers of this world. These are the enemies of the Kingdom of God, with Christ as King. All of these remaining political and commercial elements of this world, which are in opposition to God's Kingdom that is ruling over resurrected mankind on earth, will experience the wrath and destruction by God and His Christ, through the agency of the Kingdom of God.

Belief In God and Evil Cannot Please God

The whole world of mankind is under the Karmic Law, that is; 'the universal law, you reap what you sow'. We can also say that the powers to be, and all their followers believe in two powers, in the power of God and in the power of evil. This belief system cannot please God well, because it is based on two powers, of good and bad. However, bad is nothing at all, and therefore, bad can only exist in the vein imagination of fallen man. Therefore, those who have God's blessings, at that critical time, who are the Holy ones of God, who have died in the Lord, their belief is in One Power, which is God and good. They are single minded and they are in harmony with the Father, God. Their belief is to be put

to the test, in every one of us, therefore, we have the need to get to know the Father and his Only Begotten Son, Jesus Christ, and that knowledge must lead to the kind of faith that can preserve alive its owner.

We Have To Be Single Minded To Belief In Only God And Good

This will be a time, when the Holy ones seeking safety on the basis of their faith. We have to become clean and Holy and be obedient to the commandments of God and have the faith of Jesus Christ. We have to be absolutely single minded, because we are under direct protection of God and His Christ. That would mean that we believe and act unswervingly in support of this One Power, which is God and good. That faith must manifest in a consciousness of One Power, which is God and good, and that will lead to the display of a solid and unwavering faith.

Attract The Smile Of Approval Of The One Who Judges In Righteousness

That time will not be the time to look longingly back with strong desire, for the things left behind? That would be a gross lack of faith. Nor do we want to be looking

back in fearful expectation of the destruction that will come upon this system of things, as though there may be any benefit in doing so? Rather, we want to be like our Father, God and His Christ, having a consciousness of one power, of God and good, whereby, we are being declared Holy and righteous, which will attracts the proverbial smile of approval of the one who judges in righteousness. Looking back at that time, to the things left behind, is nothing more than a gross lack of faith. Behind us is a failed system of thing, which was based on a belief in two powers, of God and evil. A belief system in support of two powers will make all humanity unfit for purpose. Let us make sure that this may never happen to anyone of us, who have the faith of Jesus, as we face this upcoming time of God directed destruction. We want to understand and have faith that in front of us will be the splendor, the beauty, the glory and the One Power, which is God and good, leading us to embrace the safety of God's Kingdom, with Christ as King. The radiant manifestation of glory and the brightness of the eternal light that radiates from our eternal father, which is the Christ, will lead us to fountains of water of life.

*Victory Belongs To Those Who
Have The Faith To Preserve Alive
Its Owner*

This will prove to be a time of splendor and glory never
120

before seen and the joy will be ours as we behold the kingdom of God, with Christ as King, opening for us the proverbial doors into the Kingdom of God. We will be there to see it. This is victory day, for all those that have the faith, which can preserve alive its owner. We, the survivors of this system of things, have the prospect never to die at all. This will be the unforgettable time of joy, glory and victory, for all the forces, which will become manifest in the power of God, the Almighty. May we prove ourselves to be ready, and face this event with unswerving faith, with the Spirit of the Christ, within, and this to God's eternal praise and glory, even forever?

*Never Walk By Sight But Walk
By Faith As Seeing The One Who
Is Invisible*

Let us keep close in mind, and always remember, the wife of Lot, the account, which has come upon us as a warning example to keep on walking by faith, and not by sight, or by the reasoning faculty of our mind. We want to learn to walk by Spirit, as seeing the One who is invisible. This faith is based on one power consciousness that will win that day for us. Never do we want to waiver in a lack of faith, but become powerful by the Spirit, within, the Spirit of which is from God and that Spirit was also operative in Jesus Christ, when walking the earth as a righteous Son of God. Let us move ever

121

forward to receive the reward of everlasting life and having life in abundance and that into all eternity, even forever. Do not forget the wife of Lot, who serves as an everlasting reminder to all those having faith. Never let it take place that we should look back in fear, or looking back longingly to the things left behind. The faith, that can preserve alive its owner, belongs to him who loves God and His Christ with all his heart and all his soul and with all his vital power and who loves his neighbor as he loves himself.

Blessed are all those who read these reminders and learn from taking hold of one power consciousness, a belief in only One Power, which is God and good.

Chapter 5

Concluding Thought

A Reflection

We have considered the inevitable demise of a belief in two powers, of God and evil. The system that we have created, which cannot be rehabilitated, is based on our understanding of human destiny. Therefore, the time has come to look at something more powerful than the human institutions; we need to look to the Kingdom of God, with Christ as King.

We Need to Change Consciousness

We have come to understand that to man his way does not belong; it does not belong to man, who is walking, even to direct his own steps, according to the scriptural injunction of (Jeremiah 10:23). From the consideration of the writings, thus far, we have come to understand that we have the need to change consciousness, to change our belief, from a consciousness of lack and limitation to a consciousness of super abundance of what is good. Here the operative phrase is, to change consciousness, or to change our belief.

We are from God

We have learned that we need to have a clear understanding of who we are, where we are from and where we are going. There is no misunderstanding of

our identity, we are from Source and that Source is none other than Universal Mind, or God. We are made in God's image and likeness, and therefore, we know that there is a very deep rift between the man and all other earthly creation. We are thinkers, and by the faculty of thought, we create. By our thoughts we create the good or the bad, it matters not to the Law of Attraction. However, in order to fulfill our destiny, we have the need to come into a harmonious relationship with the source of all power, which is God.

We Need To Change, To Believe In One Power, God And Good

We have come to understand that the whole world is structured according to our belief, which is in two powers, of God and evil. There can be no reconciliation of the two powers, because with God, there can be no evil. In fact, we can state that bad, or whatsoever we consider to be bad, cannot enter into the presence of God. Bad has no principle and evil has no power, it is nothing, and therefore, bad can always be destroyed by an additional good. We also have come to understand that this system of things has no power to change the prevailing belief system. The scriptures state, that: 'the whole world is lying in the power of the wicket one'. Therefore, we do not need to look at the governments of this world to introduce needed changes, because, they

have no power to do so, nor do they have the motivation to effect these necessary changes. What we need, is guidance from God, and His Christ, to lead us in the way of righteousness. We need help from God.

We Have To Belief In The Kingdom Of God With Christ As King

What is needed is to change consciousness, from a consciousness of two powers, of good and evil, to a consciousness of one power, which is God and good. This can only come about by means of the spiritualization of the man and that responsibility cannot be palmed off to the governments of this world. This change must come from, within, from each one of us. The way forward is simple; you must take in knowledge of the promises of God, which are tied up with the coming of the Kingdom of God, with Christ as King. This is the message; we have to cultivate the faith, which can preserve alive its owner. If you are a Christian then you must make sure that you have qualified with the minimum entry requirements into the kingdom of God. This you do, by following the written word of God and act in faith, and ensure, in respect to your own destiny that you have died in the likeness of Jesus death. Christ died with reference to the sins of the world of mankind

and you are in need to die in the likeness of Jesus death, having died with reference to your own sins.

Read The Bible In An Undertone Day And Night

If you are a person that has a belief system other than the Christian Faith, then you are encouraged to read the Bible in an undertone, day and night, or whenever you can manage the time, necessary. Thereby, you come to understand the will and purpose of God. You can also make it a practice to read the One Power Consciousness books published and distributed through 'Feed A Read Publishers' in London, UK. By following the steps, outlined in this publication, you are doing well, by growing in understanding of the deep things of God. This process of studying must lead you to become baptized, in the name of the Father, the Son and the Holy Spirit, and thereby, you will come under the Undeserved Kindness of God with righteousness and everlasting life in view.

You Have Changed To Belief In One Power, You Have Everlasting Life

You have changed your belief system, from a belief in two powers, of good and bad, to a belief in one power, which is God and good. You have become emancipated as a Son or Daughter of God, with everlasting life in view. A Christian is conscious that he or she has been born of water and Spirit, and thereby, they have become conscious that they are a new creation on the basis of having received from God His Spirit, the Spirit of which was previously operative in Jesus Christ. By this process, you have become conscious that you are the progeny of the Christ and you have become conscious of being the offspring of the Last Adam. This causes you to be joyful and happy, because of the faith that can preserve alive its owner.

You Have Entered The Plane Of The Absolute, The God Plane Of Existence

You have the prospect to enter onto the Plane of the Absolute, the God plane, of existence. This is the ultimate joy that can be had, which must lead to super abundance of what is good. You are humbled and you understand that you have entered into the presence of God, in faith, and whatsoever you ask of God that is also what you will receive. Because, you asked it in faith, therefore, you shall also have it and that at the time of asking, and it will manifest.

Remember, The Wife Of Lot And Do Not Look Back

As a final reminder you have learned about the basic principles, which are in support of the account of Lots wife. We are facing the most important period of mankind's transition and that would mean endurance during a very difficult period of time. The proverbial 'Wild Beast', described in the book of Revelation, together with the image of the Wild Beast, as represented by the United Nation Organization, will be pivotal to bring about calamity on earth as never seen before. This is similar, in principle, to what took place at the time of Lots days, which took place at the time of the destruction of Sodom and Gomorrah. Here we want to take note, that we become subject to God directed salvation, we need to exercise unwavering faith in this salvation. We must not lean upon our own understanding for salvation. This is the faith, your faith that can preserve alive its owner.

As A Survivor You Can Become A Foundation Stone In Gods Kingdom, On Earth

You are the one, the reader of this publication that has the privilege to take corrective action with the prospect

to survive the coming destruction of an entire system of things. You are the one, who has the prospect to go alive through this coming time of unprecedented upheaval in human affairs. You are the one that has the prospect to see and enter into the Kingdom of God, with Christ as King; you have the faith that can preserve alive its owner.

You have the prospect to be selected, to become a proverbial foundation stone in the new system of things. You may never die at all, because you have come under the authority of the King of Kings, Jesus Christ, who rules from Heaven and with Him are the 144000 faithful ones who have been bought from the earth as first fruits to God, to rule with Christ as associated Kings and Priests for 1000years. God does the choosing of each of the 144000 associated Kings and Priests. However, your destiny may prove to be this earth, which will be transformed into a literal paradise of plenty, as was the case at the beginning, when within the Garden of Eden.
