One Power Consciousness

Volume 6

Meditation

MANFRED H. E. ROHDE

Faith is the assured expectation of things hoped for, the evident demonstration of realities though not beheld. By Spirit is the accurate knowledge of truth; therefore, Spirit is Truth.

There are many who desire to reach the Plane of the Absolute, the God Plane, however, without meditation and Spirit you cannot experience the splendor of oneness with Universal Mind, or God?

By Meditation you will be able to tear away the shroud of ignorance by means of the Spirit within, the Spirit, which is from God, the Spirit of which was also in Jesus Christ. By meditation and by Spirit shall man reach One Power Consciousness?

Prologue

The world in which we live is now in the end game of life, as we have come to know it. Not the end of human life, but the end of political, commercial and religious life, which we have created from a prolific lack mentality from the beginning.

We are living at a very urgent and important time, where great changes will and must take place, because man has lost the God given right to rule himself without interference from God. We have failed to bring about a human society that is based on universal principles and on love.

Humanity is in need of God given direction, in order to survive the coming calamitous days of discontent. This is a global situation and there is no way out of this impasse. We hear the cry for peace and justice, the cry for health and wealth, but there are no answers from those who wield the power. There is madness all around and it is going to get much worse in the not so distant future.

Meditating, on the written word of God, is well placed at this time. We need accurate understanding of the destiny of man. The One Power Consciousness Books are placed to assist us to survive and a future of peace and poise with love and goodwill is waiting to be embrace by men true faith.

Foreword

Disclaimer

The writings of this book are not to be misinterpreted. They are not meant to change the world or the governments and its supporting organizations. These writings are not intended to change the financial system and the commercial establishment nor are they to change the religions of this world. These writings are based on the belief that you cannot change another all you can do is changing yourself.

A Reflection

There has never been a time as urgent as now. The man within, the thinker is addressed to rise and acquire insight and understanding of the time and season in which we find ourselves. Is it for nothing that we are experiencing extraordinary events at a time when there should be the spread of peace and poise, with love and goodwill? Who is the Watchman that keeps awake to the effects of world events, as they are unfolding? Where are the religious leaders who are able to lead with insight and power, to point mankind in the right direction to obtain happiness and peace? There are not many, indeed, who can lead us in faith and pray for the good times to come. In the meantime matters are getting worse and humanity is under severe stress.

At The Cross Road Of Human Destiny

Now is not the time to peddle the same old phrases and teachings that have failed to change the world in which we live. We have arrived at a cross road of human destiny, and that would indicate that the inevitable changes, if fully embraced, must lead to our survival. Now is not the time to be ruled by fear of the things coming upon the inhabited earth? Now is the time of sober contemplation of all the facts, which can lead to the survival of men of faith, with peace, poise with love and goodwill. This is the time to meditate, on the things learned, and reflect on the real life and find peace, which can bring happiness.

These Writings Mean Survival Through Unprecedented Time Of Trouble

Are we able to display the kind of fearlessness, which has at its base a belief and a consciousness of one power, God and good? This article has been written for the benefit of all, who desire to be survivors, who desire to live through the coming time of unprecedented trouble and mayhem. Should we be concerned? Yes, indeed, we should be concerned and listen to what the

Spirit says to the Congregation. This is not to say that we should become indifferent to the things, which must shortly take place, in order to bring about changes, which are designed to preserve alive its owner. There is an abundance of knowledge and insight available to mankind as a whole, but there are not many teachers who can lead with understanding. This knowledge and insight should have come to us by means of the written Word, of God. However, there aren't many teachers who can teach the many according to the true interpretations of Gods Word.

Religion As A Pillar Of Support Of This System, Must Give Way

What are we to say? Must we be subjected to the teachings of religious teachers for another period of time, in order to obtain the knowledge and insight that has not been forthcoming over the many past centuries, in the first place? Can this knowledge transfer, through so-called religious leaders, bring to us the prospect of survival into a glorious future of Gods making? This may proof to be most certainly not the case. In fact, religion, as we understand it today, is the pillar in support of human rule, which will soon give way to the destruction, that is sure to come and affect all of us, as we behold the fall of the political pillars of human rule on earth. Remember, evil, by its own weight, it will fall.

All Religion Will Fall From Their Position OF Power

We have become eyewitnesses of the horrendous mayhem and carnage that has become so commonplace in this world of our making. Religion must stand up and be held to account, and thereafter, religion will fall from its position of power and influence. This understanding has come to us by means of the prophetic word, found in book of Revelation, which is the greatest book ever written, the Bible. Are we to shake our heads in disbelief, because we find it difficult to believe the prospect of such an event? Remember, Gods Word never lies; it will bring about exactly that which has been spoken of by the greatest Biblical prophet, who ever lived, Jesus Christ. Now is the time to take in accurate knowledge of the things that will come upon the inhabited earth for a witness to all the nations. Now is the time, of reflection, meditating on the more important things of life?

Meditation On Gods Purpose Must Lead to Knowledge Transfer

Meditation requires a serious study of this topic under consideration. This is the encouragement coming from these writings. Meditation will lead to knowledge

transfer and to enlightenment to men of faith. This is not the time to continue to focus on following the way of the world, reaching out to riches and worldly power, or to prepare for hard times to come, based on the belief that we are able to preserve alive the self? Now is the time to take in the timely reminders of coming events, which have the power to change everything we hold dear. This is not the time to amass wealth and riches, or to build safe houses, in order to survive the difficulties facing humanity, as a whole.

This Book Will Give You Faith To Preserving Alive of the Soul

The articles in this book will prove to be a rich source of knowledge and wisdom, and by cultivating faith in the things written about, we will be well placed to enter into the Kingdom of God prepared for us from the beginning of man. In fact, the encouragement goes out to all, who love life, check and see whether your belief system is in compliance with these writings and the writings found in the greatest book ever written, the Bible. The governments and their supporting organizations will not be able to provide deliverance from the calamitous conditions, which all of us must face. Read the content of these articles often, because, by doing so, you create additional brain cells with which to understand these writing more fully.

Embrace The Perfect Square Of Life, Health, Wealth, Love and Perfect Self-expressions

Now is the time to pray to God, to open the way, for the divine design of our life to become manifest, in order, for the genius within us to be revealed and to see clearly the way of happiness ahead, for each one of us. By this, we will be able to embrace the perfect square of life, to obtain perfect happiness, with health, wealth, love and perfect self-expression. Meditate on the deep things of God, become wise, in order to have life and having life in abundance.

Chapter 1

Darkness Versus Light

Man, A Product Of Holy Spirit

In the beginning there was darkness all around and God said, let there be light, and there was light. Darkness has been replaced by light, and thereafter, all living things were created and all of them are supported by spirit from God. Thereafter, darkness was reduced to its native nothingness. The final creation, which is from God, is man, who was created in the image and likeness of God. Man was the ultimate physical manifestation of light on earth, in that, man walked in the power of Holy Spirit and man was created as a righteous free moral agent, a thinker, a Son of God. This was the dawn of splendour, the glory of which is from God, the Creator of man, for the eternal good of all physical creation on earth.

Man Radiated The Light Of Holiness, Which Is From God

Man was given a Garden Home in Eden and God gave man a wife, which was taken from Adam. God formed the woman, who was from man, and He named her Eve, because she was from Adam and Adam was the Physical manifestation of Light from God, for the benefit of the earth, and Eve also radiated this light of Holiness. Both Adam and Eve were declared to be very good. Their purpose was to subdue all creation to Gods praise and glory. There was no spiritual darkness and man radiated

spiritual light, which is from God, for the benefit of all living things.

Where There Is Light There Can Be No Darkness

Spiritual darkness cannot exist with God, because God is Light, God is Holy. Where there is light, or holiness, there can be no darkness. This is a fundamental truism and that truism had to continue with man living on the earth. Therefore, darkness cannot exist with God, because darkness has no principle and darkness can always be done away with by additional light. Since God is light, there can be no darkness in the presence of God. Walking in the light is the title deed given to man, radiating this light, of holiness, wherever man is walking. Man was a walking reflection of Gods light at the beginning. With man there was no spiritual darkness. Every cell within man radiated this white light.

The Tree Of The Knowledge Of Good And Bad Reflected Light and Darkness

However, this was destined to come about to an end when, at the beginning, Adam and Eve reached out to obtain the product, which existed in support of darkness,

which came to them by means of the tree of the knowledge of good and bad. To express this in another way, darkness came by means of the tree of light and darkness. We have to understand that bad or darkness has no principle, and therefore, bad or darkness can always be done away with by an additional good or by additional light. Because, man was a creator made in the image and likeness of God, man created by thinking and by thoughts. Rightful thinking was essential with the God given provision of the universal Law of Attraction, which was given to man to be his servant. Thinking godly thoughts was mandatory to man who was walking as seeing the one who is invisible.

The Law Of Attraction Is Gods Creative Law And It Brings in The Good Or The Bad

The Law of Attraction is Gods Creative Law, by means of which, God and man can create the good or the bad; it mattered not to the law. However, to God and to man it mattered, because God was the very representation of Holiness and of righteousness. With God there is not a variation of the turning of a shadows. Man, on the other hand, was created godlike, a free moral agent who is from God, and as such, man is under obligation to create only what is good and in harmony with God given principles. This is the basic requirement, which God

made known to man and it came to man by means of the proverbial tree of the knowledge of good and bad. In this respect, man failed to live up to the principle of Holiness and righteousness and man transgressed against the arrangement of God and His given laws, as were manifest in the tree of the knowledge of good and bad. In fact, by mans reasoning on the aspect of good and bad, by strong desire, which were directed in wrong channels of thought, man created the concept of bad, as a power in opposition to God. This concept of darkness resulted in the manifestation the proverbial speaking serpent. That manifestation of bad brought about the power of darkness, which is supported by spiritual darkness. This newly generated power misleads man, the power of which is in opposition to God-power. Evil was born. However, there can be no power transfer from God, to create darkness and bad, except through the transgression and rebellion of free moral agent man. By mans transgression and disobedience, man created a power in opposition to God. By his disobedience, man became the facilitator of evil, and through this evil, the concept of the devil was born.

*By The Law Of Compensation The
Last Adam has Come About As An
Expression Of Gods Love*

Man became the owner of darkness, and as a result of this, man has become conscious of a belief in two powers, the power of God and good, and the power of evil and bad. By this duality of belief, man became the host of darkness and he continued to create what is bad, by the use bad thoughts. By deduction, there was not even one man on earth that could be found to do away with this darkness, which was within man, the thinker. Man needed a helper to facilitate the creation of a man that would be equal to the perfect man Adam, before his transgression. This new creation had to be equal to the perfect man, which was manifest in Adam before his sin and transgression. That helper could not be found among the offspring of Adam and Eve. That helper had to have the Spirit of Holiness within and that helper could only come from God, by means of the universal Law of Compensation, which is in support of the life for a life principle.

Man Continued Existence Depends On Gods Love

Here, we need to consider the wider implication tied up in the existence of man. Mans success story is in fact Gods success story, and Gods success is based on love. Mans success is intertwined with Gods love, in that Gods love is universal love of principle, and therefore, it is all embracing. Man, is in need to look intensely at the

outworking's of Gods purposes with respect to the earth, with man playing its part in it. Man had to become love conscious.

Ignorance Is An Enemy Of Gods Plan For The Earth

This brings to our attention the fact that with prolific darkness comes ignorance, and ignorance is an enemy of knowledge, understanding and wisdom, which is from God. That is why, the human governmental authorities flourish with increased level of ignorance displayed by the people under their control. That ignorance is also an enemy of Gods plan for the future of mankind. Ignorance is man's enemy.

The Saviour Of Mankind Had To Be Like Adam, Before Adams Sin

The saviour of mankind, the Compensator, is none other than Jesus Christ, our Lord. This is the one that was to come in the role of the Last Adam. He was destined to bring about the necessary reconciliation between God and man. We have come to know that Jesus Christ was to come to be the light of the world. Anyone that would listen to him, which is the Christ and follows him in faith, would become an associated light bearer, bringing

light and life to those who incline their ears to their message of salvation and who listen to him. This one, the Christ, was to be born of woman in order to qualify to be called the Son of God and the Son of Man.

Change Is Coming Upon Mankind By Means Of The Word Of God

Therefore, humanity became conscious of this message of goodwill and the message of hope for the world at large. However, this is the light of the world that brings light and understanding to anyone who desires to have life, health, wealth, peace, poise, love and goodwill, with the power to do what is good. Now, let us use a little time to muse over what has been stated and what is being considered in these writings. Change is the over-arching principle, which is to affect every human on the surface of the earth; and change is coming upon mankind by means of the Word of God, which has the power to change mans consciousness, because consciousness is belief.

Consciousness Is Our Belief; It Is Truth To Us, It Is Supported By Spirit

What do we understand the things to be, when we speak about consciousness of man? Consciousness is substance of mind and that substance of mind can affect our thoughts and actions. Consciousness is our belief; it is the substance of what has been stored in our mind as truth. It is our paradigm. But truth is a word much used and abused, which is often misunderstood. However, we need to understand that truth is Spirit and Spirit is truth, because apart from Spirit everything else is forever changing. Therefore, unless we become compliant with Gods Spirit, Holy Spirit, we have not found truth. So it is also with light, unless we become compliant with Spirit, we have no light within. Therefore, light is truth and that light became manifest in the one that was to come upon the inhabited earth for the salvation of mankind, Jesus Christ, our Lord.

By Spirit We Shall Live And Have Life In Abundance

Here we want to be sober-minded and listen to truth, listen to Spirit, because, by Spirit we shall live and have live in abundance. Here we need to ask ourselves the question, do we think that God needed living creatures, such as humans, who are supposed to have evolved from single cell organism? It would have been better if God would have create other four footed creatures that lived in harmony with other animals to fulfil their purpose to

eat and to be eaten. No, this is not what God desired for man and this is not what God wanted, God wanted man, who was made in his image and likeness, to be Spirit in a fleshly body, being the crowning glory and a true reflection of Gods creator-ship. This is our destiny, this is what we are designed to become, and there is no power that can stop the process to bring humanity to perfection. You are the one that is invited to become enlightened and share in the knowledge and understanding of the deep things of God.

The Light Of God Has Come Into The World, To Change Everything

The light of God has come into the world of our making and that light is changing everything. Are you ready to enter and be part of this glorious manifestation of Gods goodness? The time has come, and it is now, when we need to make ourselves available to be changed, and thereby, become fit to enter into the Kingdom of God, with Christ Jesus as King. This is the Kingdom of light, where darkness will come to nothing. All humanity is walking with the prospect of becoming children of light, and this is to take place through the support and operation of Gods Kingdom. You are invited, to take your place and live in the light, now, with peace, poise, love and goodwill, and this into all eternity, even forever.

We have To Become A New Creation, Born Of Water And Spirit

In order to share in this hope and understanding, we have to become a new creation born of water and Spirit. This must be in compliance with Gods will and purpose. We need to change, and be born of Water and Spirit. Here the operative phrase is Spirit, and Spirit is truth. This is truth, which is in support of the manifestation of Holiness, by means of the universal Law of Transference. By an act of faith, and not by reasoning, shall we be declared righteous and fit for purpose? We are destined and we have the prospect to enter into the Kingdom of God, as righteous ones. Therefore, we desire to be set free from the shackles of darkness and ignorance and become children of light. This is our destiny and it is now that we need to ready ourselves to do Gods will, and change to live to time indefinite.

The forces of darkness are being put on notice that their time is shortly coming to an end. We are entering into a very dark period of time, where we behold the forces of evil positioning themselves clearly in opposition to the forces of righteousness, with Christ as King. Are we ready to side with God and good, or are we bend to oppose the light and side with bad and evil? We have to make that choice, either in support of this man made

system of things, which is in dense darkness mentally and spiritually, or to make a choice, to be part of the light, which is in support of the King of Kings, Jesus Christ, our Lord.

Are We Ready To Side With God And with Good?

It is true faith, which we are encouraged to embrace, the faith that can preserve alive its owner, in order for the owner of this faith to live through the time of the Great Tribulation and through the end game of this system of things. We have come to understand and we have come to know, that our faith is in Gods arrangement for salvation and He cares and loves us, and thereby, we shall exercise our faith in one power and that is God and good. Thereby, our survival is made sure, leading us to be gathered together as 'one', to enter into the incoming of righteousness. We have to turn our back to the belief in two powers, of good and bad, because bad is nothing and bad or evil has no power and it has no principle. There is nothing that can prolong the existence of evil; it is spiritual darkness that must be destroyed, forever. Remember, bad always falls away, by its own, accumulated weight.

By Spirit We Radiate This White Light, Which Is By Christ Jesus

We have learned to walk by faith in the radiant light of righteousness. This light will be by means of Spirit, the Spirit that is from God. This Spirit, from God, was also in Jesus Christ when Jesus Christ walked the earth as a righteous Son of God. It is by the operation of Holy Spirit that we radiate this white light. Therefore, this light, which is by means of Spirit, will bring pure white light to every cell in our body, and thereby, we shall have righteousness, health, wealth, love, goodwill and peace with poise and this to God's eternal praise and glory.

There Shall Be No More Mourning, Outcry or Pain

The time will come, and it is now, when the forces of good are being mobilised, in order to change everything. The writer of the book of Revelation expresses himself in these terms saying: "Look the tent of God is with mankind and He will reside with them, and they will be His People's. And God himself will be with them. And He will wipe out every tear from their eyes, and death will be no more, neither will there be mourning nor outcry nor pain be anymore. The former things have passed away. And the one seated on the throne said:

"Look, I am making all things new. Also He says: Write, because these words are faithful and true."

Those Who Love The Light Will Come To the Light

All those who love the light will come to the light, in order that their works may be made manifest as having been worked in harmony with God. Here we are talking about works off faith that has the power to preserve alive its owner. These works will manifest in faith, the faith, which Abraham also had, and by that faith, Abraham was declare righteous. As for us, we know that God loved us first, and therefore, we love. We are in the light, and thereby, we are in the faith and that faith must lead to blessings until there is no more want.

We Receive A Consciousness Of One Power, God and Good

Those who have the Spirit from God, which Spirit was also in Jesus Christ, are called Sons or Daughters of God; and that Spirit, within, manifest's in pure white light of Holiness. That white light is lighting up our body so that every cell in our body is light and where there is light there can be no darkness. This is the belief that will bring happiness with health, wealth, peace and poise, with love

and goodwill. The one who has this light has a consciousness of super abundance of good, because, that person has received a consciousness of 'One Power', being God and good. Blessed are those who walk in the light of God, now and into all eternity even forever. This walking in the light is by means of the 'ransom sacrifice' of the righteous life of Jesus Christ, our Lord.

Darkness Has Come To Its Native Nothingness, It Has No Principle

Darkness has come to its native nothingness, and bad is no more, because bad has no principle. It is on the basis of Gods Undeserved Kindness and the manifestation of the pure white light of Holiness, within, that all darkness and all badness shall be destroyed. Take life now and live your life to the full, in Holy disposition, with the Spirit of the Christ, within, and this to Gods eternal praise and glory, even forever.

ONE POWER CONSCIOUSNESS - MEDITATION

Notes:

Chapter 2

Faith

Not An Expression Of Many

We talk about faith and believe that we have faith, in abundance, yet by closer examination of all the facts we have to realise that the faith we have is lacking in substance. We often ask ourselves, why do things go wrong, when I believe in the good and in the power of God, through Jesus Christ, our Lord? Is there something that I do that is not in compliance with Gods will and purposes, and therefore, I miss out on the expected blessings? Remember, Abraham, the father of all those having faith.

There Is The Need To Be Humble

The case of Lots wife brings to our attention that faith is not the possession of all people. Faith requires a person to be humble and be spiritually aware of our blessings and limitations. This is a fact, because faith is the assured expectation of things hoped for, the evident demonstration of realities, though not beheld. We need to be conscious of our spiritual needs, and for that reason we need the knowledge of God, which is by means of Jesus Christ.

We Need To See The One Who Is Invisible

When we have progressed to a position of displaying true faith, which can preserve alive its owner, then we need to see the one who is invisible, which is God or Universal Mind. When we have become freed from the shackles of ignorance then we do not want to show a lack of faith all over again. This may apply in the case of the one that has come to know that he or she has been bought with a price, which is the life-blood of Jesus Christ, our Lord. Thereafter, to be going back to a belief in two powers of God and evil, by believing in good and bad, is not the way of a Christian. True faith, or belief, must lead to expectations of good, because, with God, there can be no lack nor can there be any limitation in anything. With God there is only one power, which is God and good.

Having The Christ Within, We Do Not Want To Be Guilty Of A Lack Of Faith

We believe that we have, at the time of our baptism, received the Spirit from God, which Spirit was also in Jesus Christ. Therefore, we do not want to be guilty of a lack of faith. For example, when we have become conscious of One Power, of God and good, then we are conscious of having an abundance of good. Therefore, we do not want to subject ourselves again to a belief in two powers, by believing in good and bad. This can be the case in point, when we become fearful of becoming

sick when we are in the company of someone who has become a victim of a virus attack.

Do Not Subject Yourself To Fear Of Any Kind

To come out completely victorious, with radiant faith, we need to believe that anything to which bad is attached has no power over us. That would mean that any sickness, which becomes manifest couldn't attach itself to us, as may be the case. This could be the case in point, as we show lack of faith and fear the effects of a certain sickness. This may then lead to creating the condition, whereby, our immune system weakens to the level of the feared germ or virus and then that sickness will become manifest in our body.

Whatsoever, We Think About This We Also Bring About

Therefore, it is fear that triggers the law of attraction to bring about the product of fear, which in this case is the fear of germs or flue viruses. Whatsoever, we think about we bring about, is the underlying principle in everything. By fear of infection, we may open ourselves to become subject to the germ or the flue virus. The law of attraction will respond to your fears, and then lowers your immune system, to bring about the product of such

fear, which will result in you becoming a carrier of the germ or flue virus. The end result is always in support of the saying; you reap what you have sown. You have sown fear and the product of fear becomes manifest in your case. We need to become conscious of having received of the Undeserved Kindness of God, which makes us perpetually clean and keeps us in an approved and Holy state of being, with health, wealth and good of every kind. We need to become conscious of the fact, that we have received the Spirit of the Christ, within, which is Holy Spirit, and where there is Holy Spirit there can be no fear. By Holy Spirit we are set free from the manifestation of fear, because Holy Spirit produces love, being the first fruit of God's Spirit and love throws fear outside.

*The Spirit of God which was Also
In Jesus Christ is Also Within The
Man Of faith*

What shall we do when we are faced with such a risky situation? Withdraw into your inner chamber and meditate on your baptism and your standing with God and his Christ, and thereby, become conscious of harmony, being one with God. On the basis of right thinking, no negative or harmful effects are able to attach themselves to you. The Spirit of God, which Spirit was also in Jesus Christ, is alive within, it is active within

and you will be protected from harm. This faith fills you with a deep-seated joy, causing you to be full of love, being happy and fearless. You are indeed blessed by God, through the Spirit of the Christ, within.

Become Conscious Of One Power, God And Good

We need to become conscious of one power, God and good, and meditate on our standing with God, on the basis of the Christ, within, and then, one power consciousness becomes part of the person you are, within. We want to remember that Jesus Christ was conscious of one power only, and that power was God and good. This simple example can be applied to any health risk, and thereby, you can remain free from fear of disease and sickness of any kind. Some women have resorted to the removal of their breasts, because of fear of getting breast cancer. Is that the way we need to go in order to live lives free from fear? May that never be the case, in our situation, we want to become radiant in faith and then all good will become manifests for our benefit.

Where Good Appears Bad Cannot Manifest

Is it unnecessary to resort to such harsh measures as highlighted above? All you have to do is to become

conscious of one power, of God and good and believe that where good appears bad cannot manifest. This requires faith in one power, God and good. This can be achieved by changed consciousness, from a consciousness, which is based on a belief of lack and limitations and a belief in two powers, God and evil; to a new consciousness of super abundance of good, with a belief in One Power, of God and good.

By Spirit From God, Which Spirit Was Also In Christ, You Have Pure White Light

You have to believe that at the time of your Christian baptism, you received from God righteousness, Undeserved Kindness and everlasting life. You were declared to be a new creation, born of water and Spirit. This Spirit is the Spirit from God, which Spirit was also in Jesus Christ, our Lord. By this Spirit, which is Holy Spirit, you have oneness with God. By Spirit, which is from God, which Spirit was also in Jesus Christ, you have received the Spirit, within, which manifest as pure white light. Thereby, every cell in your body is white light. Whatever you ask in Jesus name this you shall also have, and that at the time of asking, and it will manifest. But, do not doubt. Strengthen your faith by going into the silence by meditation on the love of God. Realizing that God loved you first when you were in darkness

mentally, being alienated from the light that belongs to life.

You are to cultivate this faith that can preserve alive its owner, it is yours on the basis of faith in the ransom sacrifice of the righteous life of Jesus Christ, our Lord. Blessed is he that has faith in the righteous blood of Jesus Christ, to preserving alive of the soul.

Become Conscious of One Power And Thereby You See Only Good

You have to become conscious of one power, God and good, and as you walk in the way of Holiness, with your eyes looking straight ahead, seeing only God and good, then the good, which you wish to come upon you, will manifest in your life. However, if you look back, as did Lots wife, when on the road to salvation, than you will see two powers at work, which are in support of the good and the bad. However, bad has no principle and has no power and it can always be destroyed by an additional good. By looking back, you may become inclined to give your thoughts to what you have left behind, by paying attention to what is fearful and bad. Thereby, you are displaying fear all over again, whereby, you create bad all over again, and thereby, you become deprived of Gods blessings. You have made a choice and by that choice you perpetuate bad and evil of every kind. You

have, by your action, become inadvertently alienated from God.

Be Single Minded And Keep Your Eyes Straight Ahead To See Your Good

Train yourself to believe in one power, God and good, become aware of your oneness with Universal Mind, or God. Remember, the two angels of God, who guided Lot and his family to safety, these also instructed Lot to keep on moving toward their place of safety and not be standing still and not to look back. Lot and his wife were to see by faith, seeing only God and good, because they were on the God directed road to salvation. By being single minded and keeping ones eyes simple and straight ahead in the direction of your good, then you are acting in faith, seeing only God and good. If we learn from this example and see, in our case, only God and good, then we will never pay attention to that, which may prove to be bad, which is in opposition to Gods love, namely, the giving of support to a belief in two powers, God and evil. That would prove to be a gross lack of faith, which could lead us to loosing our lives in the critical moment of life's changing fortunes.

A Belief In Two Powers Started, Within, By Sin And Error

We are to remember, and realise, that we have created and supported a belief in two powers, from the beginning of man in the Garden of Eden. It was there that man acted in a lack of faith, when confronted with changes, which could and did take man in the direction of a belief in two powers, of good and bad. By acting in faith, man would have turned away from the tree of the knowledge of good and bad, and instead, he would have paid attention to the Tree of Life, which was also in the middle of their garden home. Directions from God must always be obeyed by faith, and must not be subject to our reasoning processes. That was Adam and Eve's error, which led to their death, and therefore, all of us are dying.

Eating From The Tree Of Life Would have Led to Life

By eating from the Tree of Life, man would have become Life Conscious, which would have worked out perpetual good for man. Under such conditions, it would have been impossible to eat from the fruit of the tree of the knowledge of good and bad. A Life Consciousness would always bring about the good, which is a continuation of life, and as a result, the tree of the

knowledge of good and bad could have been cursed, by man, who would have become Life Conscious by eating from the Tree of Life, and as a result of this, the tree of the knowledge of good and bad would have withered and died.

We Can Become Eye Witnesses Of The Destruction Of World Power

The time will come, and it is now, when we are enabled to take the opportunity to become eyewitnesses of the destruction of all worldly power. This will manifest in a catastrophic collapse of all human institutions, including the belief system, which is in support of a belief in two powers, of God and evil. Such a belief renders man unfit for purpose, and therefore, the system, which is in support of this belief in two powers, of God and evil, must go.

Keep The Commandments Of God and The Faith Of Jesus

As a man of faith, you will be called upon to keep the commandments of God and the faith of Jesus, ready to behold this system crushing in defeat. That would require faith in the things we have learned from the reading and the study of Gods Word, the Bible. You are expected to see only one power, and that is God and

good. Thereby, you have your eyes fixed on the one that loved you first, when you were in darkness mentally and alienated from the light that belongs to life.

As A Man Of Faith, You Never Look Back To The Things Left Behind

You are conscious that you were called into his wonderful light and that you are encouraged to keep on walking, straight ahead, never linger and never be tempted to look back. Therefore, by looking straight ahead, you display true faith, in the one that called you. You have to be single minded, and never waiver in a lack of faith, but become empowered, by faith, to continue seeing the one who is invisible. You are called upon to display one power consciousness, seeing only God and good. This is the faith that can preserve alive its owner. Blessed be you, the one with little faith.

ONE POWER CONSCIOUSNESS - MEDITATION

Notes:

Chapter 3

Two-Power Consciousness

Humanity On The Move

The world of our making is dominated by spirit, and this is the spirit that operates in all living things. By spirit, within, we have grown from the time of conception to adulthood and from life as adults we have taken on responsibilities to become whatever we desired to be. Some of us have become housewives and others have chosen to become leaders in their respective field of activity and yet others have chosen to be doctors, tradesmen, engineers, nurses and accountants, some are disabled and sick and others are without work. However, what we have created is what is manifest before our eyes, humanity on the move into a future of fear, uncertainty and concerns, affecting many of us.

Are We Led By The Right Leaders

This is what we have created, a society steeped in anxiety, fear, crime and violence and driven by a lack mentality. We have arrived at a time, where we find ourselves on the slippery slope, which could lead to loosing control of our lives with possible dire consequences for us all. The question we have to ask ourselves is this: do we have elected the right leaders to navigate mankind through the stormy seas of discontent?

Leaders To Rule For Justice Itself

We understand that the motivation of the elected ones is always loaded by selfish ambition and corruption, rendering those in power to be unfit for purpose. We need leaders that are committed to lead for justice itself, working for the benefit of the greater whole. Trained in law and morality, we can say: we need people to lead us, dominated by love, for the benefit of the greater whole. Such people are in very short supply. They have to be visionaries with insight and understanding of the things coming upon the inhabited earth.

Operating Principle In Man Is Spirit

We have made much progress in the study of man and in understanding the environment in which we live, as well as getting to know universal laws, which affects us all. In the process, we have come to understand that the operating principle in man is spirit. Where there is spirit there must be life. This we can state with a measure of certainty, because all living things have spirit, differentiated spirit, indeed, from Infinite Spirit, from God.

Evolution Theory Underwrites

Man's Level Of Ignorance

Here we do not want to be ignorant, to believe that we have evolved from lower forms of life, such as is taught by men of so called higher learning. However, a statement in support of the evolution theory, of man, underwrites mans level of ignorance and lack of understanding of the powers at play. Teaching the evolution theory as a fact is beyond comprehension. This fact escapes their notice that all life forms are in possession of differentiated spirit, which spirit is from Universal Mind, giving life to all.

All Food Is By Means Of Spirit

We have to ask ourselves, where does this differentiated spirit originate from? In fact, we can take this matter even further and ask ourselves: who provides the food, which sustains us and keep us supplied with the things that keeps our body alive? Is this food and water not supplied by means of spirit, which operates in all living things and it is the source behind all matter? From this analogy we come to conclude that all life is supported by differentiated spirit and that spirit comes from Infinite Spirit, which we call universal Mind. Therefore, we can conclude that mans existence has its beginning in Universal Mind or in Infinite Spirit. This is corroborated by, the greatest book ever written, the Bible.

To Varying Degree, All Human Institution Keep Us In Ignorance

Now, we understand that, to a greater or lesser degree, all of us are victims of institutionalized ignorance. That ignorance comes to us by means of the media, the institutions of learning, from politics, commerce and religion. All human institutions, to varying degrees, are involved in keeping us in ignorance and ignorance is rooted in a lack mentality. Now, that we have established this truism, we must come to appreciate that our belief system, including much of our thinking, as well as the manipulation of our mind, is at the core of all human problems. This, so called badness, entered into man at the beginning. It was on the basis of the reasoning mind and by desire, directed in wrong channels, that man brought about changed consciousness; from a consciousness of abundance of good, to a consciousness of lack and limitation.

Believe In Two Powers Is By Error

By this erroneous process, man laid the foundation to believe in two powers, in Infinite Spirit or God and in evil, or bad. By this changed consciousness man changed from a consciousness of abundance of good to a consciousness of lack and limitation. This brought about

changed consciousness or a changed belief system, which is based on two powers, Infinite Spirit or God and evil, bringing about the product of our thoughts, which is both good and bad. The faculty of bad necessitated the need for man-made laws, to manage human affairs. Thereby, law perpetuates bad by its attention to the prevention of badness. This underwrites the, perpetual, cycle of good and evil and all mankind is a victim of this never-ending process of lack and limitation.

Universal Mind Really Cares

What are we to say? Are we doomed to self-destruction? If Infinite Spirit does not exist, as some intellectuals may want us believe, then indeed, there would be a real possibility of the complete destruction of all life on Earth on the basis of increasing bad and oppressive laws. However, we are happy to confirm that there is Universal Mind or God who cares, the God of love, justice, wisdom and power. This is the Great Spirit, the Maker and the Creator of us all. God, or Infinite Spirit, does not know the concept of bad, nor does he know ignorance. The universe is ruled by love, by one power, Infinite Spirit, by God and good.

Bad Is Always Destroyed By Good

Therefore, it is impossible for Infinite Spirit to pay

attention to bad, lack and limitation. Our Maker is omnipotent, omniscient and omnipresent and for Him bad has no principle, and therefore, bad can always be destroyed by an additional good. God is Infinite Spirit, or God Almighty, and by Spirit from God we have life in abundance with peace, poise, love, goodwill and thinking ability. This is an amazing statement to make, because this statement indicates that our thinking ability has its origin in Universal Mind, in Spirit. On the other hand, by correct thinking, we have the power to create only good and that would need help from the source of all power, which is God and good.

Now Is The Time To Wake Up

Here we can ask ourselves, can mankind afford to continue in ignorance, when, by Infinite Spirit, we can have unlimited access to knowledge, insight, good and understanding of the deeper things of God. We can make the affirmation that with Universal Mind there is not a variation of the turning of the shadows. Infinite Spirit, or God, does not change, but all other things, which are made, are forever changing. All spirit is one Spirit with Infinite Spirit, or God, and by the same token, we can add that, all mind combined is one Mind with Universal Mind. This is the wake-up call for mankind, as a whole, and for those who continue to sleep in ignorance. Now is the time to wake up as from a deep sleep.

Belief In Two Powers Is Ignorance

Teachings, which does not acknowledge Universal Mind, or Infinite Spirit, as the source of all love, justice, wisdom and power is fundamentally flawed. The Source that has all the knowledge and insight, which is necessary for life, is the giver of every perfect gift, which is God. The person that does not acknowledge God, as the supreme ruler of the universe, is living a life of ignorance. These are the very ones that desire to enslave us all, to make us believe in two powers, that is Universal Mind and evil. As a result of this ignorance man is inclined to to bring about an abundance of man made laws, which are designed to enslave us to perpetuate the creation of every kind of bad. From these sources of evil, and bad, you are to turn away. These teachers of ignorance are men that grope in dense darkness and they desire to see you to be led captive, in ignorance and kept in darkness, in order for them to rule with injustice itself.

Lacking In Understanding Of Destiny

Where do we go from here? Is there a way out of this misery, which we have created for ourselves? Yes indeed, there is a way out and that way is by knowledge transfer, from Universal Mind, or God, to man. We have come to

understand that even the greatest teaching institutions are in dense darkness, as to understanding the destiny of man. They encourage a belief in the evolution theory in order to sell us into mental darkness and institutionalized ignorance. It is disturbing to see such wide spread teachings of error and such lack of basic understanding of destiny. All that these teachers desire to do is to continue, exactly in the way of error, as before. They want you to continue in the way of lack and limitation, and thereby, follow in the way of ignorance finally leading to death.

Real Freedom From Ignorance Is By Spirit

How, you may ask, are we to become liberated and set free from this system of things? You can only obtain real freedom from ignorance through spiritual understanding and the enlightenment that comes by means of Universal Mind, or God. For this reason, we have to get clear understanding of the real causes of our human predicament, as it is seen in the world today. We have to go back to the beginning of mans debut on earth. Here we must come to understand that as the material universe had a beginning, so man also had a beginning. This is the way with all material creation including plant, animal, human and spiritual life. All life forms had a beginning and the beginning of man has been recorded

in the oldest writing available to man, and we know that source to be the Word of God, the Bible.

All We Can Change Is Ourselves

We have to realize that man cannot change another person; all we can change is ourselves. This must be so, because we are from the source of unlimited power and knowledge and by this understanding we have come to realize that we cannot lord it over our fellow man, which is made in the image and likeness of universal Mind, or God. All we can do is to acquire sufficient understanding of destiny, and thereafter, it is the responsibility of Universal Mind or God to finish our training. This understanding makes for peace, poise, love and goodwill by means of which, you will be able to dissolve all negative thought vibration.

We Are From The Highest Source

There may be some who may suggest that nothing really matters to man, believing that we are all doomed and all of us have to face possible annihilation. In the meantime, let us eat, drink and have a good time, and then, tomorrow we are going to die. Such negative sentiments do not belong to man who is walking in the knowledge of God and His Christ. First and foremost, we must come to appreciate that we are from the highest source known

to man and that is Universal Mind, or God. In fact, the greatest book ever written states that man is made in the image and likeness of God. We are thinkers and by thoughts we create the things we think about.

Bad Does Not Belong To Man

Here, desire is the strongest thought form, and thereby, we can bring in the good or the bad. However, the aspect of creating bad was not to be at the very beginning of man. The concept of bad does not belong to man who is made in the image and likeness of Universal Mind, God. The concept of bad must be removed from our consciousness. We have to change and learn to believe in One Power, Universal Mind, or God and good.

On The Plane Of The Absolute There Is Only Believing

At the beginning we have been given a consciousness of abundance of what is good. There was no concept of bad. Bad has been introduced to man by means of reasoning on the subject of good and bad. This concept of good and bad was introduced to man at the beginning and reaching out to bad would carry with it the penalty of death. To turn away from bad was a necessary requirement and it needed to be obeyed by man in faith,

because man is a creator, a creation, made in the image and likeness of Universal Mind. With God, there cannot be a concept of bad. Bad is nothing, it has no principle and it can always be destroyed by an additional good. In this respect, man was expected to reject bad as a non-entity. However, man paid attention to the concept of bad, which was manifest in the tree of the knowledge of good and bad. That tree was in the middle of their garden home. Man reasoned on the right and wrong of the prohibition from Universal Mind, or God, not to touch and not to eat of the fruit of the tree of the knowledge of good and bad. However, reasoning, on the rightfulness of the command from Universal Mind, was a gross lack of faith, and lack of faith is sin. Early man, Adam, was created perfect and he had the ability to reject or to accept the tree of the knowledge of good and bad.

On The Plane Of The Absolute There Can Be No Error

Here we need to appreciate that the prohibition came from the highest power known to man and that power was Infinite Spirit, or God, the omnipotent, omniscient and omnipresent Spirit. It did not belong to man to question the rightfulness of Gods instructions. God operates on the Plane of the Absolute and there can be no error nor can there be any wrong. Infinite Spirit, or

Universal Mind, is Holy and He is the Supreme Ruler of the universe. With him there cannot exist error nor can there exist the concept of bad. As children of God, all we have to do is show faith, and believe, that his commandments are necessary and true. By reasoning on the subject and the rightfulness of Gods commandments, man started to behave in an inappropriate and faithless manner.

By Forced Desire We Create Illusions

In addition, man, being a free moral agent and as such being able to cultivated strong desire for the fruit of the tree of the knowledge of good and bad, required that man directed desire in the right channels of thought. However, that was not to be so. Man directed his desire in wrong channels of thought leading to illusionary thought creations. That illusionary thought creation brought about the concept of a speaking serpent, which was a non-reality, it was a product of mans vain imagination. This serpent was used to reason on the rightfulness of Gods commands, to convince man, that what God required, was, according to their understanding, wrong. Man failed to act in faith and his desire led to be wrongly directed thought-power. This wrongly directed thought-power led to the creation of an illusion, resulting in a speaking serpent. It led to man's

isolation from the source of all power, which is God, or Universal Mind.

Changed Consciousness at The Beginning Has At Its Core A Belief In Two Powers

This error, at the beginning, on the part of free moral agent man, ushered in a new era based on lack and limitations. It was the era, which was based on changed consciousness, from a consciousness of abundance of good to a belief in evil and bad. This changed consciousness has at its core a belief in two powers, of God and good, and evil, or bad. This meant that Gods influence in human affairs became limited since God cannot facilitate, see, or allow any form of bad access into his presence. The result of this lack of access to the source of all power was catastrophic for man's future. Man became isolated from the source of all power; he started to be in fear of not having enough. As a result of this lack mentality man started to have fear, anxiety, being subjected to ageing with sickness and death. The life span of man was eventually reduced to 70-80 years.

The World Is United In Doing The Things That Do Not Serve Us Well

We have arrived in the now and what we see is of

concern to most of us. We have made progress in a material and technological way and the world is united in doing the things that do not serve man well. The belief in two powers has resulted in hate and murder, in mayhem and war. To the level of evil there appears to be no limit and insecurity is everywhere to be found. In mankind's progression we have constructed impressive buildings and bridges spanning rivers and valleys. We have cultivated the ability to travel at ever grater speed and we have even accomplished to successfully fly to the Moon. The proverbial expression has come true, that, by being united in our aspiration, nothing is impossible for man. However, there is no peace, which we can enjoy, instead, man is killing man in one place after another. But peace and happiness, within and without, is ever so fleeting, being far removed from man.

All Of Us Are Victims Of A Belief In Two Powers

What can we say; are we doomed in our way of life? May that never happen? All of us are victims of two-power consciousness, believing in God or in Universal Mind and in evil, and thereby, bringing about good and bad. However, the world in which we live is not becoming a better place. Mental illness is on the rise and so is insecurity. If there is a higher power, as some may state, which we call God, where then is the evidence of

his power of doing only good? The churches of Christendom are no longer filled with believers. Many church buildings have been sold to developers and faith in the promises found in Gods Word, the Bible, seem to be of little value.

We Cannot Find Peace and Poise With Love And Goodwill

We need a new way of thinking. The religious institutions are disunited in their understanding of human destiny and mankind is leaderless in their ignorance, not knowing the way out. We are living at a time of revival of new thoughts, based on the understanding of universal laws. We have come to understand the creative Law of Attraction, filling many with understanding of thought power to bring about riches and material blessings. However, we have not been able to find lasting peace with health, wealth, and love. We have not been able to obtain power and faith that can preserve alive its owner. Fear is ruling the minds of the majority, bringing about the product of their thoughts, and that must be more fear, insecurity, more wars and hatred, more lack and limitations. We continue to be unfit for purpose.

Law Creates Fear and Fear Creates

More Things To Fear

Where do we go from here? We have established the fact that the world of our making is based on lack and limitation and on a belief in two powers, Universal Mind and Evil, or in good and bad. The problem of belief is that it is supported by thoughts and by thought we create. Therefore, we continue to create some of what is perceived to be good and on the other hand we create an abundance of what is termed bad. Add to this the proliferation of bad and the abundance of man made laws, which are designed to bring about a better world on the basis of fear of law. Instead of peace, there is more fear, which creates more of what is bad and so it continues. Our prisons are filled to the point of overflowing. As a result of this, we are changing the law, to reduce imprisonment, in order to save money while at the same time increasing lawlessness.

In Need To Change Consciousness To Believe in One Power

From the above thought considerations we come to conclude that we need to change man's consciousness, changing our belief system, from a belief in two powers of good and bad to a belief in one power, of Universal Mind or of God and good. But how, you may ask, can this be achieved, and thereby, change man's destiny? We

have to change our belief system and that would mean changing consciousness.

In The Beginning There Were Two Trees

There are some who may argue that Universal Mind cannot be a God of love, if God tempted man by means of the tree of the knowledge of good and bad. Here we need to consider all the facts, which are at our disposal. By reading the account in the Bible, we come to know that God indicated to man another tree, which was also in the middle of their garden home. That tree was identified as the Tree of Life. However, man ignored to pay attention to that tree, because that tree offered nothing new to man, but life, which they understood they had in abundance.

Behind Both Trees Was The Principle Of Love

There is a fundamental flaw in the thinking of man at that time in Garden of Eden. Man was conscious that he had life and the Tree of Life appeared to communicate to man nothing new. Man failed to appreciate to pay attention to a God given quality, which leads to Life Consciousness. Here again, man showed a lacked

appreciation for the Tree of Life, instead, man was attracted to the tree of the knowledge of good and bad, because, this tree communicated something new. Instead of meditating on the purpose of these two trees and working it out for themselves what these two trees stood for? Man should have understood that behind both trees was the principle of Gods love. Eating from the tree of life would have changed man's consciousness, because, man was at that time not as yet life-conscious. By eating from the Tree of Life man would have become super conscious of life, being conscious of having eternal life. This new consciousness would have included a super consciousness of an abundance of good.

Man Has To Become Conscious Of Power

With a super consciousness of life and good, man would have been well placed to reject the fruit of the tree of the knowledge of good and bad without any hesitation, as being a tree that is no good for food. Man, would have become conscious of power and by that power man would have been able to cursed the tree of the knowledge of good and bad and the tree would have withered and died. Man failed to appreciate the love of Universal Mind or God in all their surroundings and that failure, to see the love of God in all things made, resulted in man reasoning on the good or bad of the fruit

of the tree of the knowledge of good and bad. Man failed to act in faith.

Man Failed To Become Life Conscious

This was man's failure, to act on what was provided through the Tree of Life. Both trees served the purpose of giving man life. In the case of the Tree of Life it was Life Consciousness that would have given man everlasting life. In the case of the tree of the knowledge of good and bad it was obedience by faith, which would have resulted in understanding the power of the Law of Attraction more fully. This understanding would then have lead to man becoming power conscious, and thereby, cursing the tree of the knowledge of good and bad and then that tree would have withered and died.

Man Started To Believe In Two Powers, Good And Evil

In the final out-working of things in their garden home, in Eden, mans failure to act in faith led to reasoning on the right and wrong of the fruit of that tree, leading to an act of disobedience, which changed consciousness from a consciousness of abundance of good, to a consciousness of lack and limitation. Man started to believe in two

powers, God and evil. In addition to the above, mans action resulted in creating the power of evil, which was in opposition to God and good. Bad had found a home in man, and from there, an abundance of bad was created.

Man's Belief In Two Powers Is The Belief Of The World Of Today

The history of mankind bears witness to the march of wickedness and the wanton destruction of both human and animal life. Everything that has been created by man, in the world as we have come to know it, bears evidence of man's lack mentality and his belief in two powers of good and bad. Every religious organization, every governmental authority, every commercial endeavor gives evidence of man's lack mentality and his belief in two powers, Good and evil.

We Can Be Certain Of Future Success

We have established that the presently held belief in two powers has come to us on the basis of error of omission. We have also established the inability of man to reverse the effect of sin and error and his failure to bring about one power consciousness of God and good. This is a

problem, which, if not acted upon, can ultimately lead to the end of intelligent life on earth, the end of humanity. All our attention must be on our Maker, the source of all love, justice, wisdom and power. With universal Mind the concept of failure and bad does not exist. Therefore, all our eyes and our attention must be directed to Universal Mind, or God, and we can be certain of future success in the outworking of God purposes.

With God Two Powers Cannot Exist At The Same Place At The Same Time

Someone may argue that our continued existence on the basis of two-power consciousness will be good for some of us. However, this fact escapes their notice, that with God, bad has no principle, it cannot exist, only one power exists and that is God power and good. On the other hand, with man, there exist a belief in two powers of good and bad. However, bad can always be controlled by the use of law. But, because, we belong to the universe, error and bad has no right of existence, it is an abnormality, and therefore, bad and error must be removed from the universe and from mans consciousness. As light destroys darkness, in the same way, good destroys the concept of bad, therefore, bad has no future and it can only exist in the consciousness of

fallen man. It does not belong to man to direct his own footsteps: it belongs to Universal Mind, or to Infinite Spirit, the originator of all creation, to set the standard for peace and happiness with man in the universe.

The Way Of Infinite Spirit Is Always Right, Is Always Holy

We are encouraged to take note of the more important things in life and that must include harmony with our Maker and for the introduction of Gods plan for the earth with man upon it. The ways of Infinite Spirit are always righteous and based on universal laws and principles. These principles apply also to us, as mankind, because we are from source. The law that can change consciousness in man is the universal Law of Compensation, which is in support of the life for a life principle.

The Law Of Compensation Is In Supports Of A Life For A Life Principle

The Law of Compensation speaks this way: when a righteous intelligence has been removed from its rightful place, or it has ceased to exist, then a vacuum is formed in the arrangement of the universe. That vacuum has to

be filled with the same value of that which has been lost. If we apply this requirement to mankind, then we can say, the righteous life, which Adam had, at the beginning, was lost when Adam transgressed against Universal Mind, or God by a lack of faith. By his transgression, man lost contact with the source of all power, and, as a result of this failure, Adam became unfit for purpose and eventually Adam and Eve died. He failed to father righteous offspring, and therefore, all mankind is dying. This transgression, on Adam's part, was against the arrangement of God.

Infinite Spirit Brings About The Last Adam

The Law of Compensation States, that; a righteous life squandered, as in the case of Adam's life, has to be replaced by another perfect human life, being of equal value to the life that was lost. This life, that was to replace what Adam has lost, could not have been delivered by anyone of Adams offspring. Therefore, Infinite Spirit allowed the righteous life, which was in the Only Begotten Son of God, to be transferred and be born of woman. By this arrangement, Infinite Spirit could provide another righteous life, born of woman, in the likeness of Adam's flesh. This one is called the Messiah, or the Christ, his name is Jesus, who is from Universal Mind, as Adam was from God, and he was

born to a Jewish Virgin, Mary, to be wholly man.

Jesus Was Born To Become The Savior Of The World Of Mankind

Jesus Christ was born into humble beginnings, he came to fulfill the Law of Moses, to announce the coming of Gods Kingdom of God, which would facilitate the liberation of man from the kingly authority of sin and death. Jesus finally died a sacrificial death, as a righteous human. Here we need to take notice that Jesus sacrificial death, as a righteous man, had everlasting benefits, for the entire human family of unrighteousness ones. We understand from the written record, in the Bible, that at the time of man's death, the corrupted spirit, within man, corrupted by Adams transgression, which operated in man until his death, returned to God who gave this spirit. This must be so, because spirit cannot die and all spirit is one spirit with God. Therefore, the righteous Spirit, of the righteous man Jesus Christ, also returned to Universal Mind, or God, at the time of Jesus sacrificial death. That Spirit was now Gods to give to anyone on the basis of faith in the ransom sacrifice of Jesus righteous life, the life Jesus had as a man, while on earth.

Jesus Holy Spirit Returned to God

at Time Of His Death

This Spirit, which returned to God, at the time of Jesus sacrificial death, was Holy and Righteous Spirit, which has the power to give life, righteous life, to anyone on the basis of faith. This was of enormous value to God and of life changing benefit to mankind, because, by means of this Spirit and on the basis of the Law of Compensation, anyone, who exercised faith in this arrangement of Universal Mind, could be given imputed righteousness and everlasting life.

True Faith Can Bring Everlasting Life

This is an amazing arrangement that can change consciousness with man, on the basis of faith in the ransom sacrifice of Jesus righteous life. Changed consciousness can have far reaching consequences for the good of mankind. Here, we want to remember that it was changed conscious, at the beginning of man, that resulted in man being ousted from Gods favor. Now, we have a reversal of man's consciousness, from a consciousness of lack and limitation and a belief in two powers, to a consciousness of super abundance of good with everlasting life on the basis of a belief in One Power, God and good.

The Last Adam, Jesus Christ, Was To Die For Us All, To Give Us Life

This change is now in reach of the whole of mankind on the basis of faith. The scripture states that man needs to read the Word of God, or the word of Universal Mind, the Bible, often, in order to cultivate faith in the things read, which is the promise of salvation of mankind. The things read are the things about Jesus Christ, the Last Adam, who gave his righteous life as a sacrifice in order for man to obtain righteousness, by faith. This will lead to believing that it was necessary for Jesus Christ to die in order for many to be brought to righteousness.

By Faith You Are To Be Baptized

This is the process, leading to righteousness with God and to everlasting life on the basis of faith and a changed consciousness. You are to take in accurate knowledge of Jesus Christ, of the prophecies of his coming, his birth, his baptism, his ministry and finally his death. When you have come to believe that it was necessary for the Christ to die and to give his life as a ransom, for many, then you are ready to get baptized in the name of the Father, God, the Son, Jesus Christ and in the name of the Holy Spirit.

Infinite Spirit Gives His Spirit to you, Which Spirit Was Also in Jesus Christ

The benefits of this baptism are many, indeed. First of all you understand that the Christ died with reference to the sins of the world of mankind. Then, you in faith also die with reference to your own sins, by going under the baptismal water, to be fully submerged in imitation of the baptism of Jesus Christ. You believe that by doing this, God, or Infinite Spirit acknowledges that you have died and a person that died is acquitted from all his sins. Your spirit, which is from Adam, returns to God who gave that spirit at the time of procreation, by means of transference. You are submerged under the baptismal water, and there, you are now without spirit, but for a moment. Now, God gives you His Spirit, which Spirit was also in Jesus Christ. This Spirit, that was also in Jesus, is the Spirit that returned to God at the time of Jesus sacrificial death, it is now with God to give to anyone on the basis of faith. You have now received the Spirit, which Spirit was also in Jesus Christ, on the basis of faith in the ransom sacrifice of Jesus righteous life.

By The Law Of Forgiveness You Are Kept Clean Before God

In order for you to be clean, after your baptism, God also gives you of His Undeserved Kindness, which is in compliance with the Law of Forgiveness mitigating the Law of Consequences. By this Undeserved Kindness, or by forgiveness, you become conscious of being clean, because the Undeserved Kindness mitigates the Law of Consequences. Any unintentional sin is thereby covered, and therefore, you become conscious of super abundance of good. You are conscious of being a new creation, being clean and righteous, indeed.

You Are Set Free From The Kingly Authority Of Sin And Death

We want to remember that we become children of God being Holy by the Spirit, within; we are therefore, no longer conscious of sin. We have been set free from kingly authority of sin and death, and now, we have become conscious of the Undeserved Kindness of God. This new consciousness leads to peace and poise with love and goodwill, and that will make us happy and conscious of having the Spirit of the Christ, within.

See Yourselfs The Way God Sees You And That Is Clean

We need here to remember that we are being taught by

the word of God, to see ourselves the way God sees us, and that is, always being clean and Holy. This understanding will help us to embrace changed consciousness, from a consciousness of sin and death, with lack and limitation, to a consciousness of super abundance of good. By this transformation we see what God sees and that must be one power, God and good. Everything else, which we have previously created, is nothing more than an illusion, which is rooted in error.

We Have Received The Spirit Of God, Which Spirit Was Also In Jesus Christ

By this transformation of consciousness, we have become a new creation, being born of Water and Spirit. The Spirit, that we have received on the basis of faith, is not the spirit we had from Adam, no, this Spirit is from God, which Spirit was also in Jesus Christ, when he walked the earth as a perfect man, among the Jews. By this Spirit, within, we are walking as the progeny of the Christ, as the offspring of the Last Adam. This is the one that is identified for us in Isaiah chapter 9, where the Last Adam is referred to as the "Wonderful Councilor, Eternal Father, Prince of Peace and Mighty God" and we are from Him and we are like Him and we have the power from Him by means of His Spirit, leading to do what is good.

Walking As Seeing The One Who Is Invisible

Now, we are walking as seeing the one who is invisible. We are walking, as Christ Jesus also walked, when on earth as a man, but, indeed, being from Universal Mind, or God. Let us walk in humility with lowliness of mind with the understanding that we have an abundance of peace and poise, with love and goodwill and by this we are able to dissolve all negative thought vibrations. We are clean and Holy as the Christ also walked, we are walking as children of Universal Mind, or God, and He loves us as his own. In fact, we understand that Infinite Spirit, or God, loved us first when we were in darkness mentally and alienated from the life that belongs to the light.

Believe In One Power, God and Good

Let us continue to walk in the belief of one power, Infinite Spirit, in God and good, with a consciousness of harmony with God and super abundance of good. Thereby, we have gained access onto the Plane of the Absolute, the God Plane, where there is no lack and no limitation; and everything we ask of Him we shall also have, because we asked it of Him in faith.

ONE POWER CONSCIOUSNESS - MEDITATION

Notes:

Chapter 4

The Wife Of Lot

Remember The Wife Of Lot

Some of you, who are inclined to read this book, are subject to this timely reminder, to 'remember the wife of Lot'. There are over two billion of us, who claim to belong to the Christian faith, and these are not the only ones in need of this reminder. Humanity as a whole needs to become one power conscious, and thereby, get to know the One that loved us first. This is Universal Mind, or God, who, while we were yet in darkness mentally and alienated from the Light that belongs to the Life, gave His Only Begotten Son, as a propitiatory ransom sacrifice, for our sins. We in turn are encouraged, to get to know God, and learn to love God, His Christ and our neighbour as we love ourselves. This love must be firmly rooted in the belief of one power, God and good.

This Knowledge That Can Preserve Alive The Owner

In the days of Lot there were calamitous days, which Lot and his Family had to face. Lot had departed from the company of Abraham and Lot chose the more fertile area of the Jordan River valley, the Land, which is known today as Palestine or the Land of Israel. Lot finally settled among the people of Sodom and Gomorrah and it was there that two young and good-looking men, the messengers of the true God, visited Lot.

Preservation Of The Righteous

The two men were messengers of the true God and they took up lodging with Lot. Sodom was a prosperous city, however, the inhabitants of the city were sexually depraved. The men in that city preferred to have intercourse, with other men, and they practised a form of sex that was inappropriate and the practice of this form of intercourse was a grave sin. This was the environment in which Lot dwelled with his wife and two daughters.

Lot Refused To Violates His Hospitality To Strangers

The visitors were welcomed in the traditional way and they took up lodging in Lot's house, and there, they were entertained in a traditional way. When the townsfolk came to know of the presence of the visitors then they came and requested the release of the two men in order

to have intercourse with them. Lot, on the other hand, was not prepared to violate the hospitality offered to his guests. The final outcome was plain for Lot; he refused to allow his guests to be violated in a sexually depraved way. This action attracted God's blessing.

God Had Judged The Inhabitants of Sodom and Gomorrah TO BE destroyed

The two men that visited Lot made the purpose of their visit clear, and, they stated that God had taken note of the deprave condition that were prevalent in the two cities of Sodom and Gomorrah. These two cities, and their inhabitants, were about to be subjected to natural destructive forces, because there was no one in needed of salvation, except Lot and his family. The handsome visitors were in fact messengers from God, and they had come to warn Lot and his family of the imminent calamity, which was about to befall the cities of Sodom and Gomorrah. God had favoured Lot and his family with salvation.

Gods Ordained Salvation Always Requires some Sacrifice

The destruction would did come upon the two cities and it destroyed the city and its inhabitants, because of the prevailing depraved conditions. There was no time to be wasted, because the destruction was imminent. In that day, Lot took his wife and the two daughters and they left Sodom, led by the two messengers, to find shelter in the nearby town, the town which was to be spared from the impending destruction. As instructed by the messengers, they took none of their belongings with them. Here we need to understand that Lot's family was well off and they had a good life with many of their belongings, which they were to leave behind. This was a sacrifice, which Lot was expected to make, on the basis of faith, in order to gain salvation in the light of the impending calamity.

Obedience to God Given Direction Are Essential For Salvation

According to the instruction, by the two messengers, Lot came to understand that the survival of his family required of them to follow the explicit instruction given by the two messengers of God, it required faith. The instruction given by the two messengers of God, which was given to 'Lot' and his wife, was not to stand still and not to look back. Lots wife desired to take some of her favourite belongings with her. But, the messengers of the true God stated clearly that none of their belongings

were to be taken along with them. They were warned again, not to take anything along on their way to the place of safety, and they added, that; they were not to stand still and not to look back while on the way to safety.

Lot's Wife Looked Back

After leaving the city, and under the guidance of the two messengers, they reached safe ground. Thereafter, Lot's visitors parted company with Lot and his family, and they were not to be seen again. Sudden destruction came upon the two cities, as was indicated by the messengers of the true God. It rained down fire and sulphur and destroyed everything, the cities and its inhabitants. As they continued to walk to safety, it was the wife of Lot that looked back and she instantly suffered destruction and she became as a pillar of salt.

Seeing Only God And Good Brings Salvation

Some may think that this was a very severe punishment for such a nominal error? However, we need to be careful to pass judgment on this situation. We have to remember that Lot and his family had received Gods protection during their journey to safety to the nearby

mountains and to the city of refuge. That protection was not without a precondition; it required obedience by faith, to the command from the visitors, not to look back. The salvation from God, in this regard, was based on obedience by faith, acting upon the instruction given by the two messengers, thereby, seeing only God and good.

Explicit Compliance to Gods Command Was An Act Of Faith

This command, not to look back, may seem strange when they were already on the way to safety. However, Lots and his daughters life was spared not because they were righteous but because of Gods mercy and Gods imputed righteousness on the basis of faith, which Abraham, Lots brother also had. This action, on Gods part, to provide safe passage to the mountains required explicit compliance, on the basis of faith, to prove they were worthy of Gods protection, because faith works out righteousness with God. Therefore, the command was given not to look back, which required obedience by faith. This was not the time to reason on the rightfulness of the command from the true messengers of God. It was the time to show obedience by faith, believing in one power, God and good.

Lot And His Wife Were Believing In Two Powers, God and Evil

God operates on the Plane of the Absolute, the God Plane of existence. Although we understand that Lot was conscious of two powers, God and evil, good and bad. But while under the protection of God, there was for them only one power, and that was God and good. In addition to the above, we also have to realise that Lot and his family were under instruction not to look back, which required obedience by faith. With the powers, which were at play, it should have been unthinkable to disobey Gods command; this should have manifested in actions of faith, which can preserve alive, its owner.

We Have To Learn To Believe In Only One Power, God And Good

Lot and his wife were expected to act in faith and not according to reasoning, or according to their emotions or by forced desire. That kind of desire was misplaced, because it was based on a belief in two powers, God and evil, and that belief was in support of a lack mentality and a lack mentality was a sinful thought form, and therefore, that thought form would have made Lot and his family unclean. During that journey to safety, they were under the protective power of God, and obedience

by faith was the minimum requirement. Obedience, as in the case of Lot and His wife, would bring righteousness with God. Lots wife failed to appreciate Gods way of doing things, by placing her desire and her reasoning ahead of the God given directions. As a result of putting her desire first she paid the ultimate price for her error, according to the Law of Attraction, Lots wife could attract the good or the bad, it depended on her thoughts. However, Lots wife attracted destructive power, which was based on fear, which she experienced when looking back, and thereby, seeing the fear inspiring destruction of Sodom and Gomorrah. This is a most powerful reminder to all of us, as we are facing a much greater destruction, during the final part of the fall of this wicket system of things.

We Have To Learn Form Lots Wife's Error

What has happened to Lots wife is a stark reminder to all of us to see our situation in the right light, in the light of revealed truth and understanding. We are entering a calamitous period of an even greater magnitude than that, which came upon the cities of Sodom and Gomorrah. We are to take note, because God will again provide safe passage for his people through and during the destruction of this system of things. We would be wise to consider this account in greater detail. The time

will come, and it will be sooner than we may think, when humanity as a whole will face a calamitous situation of a much greater magnitude than what took place in the day's of Lot. Having witnessed the prophesised destruction of the religious Harlot, Babylon the Great, according to the written Word found in the book of Revelation, the way is clear for the destruction of the political powers, which are in opposition to Gods Kingdom.

Belief In God and Evil Cannot Please God Well

The whole world of mankind is under the Karmic Law; you reap what you sow. We can also say that they believe in two powers, Good and evil. This belief system cannot please God, because it is based on two powers of good and bad. However, bad is nothing and it can only exist in the vain imaginations of fallen man. Therefore, those who have Gods blessings, the Holy ones of God, who have died in the Lord, their belief is in One Power, of God and good. They are single minded and they are in harmony with the Father, God. That belief, that faith is going to be put to the test in the case of each one of us. Therefore, we need to know the Father and that knowledge must lead to strong faith, a faith that can preserve alive it's owner.

We Have To Be Single Minded To Belief In Only God And Good

This will be a time when the Holy ones are seeking safety on the basis of their faith. We have to be clean and Holy and be obedient to the commandments of God and have the faith of Jesus Christ. We have to be absolutely single minded, because we are under the direct protection of God and of His Christ. That would mean that we have to believe and act unswervingly in support of one power, God and good, and that must manifest in a consciousness of One Power, God and good, which will manifest in a solid and unwavering faith.

Attract The Smile Of Approval Of The One Who Judges In Righteousness

That time is not a time to look back longingly and with strong desire for the things left behind? Nor do we want to be looking back in fear of the destruction of this system of things as though there may be any benefit in doing this. Rather, we want to be like our Father, God, knowing only that, which is good, Holy and righteous. Seeing only God and good will attract the proverbial smile of approval of the one who judges in righteousness. Looking back, at that time, to the things left behind is

nothing more than a gross lack of faith. Behind us is a failed system of man made rules, which is based on the belief in two powers, of God and evil and that belief system makes all humanity unclean and unfit for purpose. Let us make sure that this lack of faith may never manifest in anyone of us, who have the faith of Jesus, as we face this inevitable time of destruction. We want to understand and have the faith, by means of which we see only the splendour, the beauty and the glory of One Power, God and good. This faith will then lead us to accept the place of safety, which is Gods Kingdom, with Christ as King. The radiant manifestation of glory and the brightness of the eternal light that radiates from our Eternal Father, God, which is manifest through Christ Jesus, our Lord, will lead us to fountains of water of life.

*Victory Belongs To Those Who
Have The Faith To Preserve Alive
its Owner*

This will prove to be a time of splendour and glory never seen before, and the joy will be ours, as we behold the kingdom of God, and that of His Christ; opening for us the proverbial doors into the Kingdom of God. We will be there to see it. This is victory day for all those that have the faith to preserving alive its owner. We, the survivors of this system of things, have the prospect never

to die at all. This will be the unforgettable time of joy, glory and victory for all the forces, which are manifest in the power of God, the Almighty. May we prove ourselves to be ready and face this time with unswerving faith and with the Spirit of the Christ, within, and this to Gods praise and everlasting glory, even forever?

Never Walk By Sight But Walk By Faith As Seeing The One Who Is Invisible

Let us keep close in mind and always remember the wife of Lot, the account, which has come upon us as a warning example, to keep on walking in faith and not by sight, or walking by the use of our reasoning faculty. We want to walk by Spirit, walking as seeing the One who is invisible. This is faith, which is based on one-power consciousness, and that faith will win in that day. Never do we want to waiver in a lack of faith, but become powerful by the Spirit, within, which Spirit is from God, and that Spirit was also operative in Jesus Christ, our Lord. Let us move ever forward to receive the reward of life and having life in abundance and that into all eternity, even forever. Do not forget the wife of Lot, who serves as an everlasting reminder of the consequences of failing to see only God and good. Looking back in fear or looking back longingly for the things left behind only indicates a gross lack of faith and a belief in two powers,

of God and evil. As for us, there is only one power and that power is manifest in God and good.

Blessed are all those that read these reminders and learn from the calamitous consequences of a lack of faith. From the sea of faithful mankind, God will finally have selected the proverbial bride of Christ. This bride of Christ is made up of 144000 loyal Christians. Their destiny is to rule over resurrected mankind on earth from their heavenly abode, with Christ, as associated kings and priests. It is their privilege to bring resurrected mankind to physical, spiritual and moral perfection and this to Gods everlasting praise and glory. These 144000 faithful Christians make up the Bride of Christ.

ONE POWER CONSCIOUSNESS - MEDITATION

Notes:

Chapter 5

By One Power

One Power Consciousness

Humanity needs help and we are under no misconception as to the times and season in which we live. Much has been written about the problems, which we face as a global community, but with little change in the offering. There are the politicians, the financial gurus and the religious teachers of this world, all talking about change, but there seem to be no resolve to move in a positive direction of real change. This book provides a new way of addressing the core problem of human society. We are talking here about changed consciousness, a subject not widely addressed by those who are perceived to be in the know.

The Law Of Consequences Manifests In Good And Bad

The world, as we have come to know, has been dominated by lack and limitation, from the beginning, leading to every spiritual, mental and physical illness including anxiety, fear, crime, violence, war and death. Indeed, a very serious and widespread problem affecting us all. Collectively we have bought into the two-power concept also understood to be the Law of Karma, you reap what you sow. We also know that the Law of Karma is known to us as the Law of Consequences. Every good we undertake, and every bad to which

commit, has consequences on human society as a whole, working out the good or the bad.

Why are we concerning ourselves with this notion? Is there anything that we can do to change the world in which we live, or change the status quo? Most of us would argue that we are powerless to change the present system of things. That attitude is confirmed by the organization and human structures, which we have created, in order to conduct human affairs successfully and to the best of mans ability, or so it is meant to be. However, we see a development in human understanding that questioned almost everything, which is and has been said and done to this day.

We Are Free Moral Agents

In order to bring lasting and positive change to human society, we need to look at the very beginning of recorded history. We have to consider, first of all that we need a basic understanding of who and what we really are and learn to understand human nature in the out-working of Gods purposes. We have come to understand that we are free moral agents in the world of living organism. This expression, 'free moral agents', underwrites our understanding of right and wrong and of good and bad. By these concepts we are separated from the rest of physical life. As we consider life in general, as perceived by the human mind, we have to

admit that all life can be grouped together on differing planes of existence.

We Need to Consider At Least Four Planes Of Existence

These planes of existence, of inanimate and animate living things, can be considered to be on 4 planes of existence. There is the inanimate plane of existence, where we find things that have been formed over time consisting of matter. We understand that matter is formed from subatomic particles, electrons, protons, neutrons and atoms. Atoms in turn are grouped together to form everything we see in the physical manifestation of inanimate things. That would include minerals, chemicals and gases, which we find on earth, our planet, and that could be extended to include the universe with its billions of stars, galaxies and constellations. All things are created by thoughts and the greatest thinker is Universal Mind, or God.

All Living Things Are Limited To Their Plane of Existence

Then there are a further three animate planes of existence, where we find plant life, animal life and Human life. Here, it is good to note that on these three planes of existence we find living organisms, existing with

the ability to evolve, under certain circumstances, in order to survive. By evolve; we understand this to mean changes to species within the respective plane of existence, in order to allow the species of living things to adopt for it to survive. Never have we observed any life forms, which exists on a lower plane, being able to breach the upper boundary to the next higher plane of existence. On the other hand, we can also state that this limitation applies also to the lower boundary of existence. This can be understood to mean that plant, animal and human life forms remain, so to speak, trapped within their respective plane of existence. No evolutionary force can change this limitation.

We Are Creatures Of Thought And Reason of mind

From the above we have learned that there is order in the arrangement of life and that would mean that there must be a higher power, a higher intelligence that is in control of all living things, including inanimate manifestations. Having said this; we can now proceed to look at man, in particular, as a living species of creation. We are indeed creatures of thought and as such we reason and generate thoughts, within our mind. In consideration of these facts, we come to the conclusion that we must have had a beginning. Here, we do not want to yield to arguments of where we are from and how we have come to be. It serves us well to accept the

95

notion that we had our origin in super intelligent Mind, which is God, who created both man and woman. The greatest book ever written states, that: man has been made in the image and likeness of God.

Man Is A Thinker And He Creates By Thought Generated in Mind

We are making this statement on the basis of higher intelligence, having mind and thinking ability as well as having the ability to utter intelligent speech and communicate intelligently with other humans. From the only credible record of human origin, which is found in the greatest and oldest book ever written, the Bible, we understand that we are from God and made in His image and likeness. This makes perfect sense, since we are thinkers and we create by thoughts generated in our mind. There can be no comparison with the animal creation, although animals are indeed, a product of creative mind and spirit, however, they are in no way godlike intelligence, made in Gods image and likeness. This we are stating as an absolute, as a fact.

Godlike Creature, Man

Man, like God, creates by means of thoughts generated in mind. Since all spirit is one Spirit with God and all minds are one Mind in God, life thereby comes about by the operation of differentiated spirit, which is from God.

All mind is, therefore, also differentiate mind, which is one Mind in God. Mind is the seat of memory, reason and consciousness. Mind is kept functioning on the basis of the operating principle of Spirit, which is differentiated Holy Spirit, from God. In order to support Spirit, operating in man, man has to eat food and that food has spirit within, which operates in plant and animal life. This helps us to understand that all life forms exist in support of each other. Together we are making up the cosmos. But man, who is alienated from God, is no longer in harmony with God; because of the corruption of the spirit of man, resulting in lawlessness.

The Laws Of God Operate For The Benefit Of All Creation

At the beginning of man, God declared that everything he has made was very good, and fit for purpose, and that included man. However, man made in Gods image and likeness, was in fact a Son or Daughter of God with a physical body, representing the fleshly man. In order for man to be fit for purpose, as a Son or daughter of God, man had to learn and understand and be compliant with the laws operating within the universe. These Laws are working for the benefit of the greater whole, and thereby, they are of paramount importance to God and to man. Man had to know the workings of universal laws and comply with these laws for the benefit of the greater whole.

At The Beginning, There Was The Tree Of Life And The Tree Of The Knowledge Of Good And Bad

Man, at the beginning was created perfect, without a blemish. However, his creative ability had to be in compliance with Gods creative ability and also with God directed limitations, his will and purpose. Here we need to understand that certain knowledge could only come to man after he was formed from the dust of the ground, and thereby, man would become a godlike thinker. This was to be so, because compliance with God directed limitations would make man fit for purpose. For this reason man was subjected to basic principles attached to two trees at the beginning, which were indicated to man by God, which were being placed in the middle of their garden home, in Eden. There was the Tree of Life and there was also the tree of the knowledge of good and bad.

Becoming Conscious Of Having Everlasting Life Would Have established an Absolute

Here we want to show insight and understanding that the Tree of Life as well as the tree of good and bad were game changers. The purpose of the Tree of Life was in

fact designed to give man life-consciousness. By eating from the Tree of Life, man would have changed consciousness from having life to being conscious of having everlasting life. What do we understand by life-consciousness and what does this mean for man? Life-consciousness indicates, that the perfect man Adam and Eve, were conscious of being from God, but not as yet being conscious of having life, within. They had life in abundance, which was in support of all the good they desired, but life-consciousness was another matter. Consciousness is belief and life-consciousness is a belief of having eternal life, within, or having everlasting life. By eating from the Tree of Life, they would have become conscious of having received the knowledge, which would give them a consciousness of everlasting life, apart from just having creature life; that consciousness of everlasting life was to be a gift from God, coming to them after eating from the Tree of Life. This gift of having a consciousness of everlasting life would have entered their mind as a God given absolute, which was an unchangeable statute. This statute from God would have changed consciousness in Adam.

Man Failed To Become Conscious Of Having Everlasting life

However, the record in the Bible indicates that Adam and Eve failed to avail themselves of this privilege of changing consciousness by not eating of the fruit of the

99

Tree of Life, and thereby, failing to becoming super conscious of life. Instead, they paid attention to another tree, which was the tree of the knowledge of good and bad. They kept on looking, with desire, at the tree, because they saw that the fruit of the tree was good for food. They failed to discern the God intended understanding of universal Principle, requiring obedience by faith, which would have caused Adam and Eve to reject any temptation to violate Gods prohibition. They failed to see the wider implication to the human family, and that was the God given understanding that eating from the tree of the knowledge of good and bad would lead to their death. Here again, this prohibition from God was an absolute, and it had to be obeyed by faith and not by reasoning. However, the reasoning, they engaged in, was on the basis of eating or not eating of the fruit of the tree of the knowledge of god and bad. A transgression of a God given command would render Adam and Eve unfit for purpose, leading to their deserved death. By their reasoning on the right and wrong of eating from the proverbial tree of the knowledge of good and bad, they changed consciousness.

*By Life Consciousness, Man
Could Have Cursed The Tree And
The Tree would have died*

The right thing for Adam and Eve to do was to ignore

the tree of the knowledge of good and bad, on the basis of faith, and pay attention to the Tree of Life. By this action man would have been in a perfect position to become conscious of power, and thereby, they would have been in a position to curse the tree of the knowledge of good and bad and then the tree would have withered and died. The issue of good and bad would have come to its native nothingness. Bad is nothing and it can always be destroyed by an additional good. Man, if he had become life conscious, would have been perfectly positioned to reject any temptation coming from the limitation attached to the tree of the knowledge of good and bad. They would have become conscious of power and of super abundance of good on the basis of love.

Man Failed To Act In Faith, and thereby, He became Unfit For Purpose

As it turned out to be, man failed to act in faith, in respect of the tree of the knowledge of good and bad; instead, man cultivated desire for the fruit of the tree of the knowledge of good and bad. Man reasoned on the right and wrong or the good and bad of the fruit of the tree of the knowledge of good and bad. Man cultivated strong desire for the fruit of the tree. However, man was perfect, and therefore, he was unable to transgress. He

had to prove to himself, by means of reasoning, that eating of the fruit of the tree of the knowledge of good and bad would be good for him. Man failed to acknowledge that a command from God is always for the benefit of man and that benefit would come to man through Gods love. It is unthinkable for God to do or to desire anything bad, because bad cannot enter into the presence of God. Bad is not supported by principle and therefore, bad can always be destroyed by an additional good. That good was to come to Adam and Eve through the Tree of Life.

Eve, By Reasoning Created an Illusionary Mind Creation, In The Form Of The Speaking Serpent

The only way man could convince himself, what he was about to do was good, was by creating a secondary power. This secondary power came to man as a product of strong desire, directed in wrong channels of thought. It must always lead to chaos. This took place when Eve, by reasoning and strong desire, created a speaking serpent by means of an illusion, which is a mind creation. Through this speaking serpent, which was a product of Eve's vain imaginations, the speaking serpent appeared. Here we want to remember, that only eve saw and communicated with this, so called, speaking serpent. Through this manifestation, Eve entered into dialogue

with the serpent, being a newly found intelligence, in order to become convinced that eating of the fruit of the tree of the knowledge of good and bad was, in fact, good for her.

Eating From The Tree Of The Knowledge Of Good And Bad, They Changed Consciousness

After being convinced of the rightfulness of her desire, Eve ate of the fruit of the tree, and instantly, Eve changed consciousness, from a consciousness of abundance of good to a consciousness of lack and limitation. Later that fateful day, Eve also gave some of the fruit of the tree to her husband, Adam, and so he ate. That Adam and Eve changed consciousness becomes clear as we consider the written word of the creation account in the Bible. Adam, after the transgression, was hiding from God, because he was ashamed realizing that he was naked. Then God answered and said: who told you that you are naked? Have you eaten from the fruit of the tree of which I told you not to eat? From that day, Adam and Eve become unfit for purpose, due to consciousness of lack and limitation. They lost their Holy standing before God.

Globally, Mankind Continued To

Suffer From A Consciousness of Lack and Limitation Until Today

This is the legacy of man, from the beginning, and that legacy has continued until this day, where we observe a global human society bend on a lack mentality. In fact, we can state with a measure of certainty, that everything that has been created, by man, in this world, has been created on the basis of a lack mentality, and thereby, man prove to himself that everything he created is unfit for purpose, it will not be able to stand, it must come to nothing.

Belief In Two Powers, God And Evil or Good And Bad

What has taken place in Eden is the creation of a belief system, which is based on two powers, God and evil, good and bad. The world as we see it, is founded on a belief in two powers, which, by itself, proves that we have limited this system of things to the creation of good and bad. In respect of the universe, including the earth, this belief system cannot be the foundation of a lasting solution for mankind. It cannot stand the test of time.

The Last Remaining World Power Must Remain Until Its certain

Destruction

We have seen the rise and fall of great world powers, such as the Babylonian World Power, the rise and fall of Alexander the Great, of the Grecian World Power and also the rise and fall of the Roman World Power. According to world events affecting us today, we live in the time of the last world power, the Anglo-American World Power, which until this day has never been defeated and it must continue to play its role on the world scene until its destruction by the Kingdom of God.

We Have To Change To Believe In One Power God and Good

In the meantime, world events keep on unfolding and mankind continues to build on the belief system of two powers, God and evil, or good and bad. This Status Quo will shortly be rocked to its foundation and the belief system, believing in two powers, must come to a sudden end. Therefore, the time is now, to take appropriate action on behalf of oneself and of those we love. The only way out of the inevitable demise is changing our belief system, our consciousness. We, however, have to change and we have to believe in One Power, God and good.

We Cannot Change The World, We

can Only Change Ourselves

How are we to make the necessary changes in our belief system, and thereby, preserve alive its owner? We need, first and foremost, to overcome our ignorance, which keeps us in bondage to the powers that operate on the world scene. These are the governments of this world and the large corporations who have no desire to see any one of us become enlightened thinkers. They belong to the so-called Illuminati, the enlightened ones, and they are happy with the status quo. All we can do in the meantime is to change ourselves and that will require insight into the deep things of God. Lasting Change can only come by faith and by Spirit, because Spirit is truth.

Come And Understand Destiny By One Power Consciousness

However, you, the one with little faith, you are not invited by the Illuminati, to have a sharing in the privileged standing and perceived destiny of the Illuminati. You do not qualify to share in their perceived knowledge and understanding of the world in which we live. You are expected to keep your place of ignorance with limited understanding and limited knowledge of the deeper things of life. However, this is about to change, as you continue to read publications, like this one, and come to understand destiny, which is by means of One

Power Consciousness. This understanding will break the chains of ignorance. Come and let us continue in our quest for life.

You Have To Change From Two Power Consciousness To One Power Consciousness of God And Good

According to the laws governing the universe, the belief in two powers, God and evil, or good and bad, has no future and must pass away off the world scene, in defeat. The present belief system cannot bring change, it can only continue to keep you hostage until that day when this system has outlived its purpose. This pivotal date is now very close at hand. You, the reader are the privileged one that can effect the changes that can preserve alive its owner. You have to change consciousness, from a consciousness of lack and limitation and a belief in two powers, of good and bad, to a belief in One Power, God and good.

This Is The Way To Lasting Success.

The universal Law of Compensation must be complied with in order to affect lasting changes in humanity. This law states, that; a righteous life that has been lost, by whatever means, must be compensated by means of

another righteous life. This must be so, in order for Gods will toward mankind as a whole to be fulfilled. We want to be clear; God must here be understood to be Infinite Spirit, or Universal Mind. Gods minimum requirements is the same as always, everything must finally be very good, it must come to pass and it must be in harmony with universal principles. For that reason, change must come for the betterment of mankind, as a whole.

Two Powers Were Created By The Illusion Of The Speaking Serpent

At the beginning, man fell from an approved standing with God, when by his own will, man created an illusion, manifesting in a new power, in the form of a speaking serpent. There can be no speaking serpent, as we have learned, animal creation cannot breach the upper boundary of the plane of existence. Therefore, the speaking serpent was nothing more than an illusion and a thought creation of Eve. That illusion had its origin in a power in opposition to God-power. Man created this illusion, and he facilitated and gave life to that power, although in fact the power of bad is nothing at all, because the power of bad can always be destroyed by an additional good. Here we have two powers, God and good, on the one hand, and the powers of evil and bad, on the other hand.

Religion Purposed To Worship The God, Man Made For Himself

Man suffered from that fateful day unimaginable mayhem and hurt, and the power of bad, which always led to corruption and more bad, continued until death brought the relief that was desired. Religion became manifest, in order to worship God, the God, which man has created for himself. Then, after a long time, and through the nation of Israel, God enacted the laws that were delivered to that nation, through Moses, their leader. Through the nation of Israel, the Messiah was promised. This took place over a period of 483 years. The Messiah made his debut on earth on time, born of a Jewish virgin, being part of the tribe of Judah.

The Law Of Compensation Was Given By God For The Way Of The Coming Of The Messiah

This birth of the Messiah, or the birth of Jesus Christ, was in compliance with the Law of Compensation, a life for a life. This coming of the Messiah was necessary in order to do away with sin and error. Mankind could not continue to exist in the righteous universe, being a creature of sin and error. Sin and error had to be removed for all times, if the universe including the earth is to be the everlasting home of man, according to Gods

109

will and purpose. The righteous compensator, the Christ, was the promised Messiah, who was and did change mans consciousness. The consciousness of lack and limitation, and the belief in two powers, had to be changed to a consciousness of super abundance of good, with a belief in one power, God and good.

Christ Jesus Came In The Likeness OF Adam's Flesh, He Was Man

Let us follow through and see the drama unfold before our very eyes. Christ Jesus continued on earth in his ordained role, for a predetermined period of three and a half years, and then, he would willingly lay down his life in sacrifice, for the sins of the whole world of mankind. By this sacrifice, the Christ died as a righteous man who came in the role of Adam's flesh. Christ was not God in the flesh, as some may believe, rather, the Christ had to be and he was and is the Son of God, being of the same flesh as that of Adam's, our forefather, according to the flesh. This was necessary, in order for the sacrifice to have value and satisfy justice, in the presence of God. Christ had to be fully man and fully Son of God as Adam also was the same at the beginning.

The Spirit That Operated In Every Cell Of Christ Jesus Body,

Returned To God Who Gave It

Jesus Christ had fulfilled all the scriptural requirements of God, at the time of his sacrificial death. Jesus breathed out his last breath, when he was nailed to the stake, and the Spirit that operated in every cell of Christ Jesus body left the body of the Christ, at death, and returned to God who gave that Spirit. This Spirit, which was in Jesus Christ, caused Jesus to be a living soul, until his death. This Spirit that was in Christ, which was Holy Spirit, is now with God. The Christ Spirit, which is now with God, God is now willing to give to anyone on the basis of faith in the ransom sacrifice of the righteous life of Jesus Christ. The fleshly body of the Christ has died, but the Spirit of the Christ, being righteous and Holy, cannot be destroyed. That Spirit returned to God, who gave it at the beginning.

You Are To Take In Knowledge of The Christ and Be Scripturally Baptized By Water Immersion

That spirit, which was in Jesus Christ, is suitable to be given to man, and that on the basis of faith. This is the faith that can preserve alive its owner. You are to take in knowledge, of the life of Jesus Christ and exercise faith, that he is the promised Messiah. He has supplied his own righteous life as a ransom sacrifice for the salvation of the

human race. Therefore, after you have acquired adequate knowledge and faith, in the ransom sacrifice of Jesus Christ, you are invited to display and act upon this faith, by getting baptized, being fully submerged under the baptismal water. You are to be baptized in the likeness of Jesus death, by dying an anti-typical death with reference to your own sins, in the name of the Father, the Son and the Holy Spirit.

What does this mean, being baptized into the death of Jesus Christ? You are to take note, and understand, that Jesus Christ died with reference to the sins of the whole world, of mankind. One righteous man died with reference to many unrighteous ones. You, by deduction, also die, in faith, at the time of your baptism, with reference to your own sins. This you accomplish by going under the baptismal water, fully submerged, and there you die with reference to your own sins, and this according to Gods will and purpose.

By Dying In The Lord You Receive God's Spirit

God's word states, that every person that has literally died is acquitted from all his sins, because that person has died. You, therefore, are acquitted from all your sins, because you have die with reference to your sins. Therefore, you have complied with the Law of

Compensation, because you have done this, on the basis of faith, and not on the basis of human reasoning, you receive from God righteousness, undeserved kindness and everlasting life. You are a new creation, born of water and Spirit, and you receive the circumcision of the heart by Spirit, which Spirit was also in Jesus Christ, our Lord.

You Are The Progeny Of The Christ

By your baptism, you experience a transformation into a righteous person, you are a Christian, having the Spirit of the Christ, within, the Spirit of which is from God and that Spirit was also in Jesus Christ. From that pivotal day on, you are the progeny of the Christ, and as such, you receive from God Grace or Undeserved Kindness according to the universal Law of Forgiveness. By this Undeserved Kindness of God, you are perpetually made clean and receive forgiveness of all minor or unintentional sins. In addition to the above, you also receive from God the proverbial white outer garment, which identifies you as deserving to go alive through the great tribulation and into the Kingdom of God, now so very close at hand. You are beloved, of God and you have received a changed consciousness.

Changed Consciousness will

Manifest In A Belief In One Power, God and Good.

This changed consciousness will manifest in a belief in One Power, God and good, and this by means of the Spirit, within. By this Spirit within, you have become aware that the Spirit of the Christ is dwelling, within, and the Spirit which was also in the Christ causes you to become conscious that bad has no power over you, bad is nothing, and bad can't exist where good appears. This 'good' has appeared, within, by the Spirit of the Christ, within. Therefore, you no longer believe in two powers, God and good or in evil and bad, because you no longer create what is bad, on account of the Spirit, within. You are Holy and you have changed consciousness, to a consciousness of super abundance of good.

Partaking of the Bread And The Wine, At The Memorial Of Christ's Death, You Are Partaking of the Anti-typical Tree Of Life

At the celebration of the Lords evening meal, at Nisan 14th, according to the Jewish calendar, which is taking place at the time of the celebration of the Jewish Passover, you are partaking of the unleavened bread and the unfortified wine, in remembrance of the broken

righteous body of the Christ and his she blood. This partaking of the unleavened bread is a token of the new covenant for the Kingdom of God. This action causes you to become Life-Conscious, and by this new consciousness, you have the prospect to survive the end of this system of things, never to die at all. You are a new creation, born of water and Spirit, you are the adopted Son or Daughter of God and you have an abundance of peace and poise with love and goodwill, and by this you are able to dissolve all negative thought vibrations.

Blessed Are You The One With Little Faith

You have changed consciousness, from a consciousness of lack and limitations to a consciousness of super abundance of good, having attained to Life Consciousness and a one power consciousness of God and good. Blessed are you, the one with little faith, to preserving alive of the soul.

What have we learned from this short meditation of One Power consciousness? We have learned that One Power Consciousness is a game changer. It causes us to be power conscious on the basis of the Spirit, within, the Spirit from God, which Spirit was also in Jesus Christ. We have been subjected, over the time of our lives, to a belief in two powers, God and evil, and that from the beginning, in Eden, and that belief has now changed.

We have become conscious of power on the basis of the new belief, in one power, God and good. That means we are able to accomplish anything that we desire and it must come about. We are happy, because we have taken possession of the perfect square of life, with health, wealth, love and perfect self-expressions. We have become conscious of our new identity by the Spirit, within. Our faith is radiant and strong, and we have come to understand the power, which is in support of our faith. This is the power of the Spirit, within.

The Law of Attraction has now special meaning to us, because we are conscious of being creators and Sons or Daughters of God, the Almighty. We understand that the Spirit, within, is uncorrupted Spirit and that Spirit does not know evil or bad. That Spirit, is from God the Father, which Spirit was also in Jesus Christ; it is Holy.

As regards power, we have come to know that unlimited power, to do what is good, is available to us. This causes us to be humble, indeed, because of the Undeserved Kindness of God, which perpetually shields us from the effects of unintentional sin. Any incidental sin is not counted against us because of the Undeserved Kindness of God, or to use another expression, our sins are forgiven in Christ, on the basis of the universal Law of Forgiveness and the mitigation of the Law of Consequences.

We are able to help our fellow man, by the Spirit, within,
116

and we offer comfort and hope to anyone on the basis of the love of God, expressed through the ransom sacrifice of the righteous life of Gods Son, Jesus Christ. This Son of God, has been raised to heavenly glory 50 days after Christ's resurrection from the dead. He is now a heavenly King, in waiting, to take up ruler-ship in the Kingdom of God. Jesus Christ will rule, as King in Gods Kingdom, over resurrected mankind here on earth. This ruler-ship is from heaven with the resurrected Christ and the assistance of 144000 associated kings and priests, which are faithful Christians, selected by God from the sea of true Christian humanity, who will be raised to heavenly glory as part of the first resurrection.

This is the hope of all humanity, all those that have died and those who are now in the common grave, these are now waiting to be resurrected by Jesus Christ, to live, not in heaven, but on a cleansed and restored earth. There, they will be reunited with their loved ones to enjoy life without sickness and death.

At the end of the one thousand year rule of Jesus Christ the King of Gods Kingdom, Christ will finally have brought the last enemy, death, to nothing. The prophetic word, recorded for us in the Bible, indicated, without a doubt, that at the end, Christ Jesus is destined to hand over all ruling authority to His Father, God the Almighty, so that all things may be all things to God.

Thereafter, all humanity will enjoy everlasting life.

Those of us, who are alive at the time of Gods judgment of the nations, who have not died during the difficult time preceding that day, we are the privileged ones to enter, alive, into the Kingdom of God, never to die at all. Some of us, the ones who have survived to that great day, have indeed the privilege to be chosen by our King and Leader, Jesus Christ, to become Foundation Stones in the Kingdom of God. In that capacity, we will have the privilege to be used as examples of faith to all the resurrected ones of mankind.

May we become humbled, and bend our knees in gratitude, as we perceive the glory, the honor, and the power of having received this understanding at this critical juncture of time. May all of us who have become conscious of one power, of God and good, be blessed as children of God and as the progeny of the Christ, the offspring of the Last Adam, Jesus Christ our Lord.

ONE POWER CONSCIOUSNESS - MEDITATION

Notes:

Chapter 6

Concluding Thought

A Reflection

Meditation is deep thinking and deep thinking leads to insight and wisdom. This is the wisdom; which is the knowledge that it was necessary for one man to die in order for many to be brought to righteousness. This is the wisdom of God and of His Christ. There can be no change, nor can there be any salvation, unless we understand the need for change, and thereby, desire change. This is the change we want to embrace, changed consciousness from a consciousness of lack and limitation to a consciousness of super abundance of good. This is the change that was part of the discussion between Jesus Christ and a member of the Jewish Sanhedrin, named Nicodemus. Nicodemus was a moderate leader of the Jewish people, and he searched out Jesus place, in order to question Jesus about the source of his power. Nicodemus met Jesus at night. The conversation was about Nicodemus acknowledgement that Jesus Christ must be from God, because no man can do the things Jesus did. Then Jesus answered and said to Nicodemus: 'You cannot enter and you cannot see the Kingdom of God unless you are born of water and Spirit'.

We Need Spiritual Comprehension

This was a difficult matter for Nicodemus to understand, and therefore, this is also a difficult matter for us to understand, today. We need spiritual comprehension to

grasp the things difficult to understand. That, of course, would require meditation and deep thinking leading to spiritual insight. Here we want to make sure that we not loose out on the important points of these thought considerations.

The Kingdom Of God Is Displaying Its Power For The Benefit Of Resurrected Mankind

We need to understand what this Kingdom of God really is. What the Kingdom of God is able to accomplish in the near future. The Kingdom of God is a righteous administration, under God control. It is displaying its power for the benefit of resurrected humanity; right here on earth where we know, the resurrection of the righteous and the unrighteous will take place. This is Gods purpose for humanity, as a whole, to be subjected to the love of God, and the love of His Christ and be brought to a righteous and holy standing before God, at the end of the 1000year Kingdom rule, over resurrected humanity, on earth. When it has been accomplished, then, after having conquered the last enemy, which is death, Jesus Christ will hand over the Kingdom of God, his Father, so that all things may all things to God.

From Heaven All Humanity Will Be Ruled In Love

The ruling authority of God is made up of Jesus Christ and 144000 Christians, taken from the earth and selected by God. These are to rule with Jesus Christ from heaven as associated kings and priests. They will have a heavenly resurrection, to live as spirit creatures, with Christ Jesus, as associated kings and priests. From heaven, all humanity will be ruled in love, and this to Gods praise and everlasting glory.

Our Calling Is To Be A Survivor Of The Coming Cataclysmic Event

In order to be among those who subject themselves under this ruler ship of the Christ, we must remain faithful and loyal to our calling. Our calling is to be a survivor of the coming cataclysmic events, now so close at hand. This means that we need to be Christians with a true Christian identity. We have to become conscious of having the Spirit of the Christ, within. This we can accomplish, by considering and following through with the process of our Christian baptism, in all its magnificence, and come to understand that it was

necessary for the Christ to die, in order, for many to attain to righteousness.

Our Christian Faith Can Preserve Alive Its Owner

In the discussion of this publication, we have learned to pay close attention to our Christian faith, which can preserve alive its owner. We have come to understand that to have this faith, we need knowledge and come to appreciate and understand Gods way of doing things. This must include coming to understand one power consciousness, of God and good, which comes to us through faith in the ransom sacrifice of the righteous life of Jesus Christ.

Now We Are Ready To Be Raised Up To An Approved Standing With God

This faith speaks like this; you have to take in knowledge of the many prophecies relating to the coming, the birth and life of Jesus Christ. We need to appreciate Gods way of doing things, because without understanding Gods way, in this matter, we will not be able to please God well. God sees us as his children, in the flesh, fallen indeed, but now ready to be raised up to an approved

standing with God, on the basis of faith. This faith speaks this way; you are to take in knowledge of the Christ and believe, that it was necessary for the Christ to die for our sins. You are to exercise faith, by going under the baptismal water, fully submerged, in order to die in the likeness of Christ Jesus sacrificial death. He, the Christ, died with reference to the sins of the whole world, and you, in turn, die with reference to your own sins. A Person that has died is acquitted from all his sins according to the written word of God. Thereby, you have been set free from sin and death, as you come up from the baptismal water, because your spirit, which was from Adam left your body and returned to God who gave it. You are without spirit, but for a moment, here, God steps in and gives you the Spirit that is from God, the Spirit of which was also in Jesus Christ. At Jesus Christ's death, on the torture stake, Christ's Spirit, which is Holy Spirit, returned to God who gave it. From that day on that Spirit is God's to give to anyone on the basis of faith.

You Are A Christian, The Offspring Of The Last Adam

As you come up from the baptismal water, you come alive with a new Spirit, the Spirit that is from God, which Spirit was also operative in Jesus Christ? You are a Christian, you have become the progeny of the Christ,

and you have become the offspring of the Last Adam, who is called in scripture the Wonderful Councilor, the Eternal Father, the Prince of Peace and the Mighty God, who is the Christ. With this new identity, you instantly become conscious of the Spirit of the Christ, within, the Spirit of which is Holy Spirit, and now you are able to cultivate the fruitage of the Spirit, according to the Book of Galatians chapter 5. The fruitages of the Spirit manifest as love, joy, peace, mildness, kindness, goodness, faith, self-control and log suffering. You are, indeed, a new creation born of water and Spirit.

You Identify With The Christ To Do The Things Pleasing To God

This is what you have learned during the study of this publication. You are indeed a blessed person and you identify with the Christ, to do the things pleasing in Gods sight. You are now happy, because you have an abundance of peace, poise, with love and goodwill, because you have changed consciousness to believe in one power, being God and good. You are a new creation born of water and Spirit.

As A Christian You Have Peace and Poise With Love and Goodwill

By exercising the quality of self-control, you become master of all things, and you have an abundance of peace, poise with love and goodwill. By this, you are able to dissolve all negative thought vibrations. You are blessed indeed.

Read this publication often, and by doing so you grow additional brain cells, with which you are able to understand the writing of this publication, more fully.
